Men Who Hate Women and the Women Who Love Them - Susan

Forward 2011-07-20

Is this the way love is supposed to feel? • Does the man you love assume the right to control how you live and behave? • Have you given up important activities or people to keep him happy? • Is he extremely jealous and possessive? • Does he switch from charm to anger without warning? • Does he belittle your opinions, your feelings, or your accomplishments? • Does he withdraw love, money, approval, or sex to punish you? • Does he blame you for everything that goes wrong in the relationship? • Do you find yourself "walking on eggs" and apologizing all the time? If the questions here reveal a familiar pattern, you may be in love with a misogynist — a man who loves you, yet causes you tremendous pain because he acts as if he hates you. In this superb self-help guide, Dr. Susan Forward draws on case histories and the voices of men and women trapped in these negative relationships to help you understand your man's destructive pattern and the part you play in it. She shows how to break the pattern, heal the hurt, regain your self-respect, and either rebuild your relationship or find the courage to love a truly loving man. **BONUS:** This edition contains an excerpt from Susan Forward's *Toxic Parents*.

Himglish and Femalese - Jean Hannah Edelstein 2011-05-31

As we tumble headlong into the second decade of the third millennium, we are in an era of unprecedented freedom to be whatever we want to be, in defiance of fusty old gender stereotypes. But while the women revel in ruling the boardroom, the men make magic in the kitchen, and everyone does rather unusual things in the bedroom, all of this freedom does have its downside: without understanding the fundamental differences between the genders, we're in for an era of dire confusion when it comes to living with the other half of humanity. But don't furrow your brow. Jean Hannah Edelstein is here to lead you through the perplexing questions of what it means to be a man or a woman in the twenty-first century. With a spectacular talent for unpicking social trends, Edelstein draws equally on experiential and anecdotal evidence, as well as the latest scientific studies, delivering a witty, edgy and definitive manual to understanding your partner/husband/boyfriend/girlfriend. Welcome a fresh new expert on men and women and the contradictory languages they speak.

Sexual Satanism Or How to Seduce Women by Magic - Anthony Overman 2005-12

"*SEXUAL SATANISM or HOW TO SEDUCE WOMEN BY MAGIC* is an outrageous and hilariously funny How To manual, supposedly intended to instruct the socially inept and sexually deprived male in the art of seduction; but in reality is more likely to titillate and amuse intelligent

middle-aged and generation X women who read and even a few above average worldly-wise men. A work of wry, irreverent humour, it debunks the Bible and the blasphemous defamation of women and sex by the dirty minded all-male hierarchies of all three great monotheistic religions. It mocks misogyny, the masculine mystique, conformity, piety, prudery, feminism and all that medieval foolishness dear to the hearts of fundamentalist socio-religious fanatics of all persuasions, domestic and foreign." --The Montserrat Times. READER DISCRETION IS ADVISED.

Marriage, Gender and Islam in Indonesia - Maria Platt 2017-05-12

Marriage is central to Indonesia's social fabric and critical in defining socially legitimate relationships. This book offers a rich anthropological account of Muslim Indonesian women's experiences of courtship, love, marital discord and separation, polygamy, divorce and remarriage. By applying a new approach to theorising marital experiences as playing out across a dynamic marital continuum, it expands static and dichotomous understandings of marriage and divorce. It offers new insights on how local modalities of Islam shape gender relations and are actively negotiated by women in pursuing their marital desires. The book draws upon ethnographic case studies from the eastern Indonesian island of Lombok where early marriage, divorce and remarriage, are common place for Muslim women. In this context up to 70 per cent of marriages are legitimated through Islamic ceremonies and remain unregistered with the state. While these unregistered marriages are legally valid within the communities in which they occur, such unions exclude women from accessing the marital rights theoretically enshrined in Indonesian marriage law. A key contribution of this book lies in its exploration of legal plurality in relation to Indonesian marriage, which involves investigating the salience of Islamic law, local customary law and state law, for women's varied marital trajectories.
