Bring a laugh to the group with this funny aging book and add it to your cart today.

Sex Stuff for Maine Parents and Teachers of Kids 7-17 - Carole Marsh 1991

It's Not the Stork! - Robie H. Harris 2011-08-09

From the expert team behind IT'S PERFECTLY NORMAL and IT'S SO AMAZING! comes a book for younger children about their bodies — a resource that parents, teachers, librarians, health care providers, and clergy can use with ease and confidence. Young children are curious about almost everything, especially their bodies. And young children are not afraid to ask questions. What makes me a girl? What makes me a boy? Why are some parts of girls' and boys' bodies the same and why are some parts different? How was I made? Where do babies come from? Is it true that a stork brings babies to mommies and daddies? IT'S NOT THE STORK! helps answer these endless and perfectly normal questions that preschool, kindergarten, and early elementary school children ask about how they began. Through lively, comfortable language and sensitive, engaging artwork, Robie H. Harris and Michael Emberley address readers in a reassuring way, mindful of a child's healthy desire for straightforward information. Two irresistible cartoon characters, a curious bird and a squeamish bee, provide comic relief and give voice to the full range of emotions and reactions children may experience while

learning about their amazing bodies. Vetted and approved by science, health, and child development experts, the information is up-to-date, age-appropriate, and scientifically accurate, and always aimed at helping kids feel proud, knowledgeable, and comfortable about their own bodies, about how they were born, and about the family they are part of.

Is There Really Sex After Kids? - Jill Savage 2003

With Leader's Guide and Personal Reflections A practical guide to help women rise above frustrations and disappointments to restore intimacy, pleasure, spontaneity, and passion in marriage What's happened to our sex life now that we have kids? Many moms may not ask this question aloud, but Jill Savage knows from years of leading Hearts at Home conferences that no workshop subject will more quickly fill a room. Having children in the home alters the sexual dynamic between husband and wife. Going from making meatloaf to making love, from practical mommy to passionate lover, all in one crowded evening has its own set of unique challenges. *Is There Really Sex After Kids?* is written by a mom, for moms, and filled with practical ideas. This is not a clinical book on sexual technique, though readers will find some creative suggestions. It isn't a counselor's text, though it contains the sage wisdom of a mentor and friend. It is a woman-to-woman discussion---a true insider's look---at what works to build intimacy outside the bedroom and improve intimacy inside the bedroom.

Sex After Kids - Alejandro De Artep 2015-05-13

This is a great gift to surprise your friends with to make them laugh. The entire book and all pages in the book are intentionally left blank. The book is perhaps one of the funniest gifts you can give to your friends for a birthday, wedding, wedding anniversary, child birth or any other appropriate opportunity you may find. Our purpose in writing and

publishing these books is to bring joy and happiness into homes of people who will be laughing and smiling more because of them. Use this book to bring laughter and joy to your friends and family. It is also a great gift for anyone who hates reading books - there is not really much to read. :)

Professionalizing Motherhood - Jill Savage 2002

The founder of Hearts at Home, Inc. provides sound advice that equips mothers to professionally grow and excel in their chosen, stay-at-home career of motherhood. Original.

Talking about Sex - John Booker 2018-06-16

Getting Your FREE Bonus Download this book, read it to the end and see "BONUS: Your FREE Gift" chapter after the conclusion. Talking About Sex: Lean How to Talk With Your Children On Adult Topics Welcome to Talking To Your Kids about Sex, a book designed to approach your kids about the topic of sex in one of the best ways. A lot of individuals tend to have a hard time talking about sex with their children, but, more importantly, many of them miss talking about some of the most crucial parts about sex. Since this is such a long lasting topic, we'll go over not only how to talk about sex, but also how to prepare your child to properly handle sex with its many risks, dangers, and what they can use to protect themselves. First, we'll cover how to talk about sex from a point of view not many people realize exist. Instead of the normal "just sit them down and talk" approach, we break the children into the topic and get them used to being able to open up about the topic around you, such as: Watching slightly inappropriate films until they no longer look at you as though you are going to yell at them. The usefulness of getting them used to not seeing sex as completely taboo in the household. Treating them as a person by letting them know you don't know everything but you're willing to find out with them, on the internet. Then we'll go over some of the mass failure programs that teach children the responsibilities of sex and point out where they messed up. We'll provide a new method of how to stress the importance of being safe during sex by covering the points parents have the hardest time dealing with; balancing life and bills. After all, taking care of the child when the materials are ready is generally easy. What makes it difficult are the long

hours compiled with the seemingly never ending work that's. The remainder of the book will cover: The different hidden issues that men and women have, separately, that are unique to either a man or a woman. How to protect themselves with contraceptives and condoms. How to determine if they are in a situation that could be potentially dangerous, even though they may be with trusted friends. Why both women and men shouldn't find themselves in situations where they are completely alone with the opposite sex unless they intend to have sex with them. This book tries to cover every aspect that could have an impact on the child's life and give you the helping hand you might need to cover all the areas of information your child needs to know about sex. Download your E book "Talking About Sex: Lean How to Talk With Your Children On Adult Topics" by scrolling up and clicking "Buy Now with 1-Click" button!

Sex is a Funny Word - Cory Silverberg 2015-07-28

2016 Winner of the Norma Fleck Award for Canadian Children's Non-Fiction 2016 ALA Stonewall Book Award, Honor Book 2016 ALA Notable Children's Book A comic book for kids that includes children and families of all makeups, orientations, and gender identities, Sex Is a Funny Word is an essential resource about bodies, gender, and sexuality for children ages 8 to 10 as well as their parents and caregivers. Much more than the "facts of life" or "the birds and the bees," Sex Is a Funny Word opens up conversations between young people and their caregivers in a way that allows adults to convey their values and beliefs while providing information about boundaries, safety, and joy. The eagerly anticipated follow up to Lambda-nominated What Makes a Baby, from sex educator Cory Silverberg and artist Fiona Smyth, Sex Is a Funny Word reimagines "sex talk" for the twenty-first century.

No More Perfect Moms SAMPLER - Jill Savage 2012-12-19

Enjoy these SAMPLE pages from No More Perfect Moms- If you've ever forgotten to pick your kid up from soccer practice or accidentally worn two different shoes to the grocery store, this book is for you. Being a mother is not for those who display symptoms of the "Perfection Infection." There is simply no such thing as a perfect mom. And there are

no such things as perfect kids, perfect bodies, perfect marriages, or even perfect meals. With refreshing honesty, author Jill Savage exposes some of her own parental shortcomings with the goal of helping mothers everywhere shelve their desires for perfection along with their insecurities of not measuring up to other moms. Jill delivers some much-needed realism as she explains why we need to stop comparing our insides to other people's outsides. She challenges every mom to exchange her vision of being a "perfect mother" for God's beautiful grace in order to learn to love her real, but imperfect, life.

It's So Amazing! - Robie H. Harris 2014-09-09

"An outstanding book. . . . Meets the needs of those in-between or curious kids who are not ready, developmentally or emotionally, for *It's Perfectly Normal*." —Booklist (starred review) How does a baby begin? What makes a baby male or female? How is a baby born? Children have plenty of questions about reproduction and babies—and about sex and sexuality, too. *It's So Amazing!* provides the answers—with fun, accurate, comic-book-style artwork and a clear, lively text that reflects the interests of children age seven and up in how things work, while giving them a healthy understanding of their bodies. Created by the author and illustrator of *It's Perfectly Normal*, this forthright and funny book has been newly updated for its fifteenth anniversary.

Painless, Foolproof, Really Works Way to Teach Your Kids About Sex - Carole Marsh 1997

Flux - Peggy Orenstein 2000

"In her latest book, Orenstein looks at womanhood and what it means to be a woman at the beginning of this century. After talking to over two hundred women between the ages of twenty-five and forty-five, she has

blended their voices into a narrative that allows the reader to "eavesdrop" - to get deep inside the lives and choices of other women - and share their thoughts on ambition and power, the experience of sex and love, the meaning of motherhood, what it means to remain single and childless, and how these things influence the way we assemble the pieces of our lives." "In *Flux*, Orenstein explores the half-changed aspect of today's world and the ways women still struggle to live full lives and to reach a true balance of the personal and professional."--BOOK

Everything You Never Wanted Your Kids to Know about Sex, (but Were Afraid They'd Ask) - Justin Richardson 2003

Written by two Harvard-trained doctors, this one-of-a-kind survival guide helps parents stay sane through every stage of their child's sexual development—from infancy to the teen years and beyond. Our generation was supposed to have sex all figured out. We knew it was healthy. We were too cool to ever get flustered. Then we had kids. And when those kids showed up with sexual ambitions of their own, suddenly we didn't feel so cool anymore. In fact, the confusion, fear, and (let's face it) outright panic we felt the moment our five-year-olds started asking, "Mommy, do you like to rub your wiener, too?" might have done our own parents proud. Well, understanding kids' sexuality doesn't have to be an angst-ridden enterprise. With confidence, wisdom, and humor, Dr. Justin Richardson, a psychiatrist and noted consultant on youth and sex, and Dr. Mark A. Schuster, a pediatrician and leading researcher on parenting strategies and adolescent sexuality, help us regain our equilibrium with this remarkable book. Smart, frank, and occasionally hilarious, this comprehensive guide offers practical and often surprising answers to the questions that bedevil parents at every stage in their children's coming-of-age. What do you say when your four-year-old daughter walks in on you having sex? What about when you walk in on her and the girl next door finger painting each other's bottoms? What, exactly, should you tell your third-grader about sex, and if he says, "That's gross!" does that mean you've said too much? And what about teenagers? Should you buy

your son condoms? Should you try to prevent your daughter from having sex? Does telling her to wait actually work? Drs. Richardson and Schuster tackle these and countless other crucial challenges you're likely to face in the first twenty or so years of your children's lives. Packed with the latest research on parenting techniques and childhood sexuality and filled with helpful stories from real parents about what worked (and what didn't) with their kids, this authoritative volume offers advice and comfort to anyone who is hoping to have a productive dialogue with young people about sex. Whether your focus is on protecting your teens from STDs or raising your little ones to understand their bodies, *Everything You Never Wanted Your Kids to Know About Sex (But Were Afraid They'd Ask)* is an indispensable resource that is sure to leave you educated, entertained, and relieved.

Sex Stuff for Minnesota Parents and Teachers of Kids 7-17 - Carole Marsh 1991

Is There Sex After Kids? - Ellen Kreidman, Ph.D. 1996-06-15
Parents are lovers too! And they should be. In fact, the greatest gift you can give your children is a warm and secure home where the parents love each other. But how do you find the time and energy for romance once you've had kids? Love expert Ellen Kreidman offers sound advice for moms and dads on how to rekindle the love with your mate for a lifetime of emotional and sexual fulfillment. You will learn: * How to become a better lover and light each other's fire. * How to schedule "spontaneous" sex. * How to have an affair with your partner. * The magic of the ten-second kiss. * 51 innovative ways to seduce your partner. * What to do when one of you isn't in the mood. * Creative ways to go on a date, even when you don't have the time or money. With fun-

filled assignments you can start learning today, from setting a romantic mood to hiring a babysitter to teaching your children to respect your privacy, *Is There Sex After Kids?* shows you how to fall in love with your mate all over again.

Sex After Kids - Nate Roberts 2015-01-11

The perfect gift for anyone you know with kids. Why? Because inside the book is BLANK! It's no secret that raising children isn't easy; so much to do, so little time, so much energy expended. Thus no sex after having kids! Have a laugh with your friends that have kids as they open this book, smile and unfortunately nod in agreement! Find more books like this at: www.laughoutloudbooks.com
