De-Bordering Korea - Valérie Gelézeau 2013-05-02

As tensions remain on the Korean peninsula, this book looks back on the decade of improved inter-Korean relations and engagement between 1998 and 2008, now known as the 'Sunshine Policy' era. Moving beyond traditional economic and political perspectives, it explores how this decade of intensified cooperation both affected and reshaped existing physical, social and mental boundaries between the two Koreas, and how this 'de-bordering' and 're-bordering' has changed the respective attitudes towards the other. Based around three key themes, 'Space', 'People', and 'Representations', this book looks at the tangible and intangible areas of contact created by North-South engagement during the years of the Sunshine Policy. 'Space' focuses on the border regions and discusses how the border reflects the dynamics of multiple types of exchanges and connections between the two Koreas, as well as the new territorial structures these have created. 'People' addresses issues in human interactions and social organizations, looking at North Korean defectors in the South, shifting patterns of North-South competition in the 'Korean' diaspora of post-Soviet Central Asia, and the actual and physical presence of the Other in various social settings. Finally, 'Representations' analyses the image of the other Korea as it is produced, circulated, altered/falsified and received (or not) on either side of the Korean border. The contributors to this volume draw on a broad spectrum of disciplines ranging from geography, anthropology and archaeology, to media studies, history and sociology, in order to show how the division between North and South Korea functions as an essential matrix for geographical, social and psychological structures on both sides of the border. As such, this book will appeal to students and scholars from numerous fields of study, including Korean studies, Korean culture and society, and international relations more broadly.

The Korean - Africa Byongchan Yoon 2021-11-17

Africa Yoon née Engo was about to turn 30. She was a celebrated activist working in Manhattan and around the world when she found she had gained 120 pounds and was obese. She realized she needed a life beyond her work and dreamed about having a husband and children. For her dream to come to fruition, she must work on herself to achieve her goal. The activist starts on the road toward the greatest cause of her career—to save herself—and decides she will do a spiritual and physical makeover to find self-love in hopes it may lead to true love. One afternoon at the Asian grocery store H Mart, a Korean grandmother calls her fat! After the initial embarrassment of the public moment, the two begin an unusual friendship that leads her to eating kimchi—and that moment changes everything. This memoir is full of culture, food, inspiration, and travel in this ugly-duckling-turned-swan transformation story, not unlike the self-discovery and romance vein of *Sex and the City*.

On the Move for Love - Sealing Cheng 2011-11-29

Since the Korean War, gijichon—U.S. military camp towns—have been fixtures in South Korea. The most popular entertainment venues in gijichon are clubs, attracting military clientele with duty-free alcohol, music, shows, and women entertainers. In the 1990s, South Korea's rapid economic advancement, combined with the stigma and low pay attached to this work, led to a shortage of Korean women willing to serve American soldiers. Club owners brought in cheap labor, predominantly from the Philippines and ex-Soviet states, to fill the vacancies left by Korean women. The increasing presence of foreign workers has precipitated new conversations about modernity, nationalism, ethnicity, and human rights in South Korea. International NGOs, feminists, and

media reports have identified women migrant entertainers as "victims of sex trafficking," insisting that their plight is one of forced prostitution. Are women who travel to work in such clubs victims of trafficking, sex slaves, or simply migrant women? How do these women understand their own experiences? Is antitrafficking activism helpful in protecting them? In *On the Move for Love*, Sealing Cheng attempts to answer these questions by following the lives of migrant Filipina entertainers working in various gijichon clubs. Focusing on their aspirations for love and a better future, Cheng's ethnography illuminates the complex relationships these women form with their employers, customer-boyfriends, and families. She offers an insightful critique of antitrafficking discourses, pointing to the inadequacy of recognizing women only as victims and ignoring their agency and aspirations. Cheng analyzes the women's experience in South Korea in relation to their subsequent journeys to other countries, providing a diachronic look at the way migrant issues of work, sex, and love fit within the larger context of transnationalism, identity, and global hierarchies of inequality.

Korea of the Japanese - Henry Burgess Drake 1930

[An American Rabbi in Korea](#) - Milton Jehiel Rosen 2004-06-24

A firsthand account of the American Jewish experience on the front lines of the Korean War During the height of the Korean conflict, 1950-51, Orthodox Jewish chaplain Milton J. Rosen wrote 19 feature-length articles for *Der Morgen Zhornal*, a Yiddish daily in New York, documenting his wartime experiences as well as those of the servicemen under his care. Rosen was among those nearly caught in the Chinese entrapment of American and Allied forces in North Korea in late 1950, and some of his most poignant writing details the trying circumstances

that faced both soldiers and civilians during that time. As chaplain, Rosen was able to offer a unique account of the American Jewish experience on the frontlines and in the United States military while also describing the impact of the American presence on Korean citizens and their culture. His interest in Korean attitudes toward Jews is also a significant theme within these articles. Stanley R. Rosen has translated his father's articles into English and provides background on Milton Rosen's military service before and after the Korean conflict. He presents an introductory overview of the war and includes helpful maps and photographs. The sum is a readable account of war and its turmoil from an astute and compassionate observer.

The Knowland Retribution - Richard Greener 2011-07-08

With tainted meat the weapon and corporate greed the motive, *The Knowland Retribution* is an extremely topical suspense-revenge thriller. Walter Sherman, a/k/a the Locator, is a tracker who honed his skills in Vietnam. The colorful cast of characters also includes Sherman's two friends--a bartender with a mysterious past and an old black man who smokes like a chimney; a feisty young woman who writes obituaries for the *New York Times*; a southern lawyer who has lost everything and has only one thing to live for; and a group of Wall Street investment bankers who make a deadly decision. The action takes the reader from a tiny Caribbean bar on the island of St. John to the editorial boardroom of the *New York Times*, from the gleaming skyline of Atlanta to the isolation of northern New Mexico, from Adirondack hideouts to Manhattan suites to Mississippi backwoods. This complex and compelling mystery thriller is the first in a series featuring Walter Sherman as the Locator.

Women of Korea - 1987

Kim Jiyoung, Born 1982 - Cho Nam-Joo 2020-02-20

A GUARDIAN 'ONE TO LOOK OUT FOR 2020' A RED MAGAZINE 'CAN'T WAIT TO READ' BOOK OF 2020 THE MULTI-MILLION-COPY SELLING SOUTH KOREAN SENSATION THAT HAS GOT THE WHOLE WORLD TALKING Kim Jiyoung is a girl born to a mother whose in-laws wanted a boy. Kim Jiyoung is a sister made to share a room while her brother gets one of his own. Kim Jiyoung is a female preyed upon by male teachers at school. Kim Jiyoung is a daughter whose father blames her when she is harassed late at night. Kim Jiyoung is a good student who doesn't get put forward for internships. Kim Jiyoung is a model employee but gets overlooked for promotion. Kim Jiyoung is a wife who gives up her career and independence for a life of domesticity. Kim Jiyoung has started acting strangely. Kim Jiyoung is depressed. Kim Jiyoung is mad. Kim Jiyoung is her own woman. Kim Jiyoung is every woman. Kim Jiyoung, Born 1982 is the life story of one young woman born at the end of the twentieth century and raises questions about endemic misogyny and institutional oppression that are relevant to us all. Riveting, original and uncompromising, this is the most important book to have emerged from South Korea since Han Kang's *The Vegetarian*. Praise for Kim Jiyoung, Born 1982 'It describes experiences that will be recognisable everywhere. It's slim, unadorned narrative distils a lifetime's iniquities into a sharp punch.' *The Sunday Times* 'A ground-breaking work of feminist fiction' *Stylist* 'Along with other socially critical narratives to come out of Korea, such as Bong Joon-ho's Oscar-winning film *Parasite*, her story could change the bigger one.' *The Guardian* 'This witty, disturbing book deals with sexism, mental health issues and the hypocrisy of a country where young women are "popping caffeine pills and turning jaundiced" as they slave away in factories helping to fund higher education for male siblings.' *The Independent* 'Enthralling and enraging.' *Sunday Express* 'Cho's moving, witty and powerful novel forces us to face our reality, in which one woman is seen, pretty much, as

interchangeable with any other. There's a logic to Kim Jiyoung's shape-shifting: she could be anybody.' *Daily Telegraph*

The Politics of Gender in Colonial Korea - Theodore Jun Yoo 2014-05-29

This study examines how the concept of "Korean woman" underwent a radical transformation in Korea's public discourse during the years of Japanese colonialism. Theodore Jun Yoo shows that as women moved out of traditional spheres to occupy new positions outside the home, they encountered the pervasive control of the colonial state, which sought to impose modernity on them. While some Korean women conformed to the dictates of colonial hegemony, others took deliberate pains to distinguish between what was "modern" (e.g., Western outfits) and thus legitimate, and what was "Japanese," and thus illegitimate. Yoo argues that what made the experience of these women unique was the dual confrontation with modernity itself and with Japan as a colonial power.

Current Background - 1974-12-23

In North Korea - Nanchu 2010-07-27

This is an account of an American woman's recent travels through North Korea. Throughout her journey, she continually witnessed rundown villages, starving children with hollow eyes, haggard women crawling in the fields for single grains of rice and civilians unloading food aid at the point of bayonets. The author predicts that North Korea's economic reform, which has just started, will progress slowly, but that the country will one day be open to the outside world. It may, however, take another twenty years for this reform to be complete. Small, reluctant changes have already happened though, and this book expresses optimism that one day the North Korean people will end their isolation and join the world's mainstream.

If I Had Your Face - Frances Cha 2020-04-21

A riveting debut novel set in contemporary Seoul, Korea, about four young women making their way in a world defined by impossible standards of beauty, after-hours room salons catering to wealthy men, ruthless social hierarchies, and K-pop mania "Powerful and provocative .

. . . a novel about female strength, spirit, resilience—and the solace that friendship can sometimes provide.”—The Washington Post NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Time • NPR • Esquire • Bustle • BBC • New York Post • InStyle Kyuri is an achingly beautiful woman with a hard-won job at a Seoul “room salon,” an exclusive underground bar where she entertains businessmen while they drink. Though she prides herself on her cold, clear-eyed approach to life, an impulsive mistake threatens her livelihood. Kyuri’s roommate, Miho, is a talented artist who grew up in an orphanage but won a scholarship to study art in New York. Returning to Korea after college, she finds herself in a precarious relationship with the heir to one of the country’s biggest conglomerates. Down the hall in their building lives Ara, a hairstylist whose two preoccupations sustain her: an obsession with a boy-band pop star, and a best friend who is saving up for the extreme plastic surgery that she hopes will change her life. And Wanna, one floor below, is a newlywed trying to have a baby that she and her husband have no idea how they can afford to raise in Korea’s brutal economy. Together, their stories tell a gripping tale at once unfamiliar and unmistakably universal, in which their tentative friendships may turn out to be the thing that ultimately saves them.

Genre, Reception, and Adaptation in the 'Twilight' Series - Anne Morey 2016-04-15

Much of the criticism on Stephenie Meyer's immensely popular 'Twilight' novels has underrated or even disparaged the books while belittling the questionable taste of an audience that many believe is being inculcated with anti-feminist values. Avoiding a repetition of such reductive critiques of the series's purported shortcomings with respect to literary

merit and political correctness, this volume adopts a cultural studies framework to explore the range of scholarly concerns awakened by the 'Twilight' novels and their filmic adaptations. Contributors examine 'Twilight's debts to its predecessors in young adult, vampire, and romance literature; the problems of cinematic adaptation; issues in fan and critical reception in the United States and Korea; and the relationship between the series and contemporary conceptualizations of feminism, particularly girl culture. Placing the series within a broad tradition of literary history, reception studies, and filmic adaptation, the collection offers scholars the opportunity to engage with the books' importance for studies of popular culture, gender, and young adult literature.

Happily Married Happily Divorced - Swati Kumari 2019-05-15

Varushka is a young and ambitious girl, hoping to make her career before ‘settling down’ and making babies. But like always, her parents have a different plan.
