Men Are Stupid Richard D. Wright, Jr. 2019-10-22 If you've lost your ex, not all hope is lost! In fact, you have every chance in the world to get your former partner back. And this book is one of the essential keys to doing it. You may have been advised to follow your heart if you wish to have the person you love back at your side. While that's certainly good advice, it is not all you should do. At the end of the day, you need to think of reconciliation as a goal. If you have a goal, then the next thing you need is a plan and a strategy. That means planning, considering the pros and cons, and carefully weighing your options. However, with this book you're in the best position to get your ex back - and it starts the very moment you start reading and implementing what I teach you. This book will explain some very simple tactics that can give your ex a completely different view of the person you are and get her to fall in love with you all over again. But more importantly, I will help you determine exactly why you lost her in the first place, how to shift your focus from her onto you to break the energy attachment, and show you how to keep her this time by actually becoming a better man and being her best option. While it may seem completely counter-intuitive but focusing on yourself is the critical first step in getting your ex back and keeping her. This book will start from square one and lead you through all the steps to getting the woman you've been after, whether it's your ex or someone even better. We cover the essentials to developing yourself so that you are attractive to women. How to determine what type of woman is best for you. How to pull off the romance she so desperately wants. And most importantly to your success, how to build your own self-confidence so that you are comfortable doing anything. If you master the techniques presented in this book, you will have all of the tools necessary to make women find you irresistible. I titled the book "Men Are Stupid" because so many men spend so much time and energy trying to play games and manipulate women all in an effort to "trick" her and get her into bed. I said men are stupid because they fail to realize that women are incredible creatures and are just as, if not more, sexual and sensual than men. They want sex just as much as we do. You don't need to play games or tricks. You just simply need to understand that women get turned on from the inside out. You must seduce her mind first, then everything else will open. The best way to find and maintain a relationship with a woman is to first understand how she operates, what turns her on, and how to keep her interested. Once you understand these key points you will unlock the secrets of seducing a woman. The first thing to do is to get inside her mind, and determine her inner workings. Once you truly understand how she works, everything else will fall into place. Good Luck in your journey!

**Approaching Women** Steve Dean 2021-02-02 Do you want to learn practical ways to seducing her, take her on date, getting her into the bed and win her heart? Do you want to learn the Secrets to eliminate anxiety and increase your social confidence? If yes, then keep reading... The idea of remaining objective rather than subjective is to provide you with clarity. The way you remain objective is to remove your ego from all social interactions with women. For example, picture the woman you want to approach online or in person as a friend of yours. Assume you already know her; this will help calm your nerves for the initial approach. This works especially well if you get anxious just before a first date. The reason you want to picture her as a friend is because it removes that mental block of thinking she is a complete stranger thus freaking yourself out for no reason. Remember in your mind you may be intimidated to be around her but to me or any other guy she would just be another girl. She only holds the value you create. How crazy is it for you to think someone is too good for you just based on her outer appearance? Unless you're psychic there is no way to assume this. Now, since you are human you may still feel slightly hurt if you misinterpret selection for rejection. If you still feel bothered or hurt then do something that will bring your confidence back up. Say to yourself: I am the captain of my fate, the master of my soul; I have the power, only I am in control and I now release myself of this negative thought. So if you are getting nervous being around or even approaching just know that you are the only one who is provoking that state of mind. The guy who is able to remove his ego from the social situation knows that even if he doesn't get the desired outcome he wants from the approach or from the date, he is remaining objective because what others think or feel of you have no tangible power over you, meaning if you want freedom you can't let someone else dictate your state of mind. You are special, there is only one of you in the entire world, so the woman who you decide to give a chance to just won the lottery. When you become the best version of yourself you will no longer have approach anxiety. Start small-talk with strangers every now and then, make more eye contact with people, and smile more. This will dramatically increase your comfort level when you realize there is nothing to fear. The invisible obstacle of approach is non-existent, because the obstacles you place in front of yourself I can't see, therefore have no effect over me and I will approach whoever I want. Like Shakespeare said, "Nothing is either good or bad, only thinking makes it so." This book gives a comprehensive guide on the following: How to attract women What is approaching The best ways to approach Warm approaches Eliminating approach anxiety How to beat insecurity and neediness Tell yourself you're great how to flirt with a woman over texts How to get the guy of your dreams. How to have confident body language Kick things off with light flirting Texting tips to get more dates Why women don't like "nice guys" ... AND MORE!!! What are you waiting for? Click buy now!!

[Currently, buy the Paperback and get the Kindle eBook included for free. Soon, it won't be free] If anyone had told me I'd be amazing and confident in getting women some years ago, I wouldn't believe. I have been through what you're going through. I was scared to approach and talk to the women I liked. After so much frustration, I decided enough was enough-just the same way you have finally decided and ended up here, which is the best place to discover all the things dating gurus will never tell you about approaching beautiful women the right way. In Chapter 1, WWWW, we gave a list of words that'll appear as we learn the craft of approaching a woman. We discussed the only two types of ways to woo her which are ID (In-Direct opener) and DO (Direct Opener), and how they're applied with examples. We looked into nervousness. We looked into the Five WWWWs of starting a conversation with a woman which are: Where, When, Why, What, & Which. And we finally added extra examples of DO and ID. In Chapter 2, Operation Rejection, shortened as ORej. We talked on approaching women while having rejection as your most important outcome. If you're not rejected, it's a failure. Being rejected is a success. We looked into 7 different "How Tos" which are: how to woo a seated girl (in any settings); how to woo in class, school, gym centers, gatherings, events and parties; how to woo at the workplace or in an office; how to woo a girl who makes you nervous; how to woo a stubborn girl; how to woo a girl at the market or mall, and how to woo a girl on the queue (any queue) with some examples for each. In Chapter 3, ON/OFF, we discussed how Push and Pull (PP) works with some examples. We talked on the types of push and pull. We also looked into things you'll have or be that'll make you never to be nervous around girls. We gave an example on building rapport with Sad Anchor and other explanations. In Chapter 4, look inside to see what it's all about. In Chapter 5, Accidental Accusation, we talked on how to accuse a girl to start a conversation. This technique gets a woman hooked with curiosity. We looked into psychological compliments and humor with some examples of how they work. We briefly discussed how to treat a woman and how to book a date. I told some personal stories and gave some examples. We also discussed one of the keys to dating. We talked about flaking and how to handle women's insult and convert them to compliments. In Chapter 6, Legends' Magic. This is one of the most important chapters, because we gave some brief explanations on other things and finally looked into the magic formula to come up with your personal conversations. We discussed the mighty EARTH formulas. The three types and gave an example of each. We have iEarth, EARTH, and EARTHics. In Chapter 7, Kidding, we gave a list of childish and stupid pick-up lines which will not make sense to men, but women will laugh when they hear some of them. We gave an example on iSHY wooing/chatting technique. In Chapter 8, Mindset. We talked on how you should not start a conversation from the beginning, but always from the middle. We talked on how to woo a lady you haven't seen before. We equally discussed how to use arrogance and humor to woo a lady. We discussed a good-bad boy and a typical bad boy and much more Finally, we revealed something that'll FOREVER change your life in the dating game and stay ahead of other men with picture illustrations. Because of this, they try all kinds of "seduction tactics" to attract women, and only end up with low-quality women and terrible relationships. **How to Get Hitched (and Stay Hitched)** Suzanne Venker 2021-08-31 Degree? Check. Career? Yup. Money? In the bank. Marriage? America is single. It's divorced, under committed, and hopelessly out of touch with how to build a relationship that lasts. Women, in particular, are groomed for a life centered on career and on being fiercely independent--as though marriage and family were a nice idea, or a possible accompaniment, to an otherwise satisfying life. But if flying solo is so great, why are online dating sites a billion-dollar industry, replete with clients looking to get hitched? In *How to Get Hitched (and Stay Hitched)*, author and marriage coach Suzanne Venker claims women need a detox from the bogus cultural narratives they've absorbed about men, sex, marriage, work and family. If you're a woman who wants a successful love life (not just a successful professional life), you're going to need a brand new roadmap. And now you have one. Here is just a sampling of the 12 steps: - Get over yourself - Find your feminine - Get a ring, not a roommate - Marry the accountant, not the artist - Know your body A call to arms, *How to Get Hitched (and Stay Hitched)* will ignite a much-needed debate about the misplaced priorities of the modern generation. It is the antidote women need to reject the lies they've been fed by our culture so they can build the happy, balanced lives they crave. "You have massively impacted the way I see and deal with men. Because of you, I started dating with a clear goal in mind (marriage and children) and also with discipline. At 25, this led me to my now boyfriend who soon will be my fiancé, husband, and hopefully father of my children. Thank you from the bottom of my soul for the enlightening and truthful work that you share with the world!" "The world and my own mother haven't spoken to me about any of this. Schools and the media taught me that career comes first and that I would be happy even without getting married and not having children. I thought what I was feeling wasn't quite normal until I found your work. Thank you sooo much, Suzanne!" - Lily from Australia "I love sharing Suzanne with jaded lonely girlfriends, lol." - Annie

**Women Dictionary for Men** Thato Gaboitsiwe 2014-08-01 We all have experienced the fury of a woman being it a mother, sister, girlfriend, wife, friend or a stranger and when a woman is angry, the universe halts - oh, yes it does. If somehow the person she is angry with is close to her heart then they are in the worst possible calamity that they could find themselves in as she would rather concentrate on being angry with them than try to explain why she is mad at them. Women are intuitive people; they usually know when something is wrong with someone close to them and are mindful of small things that mean a lot to them (she will easily remember the doctor's appointment that you mentioned to her weeks ago in passing). What men don't get is, women expect the same thing from their better halves. It is not that they want you to read their minds, no, they simply want you to be sensitive to their feelings and say correct things or act in the most appropriate manner at most time - of course we know how 'difficult' it is for you to keep up. An understanding to a woman's mind is like a rare and delightful joyride; it is like hitting a home-run and if you are one of the few men who have mastered this art then you must by all means cherish it at all-time. This booklet is for men (and women) who really want to hold conversation with women in their lives without getting lost in translation. If you have been confused by what a woman said then this book is for you. Men are on the other hand, are different species altogether - they always say what is on their mind sometimes louder than they ought to. We will also like to acknowledge a few (yes, a few) women who do not find it hard to be upfront with their feelings - kudos to you! This book will help you to understand women better and you never find yourself in difficult situation whenever you hold a conversation with women.

**Models** Mark Manson 2017-09-11 "You can become irresistibly attractive to women without changing who you are." So says Mark Manson, superstar blogger and author of the international bestseller, The Subtle Art of Not Giving A F\*ck, a self help book that packs a punch. Mark brings the same approach to teaching men what they need to know about attracting women. In Models he shows us how much it sucks trying to attract women using the tricks and tactics recommended by other books. Instead, he says, men need to focus on seduction as an emotional process not a physical or social one. What matters is the intention, the motivation, the authenticity. To improve your dating life you must improve your emotional life - how you feel about yourself and how you express yourself to others. Funny, irreverent and confronting, Models is a mature and honest guide on how a man can attract women by giving up the bullsh\*t and becoming an honest broker. "A detailed guide to modern sexual ethics" Sydney Morning Herald "There's nothing subtle about Mark Manson. He's crude and vulgar and doesn't give a f\*ck . . . He's as painfully honest as he is outrageously funny" Huffington Post
