Holding to Hope - Brad Hoefs 2021-08

Staying Sane While Loving Someone with a Mental Illness ----- Loving someone who has a mental illness can be as difficult as having the illness itself. It is even possible for those who love someone with a mental illness to suffer even more than their loved one who has the diagnosis. Their pain is your pain. Their struggle is your struggle. You are their

mental health coach, life coach, and advocate. And yet, who is caring for you? How do you keep from being 'done in' by the roller coaster of mental health recovery? How do you find hope in the midst of what seems to be a hopeless situation? How do you as their loved one hold on to hope for them and yourself? How do you give them hope much less hold onto hope yourself? That's what this book is about. It's about giving you

hope. This book will empower you to hold onto hope while offering hope to your loved one who has a mental illness. This book is for you, the loved one. Our intent is to empower you to live well, give you hope and the strength to hold onto that hope in spite of the ups and downs of your loved one's recovery journey. We hope to provide you with practical insights, cause you to think, encourage you to find healing, and most of all to assure you that you are NOT alone. You can become the hero against the villain of mental illness in your life. Brad and Donna Hoefs are college sweethearts who have been married for over 40 years. They are blessed with two children and four beautiful grandkids. They have served in the ministry of the church for the past 35 years: Donna as a worship leader and teacher, Brad as pastor. Donna continues to serve as the worship leader of Anchor of Hope, is a facilitator for Fresh Hope's Trauma Healing groups, and heads up WorshipOutlet.com. The Four Loves - C. S. Lewis 2023-11-20

The Four Loves is a 1960 book by C. S. Lewis which explores the nature of love from a Christian and philosophical perspective through thought experiments. The book was based on a set of radio talks from 1958 which had been criticized in the U.S. at the time for their frankness about sex. C.S. Lewis examines storge or empathy love; philia, friendship love; eros, romantic love; and agape, or God love. Excerpt: "GOD is love," says St. John. When I first tried to write this book I thought that his maxim would provide me with a very plain highroad through the whole subject. I thought I should be able to say that human loves deserved to be called loves at all just in so far as they resembled that Love which is God."

An Inspiration About Life Or Love - Sibusiso Tshabangu 2020-03-05
this is a once in a lifetime, to get an opportunity to share in a true insight about love, life, and relationships, how we can get comfortable in relationships, about life and loving each other, how you can undermine the presence of someone's life in your life. It begins with you as a person before you can even go further, that you should always give everything that you have, don't undermined love for someone in your life. The world has changed so much that we have reached a certain stage in life where a lot of things have come in between life and loving each other, the world has been mastered by a lot of people in life, if you are not careful when loving a human being, you can fall on the wrong side of life. You can work through life until you become a Master at your field but that just defines the part of life alone, life defines your individual purpose, but love calls you into focusing on learning how to live with someone, with understanding in a peaceful and loving environment for the other that has come in your life as well. You must learn how to value love in your life as the presence of someone in your life could never be repeated again, a lot of people before they can go through a situation of breakdown in life they have lost their focus because they didn't realise how important is love and loving someone. Man and woman must learn to value life and love in this world, before you can get lost because of lacking seriousness in relationships. Without love human beings can get lost more than they can ever imagine, the world has been created in two forms, love and life. You can't neglect one and be normal, you will feel

the strain of living without the other, whether you want to master life or not you must understand the importance of both in life. An inspiration about life or love is a reflection about life and love, and how people should acknowledge the time they have spent with each other in relationships, how so much that you have done has formed part of who you are. So much that you can have in a relationship can feel like it is something that you can be able to find somewhere, but nothing can ever offer you more than what you have already, and remember that what you have is for the rest of your life. When you give yourself to love, love with everything that you have, don't hold back on love or look down on someone who loves you, give your heart to your partner so that you can be satisfied with how you have loved a person. There is so much that can come between in life, when you are not careful about love, or when you have neglected your duties to love someone, with everything that there is in life, the world has become so binding that if you undermined loving someone, you can become very vulnerable to everything that there is in life. Life cannot harm you when you are committed to loving your partner only when you overlook your obligation to love your partner, you can become a victim of life like that. So take every opportunity available to love and use it wisely, because you cannot always have everything your way in life.

How to Fall in Love with Anyone - Mandy Len Catron 2018-02-01

In 2014, 33-year-old Mandy Len Catron went on a date with an acquaintance. They decided to try an experiment: inspired by a study

designed to create romantic feelings, Mandy and Mark spent the evening asking each other 36 increasingly intimate questions, wondering if it would lead to them falling in love. In *How to Fall in Love with Anyone*, this experiment is Catron's starting point for investigating what it means to love someone and to be loved, and how we present our love to the world. What makes love last? Can love ever work the way it seems to in films, books and social media? Is there a "right" way to fall in love? In these candid, charming and wise essays, Catron blends memoir with cultural and social commentary on the psychology, biology, history and literature of love. *How to Fall in Love with Anyone* is a deeply personal, yet universal investigation into the one thing we all want—or think we want—more than anything. Includes "To Fall in Love with Anyone, Do This", one of the most popular essays to appear in the *New York Times*'

"Modern Love" column "In our age of total romantic confusion, Mandy Len Catron is a voice of good sense, warm humor, and consoling wisdom. Through the lens of her own relationships, she teaches us—with a deft, convincing intelligence—some of the vital moves in the art of love."
