Bone Black Carol Rose GoldenEagle 2019-10-05 There are too many stories about Indigenous women who go missing or are murdered, and it doesn't seem as though official sources such as government, police or the courts respond in a way that works toward finding justice or even solutions. At least that is the way Wren StrongEagle sees it. Wren is devastated when her twin sister, Raven, mysteriously disappears after the two spend an evening visiting at a local pub. When Wren files a missing persons report with the local police, she is dismissed and becomes convinced the case will not be properly investigated. As she follows media reports, Wren realizes that the same heartbreak she's feeling is the same for too many families, indeed for whole Nations. Something within Wren snaps and she decides to take justice into her own hands. She soon disappears into a darkness, struggling to come to terms with the type of justice she delivers. Throughout her choices, and every step along the way, Wren feels as though she is being guided. But, by what?

The Lucky Loadmaster Thomas F. Stalvey 2012 The Lucky Loadmaster is an action packed book. It does not matter whether you are with the airmen in Vietnam, the first night of TET or just reading about the author's hair raising childhood adventures. Sometimes growing up and learning defensive moves in a small middle North Carolina town can be interesting. For the first time, a book written that is about the honest daily occurrences and multiple battles of a real airman in Vietnam. These were battles like others, in which people died and others became heroes. Battles in which crews looked death in the face multiple times each day, flying into places without the security of arms or cover, the stress of actual war. Tom Stalvey's wishes to enlist and study at the great Air Force electronics schools at the time, did not come to pass, instead he was assigned to the very elite and extremely dangerous rolls of an enlisted aircrew member. The courses these young men completed were at the considered complete college courses equal to obtaining a degree in a matter of months. The duty aboard the Lockheed C-130 Hercules as a Weight and balance Technician or Loadmaster was and still is essential. He was destined to end up in Vietnam. after two and a half years of training and protocol Only a slight recess was given these airmen as these young men were handed the keys to three fourths of a C-130 aircraft. Most of them averaged 22 years of age. Trained at doing their jobs by the book they soon learned that doing so in Vietnam could cost time and lives. Great at modifying plans on the run, many were awarded our nation's highest war time decorations. Laugh out loud as you follow a young boy into what must have been The start of The Lucky Loadmaster's ironic heavenly inspired protection and cry for the pain of his broken body!

Women on the Land Carol Twinch 2021-01-01 Women on the Land tells the remarkable story of women's contribution to agriculture and forestry during the two World Wars. It traces the formation and history of the Women's Land Army, and shows how women, mostly untrained and from non-farming backgrounds, helped maintain food production for a beleaguered nation, by filling the places of men away at the war. At the height of the First World War the Land Army had a full-time membership of 23,000 members, a number that was to exceed 80,000 during the Second World War. The book pays tribute to women like Lady Denman, who administered the Land Army during the Second World War and who was its chief inspiration and driving force, and also outlines the part played by other women's groups in wartime. Containing many first-hand reminiscences by the women who served, and a number of evocative illustrations, Women on the Land highlights the years when women were effectively to challenge long-established preconceptions as to what properly constituted 'women's work'.

Miraculous Stories from the Japanese Buddhist Tradition Kyoko Motomuchi Nakamura 2013-09-13 This is the first collection of Buddhist legends in Japan, and these stories form the repertoire of miraculous events and moral examples that later Buddhist priests used for preaching to the people. As Kyokai describes his own intentions, "By editing these stories of miraculous events I want to pull the people forward by the ears, offer my hand to lead them to good, and show them how to cleanse their feet of evil" (p.222). Nakamura's book is actually two works in one: first an introduction to the Nihon ryoiki, and then an annotated translation. The introduction analyzes the life of the author and the influence of earlier writings, and provides a valuable synthesis of the world view reflected in the work. The annotated translation renders the more than one hundred stories into English narrative, with copious notes. Difficult terms are identified in the text with the original Chinese characters, while historical matters and Buddhist technical terms are explained in the footnotes.

A Paul Green Reader Paul Green 1998 North Carolina's Paul Green (1894-1981) was part of that remarkable generation of writers who first brought southern writing to the attention of the world. Winner of a Pulitzer Prize for Drama in 1927, Green was a restless experimenter who pioneered a new form of theater with his "symphonic drama," *The Lost Colony*. A concern for human rights characterized both his life and his writing, and his steady advocacy for educational and social reform and racial justice contributed in fundamental ways to the emerging New South in the first half of this century. *A Paul Green Reader* makes available once again the work of this powerful and engaging writer. It features Green's drama and fiction, with texts of three plays including the Pulitzer Prize-winning *In Abraham's Bosom* and the famous second act of *The Lost Colony* and six short stories. It also reveals the life behind the work through several of Green's essays and letters and an excerpt from *The Wordbook*, his collection of regional folklore. Laurence Avery's introduction outlines Green's life and examines the central concerns and techniques of his work. A native of Harnett County, North Carolina, Paul Green was a devoted teacher of philosophy and drama at the University of North Carolina at Chapel Hill.

Gendered Experiences of Genocide Choman Hardi 2016-04-22 Between February and September 1988, the Iraqi government destroyed over 2000 Kurdish villages, killing somewhere between 50,000 and 100,000 civilians and displacing many more. The operation was codenamed Anfal which literally means 'the spoils of war'. For the survivors of this campaign, Anfal did not end in September 1988: the aftermath of this catastrophe is as much a part of the Anfal story as the gas attacks, disappearances and life in the camps. This book examines Kurdish women's experience of violence, destruction, the disappearance of loved ones, and incarceration during the Anfal campaign. It explores the survival strategies of these women in the aftermath of genocide. By bringing together and highlighting women's own testimonies, Choman Hardi reconstructs the Anfal narrative in contrast to the current prevailing one which is highly politicised, simplified, and nationalistic. It also addresses women's silences about sexual abuse and rape in a patriarchal society which holds them responsible for having been a victim of sexual violence.
