International Trade Reporter Decisions - 1999

Decisions of Federal and State courts and administrative agencies in the field of U.S. import law, with a topical index, classification guide, index digest and table of cases.

The Paradox of Choice - Barry Schwartz 2009-10-13

Whether we're buying a pair of jeans, ordering a cup of coffee, selecting a long-distance carrier, applying to college, choosing a doctor, or setting up a 401(k), everyday decisions—both big and small—have become increasingly complex due to the overwhelming abundance of choice with which we are presented. As Americans, we assume that more choice means better options and greater satisfaction. But beware of excessive choice: choice overload can make you question the decisions you make before you even make them, it can set you up for unrealistically high expectations, and it can make you blame yourself for any and all failures. In the long run, this can lead to decision-making paralysis, anxiety, and perpetual stress. And, in a culture that tells us that there is no excuse for falling short of perfection when your options are limitless, too much choice can lead to clinical depression. In *The Paradox of Choice*, Barry Schwartz explains at what point choice—the hallmark of individual freedom and self-determination that we so cherish—becomes detrimental to our psychological and emotional well-being. In accessible, engaging, and anecdotal prose, Schwartz shows how the dramatic explosion in choice—from the mundane to the profound challenges of balancing career, family, and individual needs—has paradoxically become a problem instead of a solution. Schwartz also shows how our obsession with choice encourages us to seek that which makes us feel worse. By synthesizing current research in the social sciences, Schwartz makes the counter intuitive case that eliminating choices can greatly reduce the stress, anxiety, and busyness of our lives. He offers eleven practical steps on how to limit choices to a manageable number, have the discipline to focus on those that are important and ignore the rest, and ultimately derive greater satisfaction from the choices you have to make.

The Custom of the Country (Romance Classic) - Edith Wharton 2019-12-18

The Custom of the Country tells the story of Undine Spragg, a Midwestern girl who attempts to ascend in New York City society. The Spraggs, a family of midwesterners from the city of Apex who have made money through somewhat shady financial dealings, arrive in New York City at the prompting of their beautiful, ambitious, but socially-naive daughter, Undine. She marries Ralph Marvell, a would-be poet and member of an old New York family that has social status but no longer enjoys significant wealth. Before her wedding, Undine encounters an acquaintance from Apex named Elmer Moffatt. Undine, who had a relationship with Moffatt that might prove embarrassing to her, begs him not to do anything that will endanger her wedding to Ralph. Although Ralph dotes on Undine, his finances do not permit the extravagant lifestyle Undine desires, and Undine begins an affair with the nouveau riche Peter Van Degen, who is married to Ralph's cousin, Clare. She then divorces Ralph in the hope of marrying Peter, but this does not work out. As a divorcee, Undine loses her high position in society, and spends her next years living in North Dakota, New York, and Paris, scheming to scramble up the social ladder again.

Customs Bulletin and Decisions - 2003

Customs Bulletin - 1989

The Green Book - Great Britain. Treasury 2003

This new edition incorporates revised guidance from H.M Treasury which is designed to promote efficient policy development and resource allocation across government through the use of a thorough, long-term and analytically robust approach to the appraisal and evaluation of public service projects before significant funds are committed. It is the first edition to have been aided by a consultation process in order to ensure the guidance is clearer and more closely tailored to suit the needs of users.

Essentials of Psychology, Custom Publication - Douglas A. Bernstein 2001-07

The Teen Relationship Workbook - Kerry Moles 2001

This workbook is for therapists, counselors, and other professionals working with young people to prevent or end relationship abuse.

Designed to teach teens to recognize the warning signs in relationship abuse and develop skills for healthy relationships.

Marketing Thirteenth Edition, Custom Publication - Pride 2005-02

Communication for Couples - Angela Barnes 2013-03-14

Published by CUSTOM BOOK PUBLICATIONS Putting a positive spin on the reality of relationship challenges! Relationships teach us much about others, but often more about ourselves. 'Once upon a time I was struggling in my relationship. I was unhappy, had low self esteem and lacked confidence. People told me I had changed... I wasn't the outgoing, fun loving person I used to be! Sure every relationship has its moments of difficulty and communication doesn't always come easy; especially during moments of conflict. But these moments can be fewer and farther between. In taking some time however to stop and consider the dynamics of the situation each time conflict occurred in my relationship, I found a remedy! I created simple strategies to help me understand and appreciate the source of such conflict, and to enable me to connect and communicate more effectively with my partner. In essence, 'Communication for Couples' focuses on Sowing Seeds not Feeding Weeds! The book uses a blossoming flower as an analogy for the potential growth of a relationship. Each chapter employs a natural element necessary for healthy growth, including: seeds, water, sunshine and fresh air, whilst also acknowledging the reality of weeds... So for those who are tired of giving in, or who feel like giving up... for those who find themselves 'enduring' rather than 'enjoying' their relationship... for those for whom the one person you need to talk to most - proves the most difficult conversation to have... Is it time to stop and REALLY CONSIDER what the UNDERLYING ISSUES are in YOUR RELATIONSHIP? Essentially a Relationship Survival Kit; 'Communication for Couples' by nature is non-technical, non-sexual, and non-spiritual. Rather, it is a straight forward guide delivering practical and interactive, 'common sense' remedies. It encourages individual and couple reflection... helping you to:- Understand Your Partner from a Different Perspective- Identify the Problems with How & What You are Communicating- Identify Strategies to Avoid & Manage Conflict- Relate & Communicate More Effectively with Your Partner As difficult as times may get - Remember You Do Have Choices! Involvement in a relationship is meant to feel good; a positive experience to be shared, an adventure in growth. This 'little red book' simply helps you to make your relationship the best it can be! 'Communication is the Life of Relationships!'

The Custom of the Country - Edith Wharton 2015-03-30

The Custom of the Country tells the story of midwestern family's rise to riches and their daughter's attempts to survive New York City high society. The story tells of her scramble from one marriage to another in an attempt to "have it all" and find love at the same time. This Xist Classics edition has been professionally formatted for e-readers with a linked table of contents. This eBook also contains a bonus book club leadership guide and discussion questions. We hope you'll share this book with your friends, neighbors and colleagues and can't wait to hear what you have to say about it. Xist Publishing is a digital-first publisher. Xist Publishing creates books for the touchscreen generation and is dedicated to helping everyone develop a lifetime love of reading, no matter what form it takes

Emotion and Its Relationship to Acceptance, Food Choice, and Consumption: The New Perspective - Witoon Prinyawiwatkul 2021-03-30

Food is a source of nutrients but it also provides basic pleasure and aesthetic experiences. Acceptance, food choice, and consumption are affected by many factors, including both intrinsic and extrinsic factors and cues, as well as consumer characteristics. Food-elicited emotions are becoming a critical component in designing products that meet consumers' needs and expectations. Several studies have reported on the presence of emotional responses to food and the relationships of these to product acceptability, preference, and choice. This Special Issue brings together a small range of studies with a diversity of approaches that provide good examples of the complex and multidisciplinary nature of this subject matter.
