**Duck Season Death** June Wright 2014-12-21 June Wright wrote this lost gem in the mid-1950s, but consigned it to her bottom drawer after her publisher foolishly rejected it. Perhaps it was a little ahead of its time? Because while it's a tour de force of the classic 'country house' murder mystery, it's also a delightful romp, poking fun at the conventions of the genre. When someone takes advantage of a duck hunt to murder publisher Athol Sefton at a remote hunting inn, it soon turns out that virtually everyone, guests and staff alike, had a good reason for shooting him. Sefton's nephew Charles thinks he can solve the crime by applying the "rules of the game" he's absorbed from his years as a reviewer of detective fiction - only the killer evidently isn't playing by those rules. *Duck Season Death* is both a fiendishly clever whodunit and a marvellous entertainment.

**Terry Funk** Terry Funk 2006 This is the story of the life and career of unpredictable former professionalwrestling star Terry Funk, known around the world as The Hardcore Legend.

**The Duck Commander Family** Willie Robertson 2014-08-12 Presents a behind-the-scenes look at the Roberston family, documenting the teenage romance and marriage of Willie and Korie Robertson, their success as a multi-million dollar hunting equipment business, and their rise to stardom on reality television.

Duck Duck Wally Gabe Rotter 2008-08-19 Harboring a solitary lifetime goal of publishing his collection of erotic bedtime stories, frumpy thirty-something writer Wally Moscovitz hides his identity as a ghostwriter for the world's most famous rapper, whose career depends entirely on keeping the secret. Reprint. 25,000 first printing.

**The Super-Absorbent, Biodegradable, Family-Size Baby Blues** Rick Kirkman 1997-09 "Baby Blues is one of the truest and funniest accounts of raising a baby ever to grace the comics page." -- Lynn Johnston, creator of For Better or For Worse When little Zoe MacPherson was born, she was the darling of the comics page. The daily antics of her parents, Wanda and Darryl, struggling to learn the nuances of being a mom and dad struck millions as all-too-real and all-too-hilarious! As Zoe has grown into a toddler--and welcomed baby brother Hamish into the family--the MacPherson clan has become an even bigger part of our daily lives. Even people who aren't parents cherish Baby Blues for its amusing artwork and spirited stories. The MacPhersons have entertained us with their calm approach to chaos for years. These two educated people attempt to apply logic and the wisdom of parenting manuals to the raising of their family, and then discover exhaustion bends all the rules. The strip captures real-life emotions, from the battle to get Zoe strapped into a car seat to trying to convince her that she's too old for her crib. Artist Rick Kirkman and writer Jerry Scott have recreated the family-strip genre with their warm and witty takes on child-rearing. In **The Super-Absorbent, Biodegradable, Family-Size Baby Blues**, the duo relives the stories behind their favorite strips, allowing their many fans a glimpse into their own frazzled worlds. In addition, they've selected from among material since the strip began. This **Baby Blues** treasury is a must-have for **Baby Blues** fans everywhere, many of whom love the MacPhersons as if they were favorite members of their own dear families.

stockpiling food, and waiting for the Apocalypse. It's not a scene that Georgie has ever had much to do with until her brother Jerry starts specializing in building Bug-Out vehicles and selling Get Out Of Dodge packs. Unfortunately, Jerry draws the attention of some of the more extreme members of the survivalist movement—and it's not only his expertise in building the ultimate bug-out vehicle that they want! They are seeking information that he's not ready to give, and very quickly he realizes that his usual charm isn't going to work with this crew. Georgie, struggling right now to read anyone's fortune, still manages to catch a glimpse of a dangerous time ahead for Jerry and Tammy, but by the time she gets word to them, it's all too late. Jerry has disappeared, communication has broken down, and his fate is in the hands of a couple of gypsy fortune-tellers: his great-grandma Rosa and his sister Georgie. The Crystal Ball Investigation Team sets off in hot pursuit, armed with a crystal ball that appears to go to sleep when it feels like it and only a vague sense of where Georgie's missing brother might be. Now if Jerry can just stay alive until they get there...

**The Evening Star** Larry McMurtry 2010-06-01 The earthy humor and the powerful emotional impact that set McMurtry's *Terms of Endearment* apart from other novels now rise to brilliant new heights with *The Evening Star*. McMurtry takes us deep into the heart of Texas, and deep into the heart of one of the most memorable characters of our time, Aurora Greenway—along with her family, friends, and lovers—in a tale of affectionate wit, bittersweet tenderness, and the unexpected turns that life can take. This is Larry McMurtry at his very best: warm, compassionate, full of comic invention, an author so attuned to the feelings, needs, and desires of his characters that they possess a reality unique in American fiction.

Grandad said that day Webster first went missing. How if you spend too much time dwelling on the things you've lost, you might not notice what you've got in its place. And how sometimes those things can be just as wonderful. But in a different way. Sarah is turning twelve. For the last ten years, ever since her dad mysteriously left, Sarah and her mom have always celebrated together for an entire birthday week. But when Sarah finds out that this year her mother has to work, and that she's signed Sarah up last minute for a week of culinary school instead, things go from bad to worse. At least the camp has agreed to let Sarah bring her duck, Webster. Sarah knows that with Webster by her side, she can handle whatever comes her way. But then Webster goes missing, just as Sarah's search for her absent father comes up empty as well. Will she have to say yet another painful goodbye? In a story about love, friendship, search for identity, and the hardship of loss, Sarah finds joy and strength in unexpected friendships and learns that when we focus so much on chasing answers, we can forget to notice what we already have.

**The Changing Vampire of Film and Television** Tim Kane 2006-10-05 Vampires have been a fixture of film since Bela Lugosi brought Bram Stoker's Dracula to life on the big screen in 1931. Over the decades the genre has been far from static, as vampire narratives changed and evolved with the appetites of their viewing public. First depicted as formally dressed villains, vampires would later be portrayed as supernatural beings with some human characteristics, and still later as sympathetic figures. Focusing on 19 representative films and television productions, this critical study tracks the evolutionary changes of the screen vampire. It explores the factors that cause a genre to change and examines the alternating cycles of audience expectation. The author identifies

three distinct modes of depiction: the Malignant Cycle (1931-1948), comprised primarily of the Universal films; the Erotic Cycle (1957-1985), which encompasses Hammer films and popular television shows such as Dark Shadows; and the Sympathetic Cycle (1987-present) including recent offerings such as The Lost Boys, Interview with the Vampire and Buffy the Vampire Slayer. Each film is evaluated in seven key areas including the act of the vampire biting the victim; process of the victim's infection; physical appearance and demeanor of the vampire and the vampire expert; and the eventual destruction of the vampire. Appendices include a complete filmography of the films examined. Instructors considering this book for use in a course may request an examination copy [here](#).

**Head Cleaner** David James Keaton 2023-01-31 HEAD CLEANER is a hugely original blend of thriller, science fiction, and horror that takes our love of nostalgia to task for its morbid obsessions with dead media and dead-end jobs: Clerks meets Black Mirror (with a little Groundhog Day and Russian Doll thrown in for good measure): The last Blockbuster video store in the United States is hanging on by a thread. And after a crazy night attempting to track down a lost VCR rental to collect the record-setting and internet-famous late fee, three employees, idealistic Eva, cinephile Jerry, and their tyrannical manager Randy, discover that this machine may actually have the power to change the endings of popular films, which, depending on the historical basis of the film, might also be changing the real world around them. Or could this just be an elaborate, increasingly deadly prank? When they begin receiving videotapes and voicemails seemingly depicting their deaths, Eva, Jerry, and Randy scramble to keep the VCR from falling into the wrong hands. And as one action-packed evening begins to seemingly repeat itself (or does it?), scores are settled and unwanted confessions begin to fly, until a Final Girl finally unravels a grand psychological experiment orchestrated at the

**Georgie B. Goode Vintage Trailer Mysteries Books 1-5** Marg McAlister 2016-10-24

"ABSOLUTELY WONDERFUL READS!" Take one eighth-generation gypsy who is unwilling to admit that she has a gift for foretelling the future. Add a likable and slightly eccentric group of friends who love the retro lifestyle and follow Georgie into one madcap adventure after another... .. and you have a foolproof recipe for a unique mystery series! Forget the body count - you won't find dead bodies piling up here: just intriguing puzzles that need a gypsy fortune-teller (and her friends) to unravel the clues! Here's just a little of what they're saying about this series on Good Reads: "Well, I read all of them in about a week! Great, fantastic, Awesome. Enough of that. The health department is probably on the way to close up my home... Got nothing done for a week. They were absolutely wonderful reads. I would recommend them to anyone that likes a good mystery, love story, fun books!" (Blanche Wegman) "I love everything about these books and that makes it easy to review but I'm always worried about giving too much away if I said everything I wanted to say. So I'll keep it short by saying this. If you don't read these books, you'll miss out on some of the best writing you could ever read..." (Karen) "Can't stop raving about this series!!" "Each book tells its own fantastical tale about Georgie and her family and group of friends solving a different puzzle of one kind or another. Marg is VERY inventive and hasn't written about any case twice. Love these books! Way to go Marg McAlister! I'm rushing off to read the next one now!" (Stephanie Villere) 5 BOOKS - 5 GREAT READS! Book 1: Good to Go When\_ Georgie B. Goode decides to take to the road in a vintage gypsy trailer, she finds herself up to her neck in trouble from the very first stop. That crystal ball her great-grandma Rosa insisted she take with her seems to be trying to tell her something...but what? help her falsely-accused husband, Georgie just can't bring herself to say 'no'. With the help of her crystal ball and her amateur team of investigators, she starts following the trail—and ends up entangled in a web of lies. Book 3: Good Riddance One of Georgie's first customers at an RV park in Santa Monica is a teenage boy who seems more set on having her arrested rather than seeking her help. Georgie can sense that there's more behind his football-jock muscles and acne scars than meets the eye, so she keeps digging - but as the plot thickens, she finds herself calling on her fledgling Crystal Ball Investigation Team for help. What they lack in experience, they make up for in ingenuity! Book 4: Up to No Good If ever there was a stark contrast to the fun of the retro scene with its rockabilly fun and gorgeous little homes on wheels, it would have to be preppers, stockpiling food and waiting for the Apocalypse. It's not a scene that Georgie has ever had much to do with, until her brother Jerry starts specializing in building Bug-Out vehicles and selling Get Out Of Dodge packs. Then Jerry disappears—and his fate is in the hands of a couple of gypsy fortune-tellers: his great-grandma Rosa and his sister Georgie. Book 5: In Good Hands Jaxx Saxby is widely known as "The TV Presenter from Hell", so it's a very reluctant Georgie that finds herself back in Elkhart to take part in a cable TV special. Jaxx, unfortunately, has decided that the mammoth Johnny B. Goode RV Empire is a perfect fit for her show. During a crystal ball reading recorded on camera, Georgie realizes that Jaxx is in grave danger —but where is that threat coming from?

Snake Hunting on the Devil's Highway Richard Lapidus 2006-10 On his first snake hunting trip to southeastern Arizona, the author was taunted and belittled by the owner of a small caf because he expressed a fear of insects. The author extracted revenge by releasing a large rattlesnake in the crowded eatery. That's where the fun begins in this humorous accounting of the true-life trials and tribulations of two unlikely friends, Richard Lapidus and Buz Lunsford, as they traveled hundreds of miles each summer to spend a few days and nights hunting for snakes, and found themselves in the middle of situations (sometimes dangerous--always funny), mainly around the Chiricahua National Monument and Highway 666. More than snakes were encountered on the summer trips, however; and, through humorous short stories, other desert creatures are discussed, including bats, arachnids, lizards, frogs, toads, turtles, birds, skunks, insects, spiders, rabbits, coatimundis, rangers, law enforcement officials and other unusual two and four-legged critters. As Master of Ceremonies of the Warren Earp Days and Western Book Exposition in 2002, Richard Lapidus stood before the

large group and told the story of his first snake hunting trip to that very city of Willcox, Arizona. There was so much laughter and good cheer that Richard was overwhelmed. He later dusted off his notes, and with the assistance of many people, assembled the stories in this collection.

**Adventures in Superfund** B. A. Nieveen 2023-02-08 The EPA came to numerous towns in the mining west armed with a computer program that they were certain was more accurate than any testing method for determining blood lead that was currently known to man. The EPA accepted the computer output as near sacred, while they mocked real-life, raw data. This resulted in declaring a phony health hazard, followed by the labeling of properties with the death kiss of Superfund. Complaints ensued, with the most legitimate protests coming from innocent victims. Congress had created this legal mutant but could not or would not fix it. Meanwhile, the courts were of little remedy since judges jumped from their lonely, intellectual orientation onto the chummy, buffoonery, chessboard of Democrats and Republicans. That platform that has lost its own moral up and down, all the while the courts get to dissect laws so far beyond sunlight that the consideration of common sense is beyond the pale. This is the story of several communities' battle with an immoral, misguided law.
