The Lost Girls: A Vampire Revenge Story Sonia Hartl 2021-09-14 Getting over Your Vampire Ex is as Easy as Killing Him and Stealing His Girlfriend Holly Liddell has been stuck with crimped hair since 1987 when she agreed to let her boyfriend, Elton, turn her into a vampire. But when he ditches her at a gas station a few decades into their eternity together, she realizes that being young forever actually means working graveyard shifts at Taco Bell, sleeping in seedy motels, and being supernaturally compelled to follow your ex from town to town—at least until Holly meets Elton's other exes. It seems that Holly isn't the only girl Elton seduced into this wretched existence. He turned Ida in 1921, then Rose in 1954, and he abandoned them both before Holly was even born. Now Rose and Ida want to kill him before he can trick another girl into eternal adolescence, and they'll need Holly's help to do it. And once Holly starts falling for Elton's vulnerable new conquest, Parker, she'll do anything to save her. To kill Elton for good, Holly and her friends will have to dig up their pasts, rob a bank, and reconcile with the people they've hurt in their search for eternal love. And to win the girl, Holly will have to convince Parker that she's more than just Elton's crazy ex—even though she is trying to kill him.

Glimpsed G.F. Miller 2022-01-04 "Filled with tongue-in-cheek humor...a gently fantastical world brimming with teen shenanigans." —Publishers Weekly Perfect for fans of Geekerella and Jenn Bennett, this charming, sparkly rom-com follows a wish-granting teen forced to question if she's really doing good—and if she has the power to make her own dreams come true. Charity is a fairy godmother. She doesn't wear a poofy dress or go around waving a wand, but she does make sure the deepest desires of the student population at Jack London High School come true. And she knows what they want even better than they do because she can glimpse their perfect futures. But when Charity fulfills a glimpse that gets Vindhya crowned homecoming queen, it ends in disaster. Suddenly, every wish Charity has ever granted is called into question. Has she really been helping people? Where do these glimpses come from, anyway? What if she's not getting the whole picture? Making this existential crisis way worse is Noah—the adorkable and (in Charity's opinion) diabolical ex of one of her past clients—who blames her for sabotaging his prom plans and claims her interventions are doing more harm than good. He demands that she stop granting wishes and help him get his girl back. At first, Charity has no choice but to play along. But soon, Noah becomes an unexpected ally in getting to the bottom of the glimpses. Before long, Charity dares to call him her friend...and even starts to wish he were something more. But can the fairy godmother ever get the happily ever after?

"Dude, on the train last night I totally got Applejacked!" bacon bit: A rent-a-cop; not good/important enough to be referred to as a "pig" or "bacon." "I thought we'd be in trouble when the 5-0 started rollin' up, but then I realized it was just the bacon bits--mall security." cruiser spoon: To park two police cruisers with the drivers' sides adjacent so that the officers can converse through the open windows. Boyle-Breath Murray L. Peters 2013-12 Teacher Mr Bernard Boyle (aka Bernard0 B0ilinni Ringhi0 di R0ssi of the Orb Zeronia) was almost out of breath, but never of magical Boyle-Breaths - good and bad! ('BOYLE-BREATH' - Bk1). Bernard had just been made Acting Head at Roquefort High School, and Bernard0 had saved a teenage school suicide 'jumper' off Roquefort's infamous '3Rs' bridge, its Rogue-Rapids Roadbridge; but at the action-packed end of Bernard's first term as a Depute Head ('BOYLE-BREATH BREATHEs' - Bk2) the High's Mr Damien Mortenson had resigned. Aaron Brown somehow had survived; but Damien had had enough, especially his having found out that school bully-chief Nikki Dedson's evil-mentor Cameron Mitchell was his own (previously sent for adoption) son! Quite why Dedson's helper-in-chief Aaron Brown had tried to kill himself was a secret known only to the Bernards and the boy himself. A new school term beckoned, so schoolchildren and their families did too (indeed Boyle's half-Zero children Rino and Zea were now both 13 - younger Zero girls catching up with '0' brothers in actual human age as well as the usual intelligence and behaviour). Bullying was continuing also; séances, ghosts and vampires, dream-haunting and clinical depression - but murder? Social Workers, they're always about somewhere, always for the best yeah? Immigrants and gypsies, angels and devils, tattooists and em referees? IEDs...! (But what if that Time-shifting sniper Mortenson had been able to pull the trigger on Lady Di...; what if the Confederates won the American Civil War...would Abraham Lincoln have become a Vampire Slayer? That 'Butterfly Effect' theory, Ray, does it hold truth? Really, really?) Father Stephen O'Reilly, what of him...a Time-travelling priest? Bless me Father!! Remember HIM &HER? Mm well of course you do! What if Richard and Faith decided to get married and tell everyone everything in the end?! Nikki Dedson: the Bully extraordinaire? Yes, he's still alive, but he's in two worlds now. Is he still a bully? Of course he is, and in both! Boyle-Breath is a stinker, but with all those earthly pongs and perfumes at his beck and call he could, he had, and he would continue to help change noses, minds, lives, worlds! What was Mr Boyle to do first though? How was his Zeronian 'half' Bernard0 to help?

The Science of Trust: Emotional Attunement for Couples John M. Gottman 2011-05-09 An eminent therapist explains what makes couples compatible and how to sustain a happy marriage. For the past thirty-five years, John Gottman's research has been internationally recognized for its unprecedented ability to precisely measure interactive processes in couples and to predict the long-term success or failure of relationships. In this groundbreaking book, he presents a new approach to understanding and changing couples: a fundamental social skill called "emotional attunement," which describes a couple's ability to fully process and move on from negative emotional events, ultimately creating a stronger relationship. Gottman draws from this longitudinal research and theory to show how emotional attunement can downregulate negative affect, help couples focus on positive traits and memories, and even help prevent domestic violence. He offers a detailed intervention devised to cultivate attunement, thereby helping couples connect, respect, and show affection. Emotional attunement is extended to tackle the subjects of flooding, the story we tell ourselves about our relationship, conflict, personality, changing relationships, and gender. Gottman also explains how to create emotional attunement when it is missing, to lay a foundation that will carry the relationship through difficult times. Gottman encourages couples to cultivate attunement through awareness, tolerance, understanding, non-defensive listening, and empathy. These qualities, he argues, inspire confidence in couples, and the sense that despite the inevitable struggles, the relationship is enduring and resilient. This book, an essential follow-up to his 1999 *The Marriage Clinic*, offers therapists, students, and researchers detailed intervention for working with couples, and offers couples a roadmap to a stronger future together.

Irresistible Adam Alter 2018-03-06 "Irresistible is a fascinating and much needed exploration of one of the most troubling phenomena of modern times." —Malcolm Gladwell, author of New York Times bestsellers *David and Goliath* and *Outliers* "One of the most mesmerizing and important books I've read in quite some time. Alter brilliantly illuminates the new obsessions that are controlling our lives and offers the tools we need to rescue our businesses, our families, and our sanity." —Adam Grant, New York Times bestselling author of *Originals* and *Give and Take* Welcome to the age of behavioral addiction—an age in which half of the American population is addicted to at least one behavior. We obsess over our emails, Instagram likes, and Facebook feeds; we binge on TV episodes and YouTube videos; we work longer hours each year; and we spend an average of three hours each day using our smartphones. Half of us would rather suffer a broken bone than a broken phone, and Millennial kids spend so much time in front of screens that they struggle to interact with real, live humans. In this revolutionary book, Adam Alter, a professor of psychology and marketing at NYU, tracks the rise of behavioral addiction, and explains why so many of today's products are irresistible. Though these miraculous products melt the miles that separate people across the globe, their extraordinary and sometimes damaging magnetism is no accident. The companies that design these products tweak them over time until they become almost impossible to resist. By reverse engineering behavioral addiction, Alter explains how we can harness addictive products for the good—to improve how we communicate with each other, spend and save our money, and set boundaries between work and play—and how we can mitigate their most damaging effects on our well-being, and the health and happiness of our children. Adam Alter's previous book, *Drunk Tank Pink: And Other Unexpected Forces that Shape How We Think, Feel, and Behave* is available in paperback from Penguin.
