Would you let your family play matchmaker to help you get over a broken heart? Ashley Elston's 10 Blind Dates is the perfect Christmas treat:

delicious, warm, funny, escapist YA romance. Sophie wants one thing for Christmas - time with her boyfriend Griffin. So when her parents plan a trip to visit her sister over the holiday, Sophie begs to be left behind with her grandparents and her boisterous extended family. But she and Griffin break up and she's devastated. Sophie's grandmother, hating to see her so upset, devises a (not so) brilliant plan - to distract her from heartbreak. Over the next ten days, different family members will set Sophie up on ten different blind dates, which doesn't sound awkward at all . . . When Griffin turns up unexpectedly, it makes Sophie more confused than ever. Because maybe, just maybe, she's started to have feelings for someone else. Someone who is definitely not available. Film rights have been bought by Matt Kaplan and Ace Antertainment, the team behind hit Netflix YA movie Jenny Han's *To All The Boys I've Loved Before*. Everything Everything screenwriter J. The American Roommate Experiment - Elena Armas 2022-09-06

A Most Anticipated Book of 2022 by Cosmopolitan, Goodreads, PopSugar, and more! From the author of the Goodreads Choice Award winner *The Spanish Love Deception*, the eagerly anticipated follow-up featuring Rosie Graham and Lucas Martín, who are forced to share a New York apartment. Rosie Graham has a problem. A few, actually. She just quit her well paid job to focus on her secret career as a romance writer. She hasn't told her family and now has terrible writer's block. Then, the ceiling of her New York apartment literally crumbles on her. Luckily she has her best friend Lina's spare key while she's out of town. But Rosie doesn't know that Lina has already lent her apartment to her cousin Lucas, who Rosie has been stalking—for lack of a better word—on Instagram for the last few months. Lucas seems intent on coming to her rescue like a Spanish knight in shining armor. Only this one strolls around the place in a towel, has a distracting grin, and an irresistible accent. Oh, and he cooks. Lucas offers to let Rosie stay with him, at least until she can find some affordable temporary housing. And then he proposes an outrageous experiment to bring back her literary muse and meet her deadline: He'll take her on a series of experimental dates meant to jump-start her romantic inspiration. Rosie has nothing to lose. Her silly, online crush is totally under control—but Lucas's time in New York has an expiration date, and six weeks may not be enough, for either her or her deadline.

He's Just Not That Into You - Greg Behrendt 2006-02

Bite-size wisdom from the phenomenally bestselling relationships book that has changed the lives of millions of women around the world.

It's Just a Date - Greg Behrendt 2008

"A fabulous new guide to dating co-authored by Greg Behrendt, former writer on *Sex and the City*, who won women's hearts with his three million copy bestseller *He's Just Not That Into You*. What ever happened to dating? Used to be that a guy would ask a girl out. He'd pick her up at her house and take her out for dinner, a movie, or a cup of coffee and some conversation. Then both parties would decide if they wanted to do it again next week. There was protocol. A standard set of guidelines to follow for this age-old ritual. These days who even knows what dating is? *It's Just a Date* gives you tools, not rules that you can use, while also opening you up to new ideas about how to date and who might be right for you. The book shows us how things have changed on the dating scene and what we need to do to adapt, including-- How the digital age has changed dating, from texting (the new not calling) to online dating; The compromise: hooking up, booty calls and quasi dates -- was it or wasn't it a date?; Exit strategies -- how to pull the plug when the dating isn't working out. Dating doesn't have to be hard -- in fact, if not taken so seriously, it can be seriously fun"--Publisher's description.

sister flirting with her insufferably arrogant next-door neighbour.
