Texting Women - Cristiano Marquez
2019-11-22

If you are reading my book's description it's because maybe you are having trouble finding a girlfriend, isn't it? It's likely that among the photos you posted online there isn't one in which you look like Leonardo di Caprio and that you think physical appearance is the only way to impress woman. Or maybe your girlfriend never texts you until you do, and when she answers, hours later, it's with a simple or . Or perhaps you're one of those guys who's convinced he can get the attention of a beautiful girl by simply texting her " Hi! " or " Hey! "? I guess I must give you a hint then, pal: Women are different from men! And naturally, they think differently, they love differently! And this is because before loving with their body women always love with their mind... In my book, "Texting Women", I give you the right tips, quick and simple, to learn everything there is to know about texting a woman, and especially to understand how to get the timing right. In your opinion, what's every man's main goal when texting a woman he likes?

Easy! That she always texts him back - the sooner the better - and eagerly! But clearly, to be able get there one must study the method and train hard - as if it were a physical activity - and put all of the following steps into practice:

Mindset: work on yourself. Remember how as a child you were told to always be yourself? Well, forget that! Unless you want to die alone... The thing is, there is no "self". Which self? There can be many different selves, you can be whatever you want, you can improve: To manipulate girls, first you must be able to manipulate yourself. **Skills:** The main skill consists in figuring out who is the girl you're writing to, what she likes, what language frequencies she travels on. By doing that, you will be able to become the mirror in which she sees herself, and in you and in your texts she will recognize a part of herself and of her mind. **Techniques:** The right techniques allow you to seduce girls by doing nothing, you have to get to the point where, whatever you write them, they start answering with long messages, as if they were talking about themselves with a psychologist. This way girls feel like they're seducing themselves with their own mind and will increasingly feel the need to answer your texts. **Secrets:** once you have completed all the previous steps, you should not be in a hurry to meet or see them, enjoy the moment and let them stew in their own juice. Raise the conversation's level by talking about spicy stuff, that's when they'll go crazy, and that's how when you'll see them in person they will already be completely obsessed with you and they will be yours. In the end it's going to be you the one not texting them back.

How to Attract Women - Zac Miller
2020-03-08

Can I Ask You a Question? What would life be like if you knew exactly how to attract women? If you could get the girls you've always wanted? If you could be a man women were sexually drawn to... would that change your life? Hi, my name is Zac Miller. In my many years here on earth I've had my share of experiences with women. And like most men, I wasn't born knowing what attracts women or what they want, but there came a point in my life where I was fed up and did something about it. Many men just say "women are crazy," and they leave it at that, not trying to understand them. I couldn't have that... While women are in fact crazy, I have put together a book which explains what they want, what attracts them to men, and how you can start attracting women. It's taken me many, many years, and many, many sleepless nights, but after all was said and done, I believe I have made the best book available when it comes teaching men everything it takes to successfully attract women. Here's What You'll Learn in This Book Chapter 1: Appearance - While it's been this way for many years, the advent of website profiles and dating apps has made a masculine appearance much more important for men in this day and age. Here I share with you the many ways you can appear more attractive to women, as well the ideal body type women are looking for in a man (hint: it's not abs). Chapters 2 & 3: Attractive & Unattractive Qualities - Ever notice how women are attracted to jerks and "bad boys?" It's because they display many attractive

qualities women desire. In these chapters, I share with you what exactly these qualities are, while also going over attributes you need to stay away from, which push women away. Chapter 4 & 5: Talking to Women - Next, we go over how to talk to women and connect with them, in turn attracting them to you. I show you how to approach girls, get their contact information, and how to conversant with them afterwards to secure a date. I go over the number one mistake most guys make during this process, as well as the one quality that will put you above all other men when talking to women (hint: it's not a lifted truck). Chapter 6: The Date - We then go over how to handle the date. I show you exactly how to ask for the date, where to go, and what to do during the date. This includes conversation topics that release dopamine (feel good) chemicals in a woman's brain, as well as techniques you can employ during the date to keep her attention. I then go over what to do after the date to keep her interested in you for the long run to make her your girlfriend. Chapter 7: The What If's? - What if she flakes on the date? What if she says maybe? What if she starts losing interest? All these questions and more are handled in this chapter, showing you the exact techniques to employ to handle each situation, which will keep a woman interested in you. Appendix - I provide 70 opening messages, original to this book, to use when texting girls. These are unique, funny messages, which will make you stand out from other men. As a FREE bonus, only to buyers of this book, I provide you with my special report, Subconscious Attraction: 3 Techniques that Will Attract Her Subconsciously. These are perfect to use during the first date! If you want to become more successful with women and start getting the girls you've always desired, you can't risk not knowing this information. THE SEDUCTION HANDBOOK FOR SHY GUYS - Paola Rubio 2022-05-24

This book has been written by Paola, the typical girl of the next door, in order to beat your shyness, to make you gain self-confidence and make you loosen up when it comes to approach

women. Paola will help you overcome your fears, anxieties and insecurities, so that you can establish a relationship with women with spontaneity and success. No magical formula, no pretentious and seductive playboy ready to become your guru disclosing arrogantly his precious seductive secrets. Here, you will just find a friend, why not, maybe a potential "friend with a benefit", who, with the maximum complicity of the case, looking in your eyes and holding your hand, will reassure you and push you towards new goals and seduction aims! FROM PAOLA'S INTRODUCTION Hello and welcome to the world of seduction for shy guys. Let me introduce myself: I am Paola, medium stature, brown hair with light eyes, I am a simple and joyful person, I have a job, a dog, hobbies and friends... well, I bet you recognized me: I'm here to guide you to the discovery of seduction. Sure enough, I was asked to write a book because, according to everyone, I am able to make men feel comfortable, creating a calm and enjoyable atmosphere. So, for this reason I'm addressing the people who like you, are shy and who would like to have a capable friend who could help breaking the ice with women. Maybe you're thinking that you're the only guy who's not able to approach girls you like, and all around, you see over and over again less attractive, interesting and funny men... always in company! Have you ever wondered what they have in addition in comparison with you? Do you think they have a secret move to make all girls go crazy for them? I can assure you that they do not have any secret move: often, you can win a woman over by using a word in the right moment, a nice action, a joke: well, the so-called soul willingness. You just have to put your terrible shyness apart (or use it in your favour: I will explain it!) Anyway, you have to know that you're in good company: as a matter of fact, shyness is really common among you guys, and from my experiences, I convinced myself that this causes "blocks" when a man tries to approach a woman, even if inside he would do anything to talk to her calmly. Good, it's time to make a break. I want to teach you how to overcome this problem, that right now could seem insuperable. We can also say that, nowadays, women seem free, strong, independent and this could create a lot of

confusion in men. Maybe as a child you grew up with stereotypes that clash with reality: it's true, there aren't any princesses waiting for the prince charming. But do not forget that little girls too used to read the same fairy tales, and every girl, deep inside, dream of living one. So, where is the catch? Believe me if I tell you that this is a matter of points of view. For example, did you know that shy people are great observers, reflective people and in general more intelligent than anyone else? You just have to find your strength points and turn them in your advantage. How? We will see how together. For now, you just have to consider that I will bring you out from your dolt shell, and after reading and putting into practice my advices, your relationship with women will improve in a surprising way. We will start by trying to understand what kind of shy man you are; then we will work together in order to turn you into a more self-confident man; we will take a look at the female universe to understand in a better way women, their weak points, what they love and what they hate; then, I will show you some typical situation in which you can find yourself when it comes to approach a girl; I will explain to you what to do and what to say, and lastly I will give you some easy but also valid tricks to win the woman of your dreams over.

Seducing a Woman with Words - Lucas Lautier
2018-05-31

"Hi, how are you?" Do you count on seducing a girl with this kind of line? Really? May he who has never ended up in the friendzone cast the first stone at me. We've all already found ourselves in this uncomfortable situation: the one where we try to go further with a friend before being gently rejected. And yet, by applying some powerful advice that would have allowed you to position yourself otherwise in the nascent relationship, you would surely be in a

relationship with this woman at this time. The secrets I am about to pass on to you have made me the man I am today: a true and complete man who is aware of the hidden power of words. The seduction techniques that you will soon learn have allowed me to sleep with more than forty women at only 22 years old. Passionate about human psychology (and female beauty), I looked into the subject very early to reach my goals. I ended up mastering the tricks of the trade to a point where everything became too easy... Seducing a woman by SMS, approaching on Facebook or flirting on Tinder is child's play for me. This is what you're going to learn in this book: - How to never again end up in the Friendzone by learning the difference between a classic conversation and flirting (many people confuse the two). We don't talk to a friend in the same way that we would talk to a potential future girlfriend. - How to effectively start a conversation with a woman on a dating site or Facebook and make her want to get to know you, by differentiating yourself from other men. - How to never run out of subjects to talk about, by using the storytelling technique. - How to position yourself in the emerging relationship to be and continue to be the alpha-male and to control the upcoming sequence of events. - How to make a girl want you without seeming like a pervert. To handle the art of sexualisation like a God. - How to appear mysterious and make her crazy for you in a short amount of time. - How to be light-hearted, funny and endearing by using humour. The examples will be as real as can be and modelled on real conversations. All of the extracts from discussions which will be presented to you are not made up but rewritten versions of, or strongly inspired by, my past conversations: everything is authentic (except the names used for obvious confidentiality reasons). Ready to be part of the elite? The group of 5% of men who seduce Facebook, Tinder, Happn, Bumble, Match.com, OkCupid, Instagram and many others. And who sleep with all the women of their dreams.

The Charm Buyers - Lillian Howan 2017-01-31
The Charm Buyers describes extraordinary beauty and turbulent change: Tahiti during the last years of French nuclear testing in the Pacific in the 1990s. Marc Antoine Chen, the troubled heir of black pearl cultivators, narrates his

journey through a labyrinth of elusive truths. As a child, Marc lives in a dreamlike world with his great-grandmother A-tai and her stories of a semi-nomadic Hakka culture that no longer exists. The Hakka, originally brought from China to Tahiti to work in cotton in the nineteenth century, settled in communities throughout the South Pacific. On the verge of adulthood, Marc falls in love with the calm and confident Marie-Laure Li, but when she leaves to study in France, Marc drifts, becoming the lover of the enigmatic painter Aurore du Chatelet. Years later, Marie-Laure returns, suffering from a debilitating malady—one of many illnesses surfacing in the wake of nuclear testing—and Marc is offered a strange, magical proposal in exchange for the life of his once beloved. A supernatural, shamanic reality exists together with the traditions of the Hakka, set against the background of the French colonial past and the Ma'ohi struggle for independence. The Charm Buyers presents a world in transition and its people—black pearl cultivators, artists, taro farmers, politicians, smugglers, and shamans.
