

Dolls Toys At The Essex Institute

Wisteria House - Susan J. Montgomery 2022-01-25
Wisteria House: Life in a New England Home, 1839-2000 tells the story of the lives lived in a particular house in a particular town at a particular time based on the buildings, furnishings, clothing, personal effects, photographs, correspondence, and financial papers of two upper-middle class families.

Toys in the Age of Wonder - Mark Rich 2020-09-09

By the middle 1800s, toys were appearing in forms that drew upon--and that inspired--advances in areas such as optics, biology, geography, transportation, and automation. In these decades, too, a new type of wonder tale was being brought to maturity by a Poe-inspired Jules Verne. The modern wonder tale's highly-charged vision expressed the hopes and the fears, and the delights and the traumas, engendered by "new worlds idealism"--that Western pursuit of both mechanical and geographical conquest. Exploring realms belonging to childhood, literature, science, and history, this innovative study weaves together the histories of wonder tales and children's toys, focusing specifically on their modern aspects and how they reflect

and express the social attitudes of that time period beginning around 1859 and ending around 1957.

History of Early Childhood Education - V. Celia Lascarides
2013-05-13

History of Early Childhood Education presents a thorough and elegant description of the history of early childhood education in the United States. This book of original research is a concise compendium of historical literature, combining history with the prominent and influential theoretical background of the time.

Covering historical threads that reach from ancient Greece and Rome to the early childhood education programs of today, this in-depth and well-written volume captures the deep tradition and the creative knowledge base of early care and education. History of Early Childhood Education is an essential resource for every early childhood education scholar, student, and educator.
Antiques - 1977-09

Art Books - 1979

Including an international directory of museum permanent collection catalogs.

Salem, Massachusetts - Stephen J. Schier 1998-08-01
Including many images that have never been published, Salem, Massachusetts Volume II captures one of America's most historic cities from the 1870s to the third quarter of the twentieth century. The photographs, drawn mainly from private collections, document the citizens of the area, their institutions, and their celebrations, as well as the neighborhoods that make up this vibrant city. Salem, Massachusetts Volume II represents an important contribution to the recorded history of the area and is a wonderful companion to the author's first book. This impressive pictorial collection will surely occupy a valued place on the bookshelves of residents and area historians for many years to come.

Play and Playthings - Bernard Mergen 1982-12-20
