Sexual Freedom Technology - Kali Dubois 2014-03-01

Sex makes you live longer, look younger and feel more alive says researcher who released their yearly statistics. However, the other statistics that did not reach their headlines were 17% of married couples engaged in sex weekly. The other statistics also talked about how men want to last 29 minutes and women want men to last 11 minutes. Then came the statistics on the Blow

Jobs, anal sex and the frames of reality people had for sex. It makes you stop and think for a moment, doesn't it? Listen, if your "animal instinct" is doing its job you already know, deep down, that... A phenomenal sex life is the structure of a deeply fulfilling existence But... what you probably don't know is... how much setting sexual goals for what you want and having your mind working for you affects the quality of sex and your life. If it is all in your mind (even if you don't want to believe) you can have kinky fulfilling sex. You can have sex in any position you so desire. You can have long lasting sex even... multiple orgasms. You can act out sexual fantasies with your woman and have her enjoy them. Why? Because you are human. Since your time on the planet you have walked the earth looking for meaning. They may have told you lies because they don't want you to know. If you want to go deeper into your meaning you will find that it is your birthright to have satisfying sex. No matter if you're old or young, married or single, looks or your career *Sexual Freedom Technology* acts like a laser beam of focus to give you an unfair advantage by rewiring the brain to work for you instead of against you: Give off the unconscious signals women need to feel sexually attracted to you! Partners In Passion - Mark Michaels 2014-02-11 Most of us long for intimate relationships, and though texting and emailing may keep us superficially connected, it ultimately cannot create the kind of intimacy necessary to sustain a deep, fulfilling, and lasting partnership. With the divorce rate reaching a staggering 50 percent in 2013 and the breakup rate among unmarried long-term couples even higher, it

appears that the more we tweet, the more disconnected we become. So many of us believe that new is better, hotter, and more intense, but love at first sight isn't really love, it's chemistry. Developing the connections and intimacy that everyone craves takes time and skill. In *Partners in Passion*, Michaels and Johnson provide readers with a fun, step-by-step guide to discovering true, loving, and romantically sexual relationships that will last for decades. Comprehensive and inclusive, *Partners in Passion* is original and provocative, drawing on a variety of sources: cutting-edge science, psychology, the authors' background in tantra, and personal experiences as teachers and as a couple. *Partners in Passion* invites couples to design their relationships and to choose consciously, and is replete with how-to suggestions and exercises, including interviews with couples from diverse backgrounds, relationship styles, and orientations who are enjoying erotically vibrant partnerships.

[Mating in Captivity](#) - Esther Perel 2012-02-16

When you love someone, how does it feel? And when you desire someone, how is it different? In *Mating in Captivity*, Esther Perel looks at the story of sex in committed couples. Modern romance promises it all - a lifetime of togetherness, intimacy and erotic desire. In reality, it's hard to want what you already have. Our quest for secure love conflicts with our pursuit of passion. And often, the very thing that got us to into our relationships - lust - is the one thing that goes missing from them. Determined to reconcile the erotic and the domestic, Perel explains why democracy is a passion killer in the bedroom. Argues for playfulness, distance, and uncertainty. And shows what it takes to bring lust home. Smart, sexy and explosively original, *Mating in Captivity* is the monogamist's essential bedside read.

Systemic Sex Therapy - Katherine M. Hertlein 2015-02-20

This comprehensive textbook, intended for graduate students in couple and family therapy programs as well as for clinicians of diverse orientations, offers descriptive discussions of sex therapy based on the Intersystem Approach, as developed by Gerald Weeks. The Intersystem Approach considers the biology, psychology, couple dyad, family-of-origin, and larger contextual factors of any sexual disorder or issue. It is grounded in systems theory and represents a new understanding of human sexuality and sexual problems. Appropriate for anyone who wants to progress to a more comprehensive and integrative understanding of sexual dysfunctions, this text will teach the reader how to treat the couple, rather than the individual. Now in a second edition, *Systemic Sex Therapy* presents 12 updated chapters and two new chapters, bringing the material up-to-date with the DSM-5. Each chapter examines the

definition and description of a disorder, its etiology, assessment, treatment, research, and future directions. Experts in the field discuss issues ranging from pharmacology, sexual compulsivity, therapy with lesbian and gay couples, to chapters on male and female lack of desire. A standard text in the field, Systemic Sex Therapy integrates couple and sex therapy to inform the treatment of sexual problems, and to give beginning and experienced clinicians the abilities and confidence they need to produce viable change in their patients' lives.

Kinky in the Digital Age - Liam Wignall 2022
"It was a warm summer's day and the central London streets were bustling with excitement. A sea of people were competing to secure a place where they could watch the Pride march walk past. The audience was diverse, with people of all ages, genders, sexualities and ethnicities, supporting a range of colorful and flamboyant outfits. Having noticed London Pride becoming better attended over the last few years, a group of us arrived early in our usual spot near Pall Mall, which both provided a good view and afforded some shade. There was music blasting out, people were shouting and singing, whistles were blowing, and there were positive and happy vibes all-round. It was before noon, and many people had already started drinking at least somewhat responsibly"--

Symbolizing America - Hervä Varenne

1986-01-01

Anthropologists since Franz Boas and Margaret Mead have traditionally gone off to study 'primitive' cultures. This collection of original essays breaks new ground in showing how anthropological theories and techniques can be applied to the culture of contemporary middle-class Americans. In *Symbolizing America*, ten well-known anthropologists pursue self and identity as cultural rather than psychological matters. Looking homeward, they ask 'What Is American about America?' 'How do we know?' and 'What difference does it make?' They analyze such aspects of American culture as advertising, mass-audience movies, patriotic and ethnic parades, church minutes, college parties, greetings, and the dilemmas of adolescent sexuality. Concerned with familiar interactions, they arrive at new insight into the experience of daily life in America. In their symbolic and semiotic approaches, the authors express the variety yet surprising unity of a dynamic American culture. Chapters include 'Creating America,' 'Doing the Anthropology of America,' and 'Drop in Anytime?: Community and Authenticity in American Everyday Life' by the editor, Hervä Varenne, Teachers College, Columbia University; 'Freedom to Choose: Symbols and Values in American Advertising' by William O. Beeman, Brown University; 'The story of [James] Bond' by Lee Drummond,

McGill University; 'The Melting Pot: Symbolic Ritual or Total Social Fact?' by Milton Singer, University of Chicago; 'The Los Angeles Jews Walk for Solidarity?: Parade, Festival, Pilgrimage?' by Barbara Myerhoff and Stephen Mongulla, University of Southern California; 'History, Faith, and Avoidance?' by Carol Greenhouse, Cornell University; 'The Discourse of the Dorm: Race, Friendship, and Culture? among College Youth?' by Michael Moffatt, Rutgers University; 'Why a Slut? is a Slut?: Cautionary Tales of American Middle-Class Teenage Girls? Morality?' by Joyce Canaan, Centre for Contemporary Cultural Studies; and an epilogue, 'on the Anthropology of America,' by John Caughey, University of Maryland.

The book offers insight into the breadth of the kink community, with chapters discussing different aspects of kink and forms of engagement, both individually and within relationships. Filled throughout with personal vignettes and examples, the authors provide commentary, reflection questions, and thought-provoking considerations to readers who are looking to explore a new area of their life.
