Local Official's Incentives and Policy-making Yahong Zhang
2007 ABSTRACT: This research builds on the studies of politics-administration relationships at local government level. According to the public administration literature, the politics-administration relationship has dynamically evolved from orthodox dichotomy to modified dichotomy and to partnership models. Accepting the notion that professional administrators are important policy-makers along with elected officials, which is identified in modified dichotomy and partnership models, this study raises three empirical questions: How are elected and appointed executives different as policy-makers? What factors determine their interaction patterns in policy-making? And, do these two types of policy-makers have different policy preferences that account for their policy behavior?

Dead Ringer Jessie Rosen 2015-11-11 From the moment Laura Rivers steps foot into Englewood High, she notices the stares—and they aren't the typical once-overs every pretty new girl endures. The students seem confused and...spooked. Whispers echoing through the halls confirm that something is

seriously off. "That new girl looks just like her," they say. It turns out Laura has a doppelgänger, and it isn't just anyone—it's Sarah Castro-Tanner, the girl who killed herself by jumping into the Navasink River one year ago. Laura is determined not to let the gossip ruin her chances of making a fresh start. Thanks to her charming personality and California tan, she catches the eye of Englewood's undisputed golden boy, Charlie Sanders, and it's only a matter of time before they make their relationship official. But something is making Charlie and his friends paranoid—and Laura soon discovers it has to do with Sarah Castro-Tanner. What really happened to Sarah? Why is Charlie unraveling? And how does Laura Rivers fit into it all? After all, she's the dead ringer for a dead girl. Praise for *Dead Ringer*: "Rosen crafts a wild ride that keeps you guessing with every chapter. While the twists and turns are dynamite, it's the deep and original characters that will truly capture your mind and heart with their singular voice. A triumphant debut." —Jillian Lauren, *New York Times* best-selling author of *Some Girls: My Life in a Harem* and *Everything You Ever Wanted* "Thriller lovers won't be able to put down Jessie Rosen's fantastic debut, *Dead Ringer*. Twisty and creepy (in the best way!), it's a page turner from start to finish. I'm anxiously waiting for the next book!" —Jeanne Leitenberg, writer for ABC Family's *Chasing Life* "Don't be fooled by the picture-perfect teens who roam the halls of Englewood High; beneath the surface lurk dark secrets and shocking truths that Jessie Rosen reveals with the delicious, slow-burn timing of a maestro. *Dead Ringer* reminded me of the Christopher Pike novels I devoured as a teen, in the very best way. This book will leave you with chills." —Una LaMarche, author of *Five Summers, Like No Other, Don't Fail Me Now*, and *Unabrow: Misadventures of a Late Bloomer* "Jessie Rosen's *Dead Ringer* reminds me of a Hitchcock movie transferred to high school. As the book tangles through its different points of view, I bit my nails, tensely wondering which character to trust as I discovered the next twists waiting on the

I raced toward the end but hated when it was over." —Lucy Keating, author of Dreamology

Wedding Toasts I'll Never Give Ada Calhoun 2017-05-16 Seven essays celebrating the beauty of the imperfect marriage. We hear plenty about whether or not to get married, but much less about what it takes to stay married. Clichés around marriage—eternal bliss, domestic harmony, soul mates—leave out the real stuff.

After marriage you may still want to sleep with other people. Sometimes your partner will bore the hell out of you. And when stuck paying for your spouse's mistakes, you might miss being single. In *Wedding Toasts I'll Never Give*, Ada Calhoun presents an unflinching but also loving portrait of her own marriage, opening a long-overdue conversation about the institution as it truly is: not the happy ending of a love story or a relic doomed by high divorce rates, but the beginning of a challenging new chapter of which "the first twenty years are the hardest."

of modern coupledness for a nuanced discussion of infidelity, existential anxiety, and the many other obstacles to staying together. Both realistic and openhearted, *Wedding Toasts I'll Never Give* offers a refreshing new way to think about marriage as a brave, tough, creative decision to stay with another person for the rest of your life. "What a burden," Calhoun calls marriage, "and what a gift."

Shedding His Wings for Love L. J. Collins 2019-08-02 As a guardian angel, Samuel has a duty to watch over and protect a lot of human beings. And he loves each and every one of them dearly. He never gets bored, because his humans are always in need of his help or guidance. One night, police officer Jay Reynolds is part of a special team involved in an organised drug-raid in New Cross, south-east London. During a violent and bloody shootout, Jay is shot in the head, but he's still breathing. He's rushed to hospital and put into a medically induced coma to minimise any further damage to his brain. Seeing Jay is in a critical state, Samuel is compelled to make Jay his priority. He constantly communicates with him telepathically to offer words of encouragement and give him strength. The longer Samuel watches over Jay, the harder he finds it to block out his secret desires. He longs to be with Jay so he can nurse him back to health and fill his life with the love he desperately needs. When he sees Jay regaining consciousness, his heart rules his head, and he returns to Earth in human form to make both their dreams come true. Trigger warning: This story includes a scene that may appear to be dubious consent while one main character is in a medically induced coma. However the other main character has always been able to read that person's mind and knows he is more than willing.

Social Skills for Public Employees (Officials) Sardón Gall

2021-07-03 Six out of ten young Spaniards want to enter the Public Administration. Stability, fixed hours and extra payments are the 'hooks' that justify that choice. Job security, the guarantee of a decent salary and office hours rank high on the list of life aspirations for millions of people. For them, these conditions are associated with an end, quality of life, and a means, working in the Public Administration. The statistics indicate this: six out of ten young people up to 30 years of age prefer - with the same salary and stability - to work in the public sector rather than in a private company. But not everything is a "paradise", also this type of employment has its disadvantages. It will be complex to envision the future occupations of human public employees since the process of substitution by robots will have very profound impacts, the competencies of the future are related to the most basic human skills: knowing how to read, write, count and speak. Whoever masters these skills (much more complex than they appear) will never lose their job, either in the Public Administration or outside of it. Teachers, police officers and health professionals are the main risk groups for burnout syndrome, a condition in the work environment that generates exhaustion, demotivation and anguish. Progressive exhaustion, lack of motivation for work and sudden changes in mood with feelings of sadness, grief, anguish, mental discomfort accompanied by melancholy, pessimism and insubstantiality. Public Administration in South Asia Meghna Sabharwal

2013-05-07 A state-of-the-art, one-stop resource, Public Administration in South Asia: India, Bangladesh, and Pakistan examines public administration issues and advances in the Indian subcontinent. The book fulfills a critical need. These nations have the largest public administration programs in South Asia, yet existing knowledge on them is fragmented at best. Bringing together leading scholars from these countries, this book provides both an insider perspective and a scholarly look at the challenges and accomplishments in the region. Focusing on the machinery of government, the book explores questions such as: What is the history of public administration development? How are major decisions made in the agencies? Why are anti-corruption efforts so much a challenge? What is the significance of

intergovernmental relations? What is the success of administrative reform? What are examples of successful social development programs? How successful is e-government, and what are its challenges? Why is civil service reform difficult to achieve? How is freedom of information being used as a means to combat corruption and invoke grassroots activism? What can be learned from the successes and failures? While public administration practice and education have become considerably professionalized in the last decade, a sufficiently in-depth and well-rounded reference on public administration in these countries is sorely lacking. Most available books tackle only aspects of public administration such as administrative reforms, civil service, economic developments, or public policy, and are country specific. None provide the in-depth analysis of the sphere of public action in South Asia found in this book. It supplies an understanding of how public administration can be either the source of, or solution to, so many of the problems and achievements in the Indian subcontinent.

In The Presence of My Enemies Clive Wellington Kinlock
2017-09-05 Raised in poverty, forced from his home, and left to find his own way at a young age, Clive Kinlock struggled to keep himself alive, resorting to substance abuse to cope. Realizing the streets of New York City would never allow him to leave that life behind, he moved to Montana to start again. There, he committed a crime that sent him to prison. Coerced into taking a plea agreement, he ended up with a seventy year sentence. This is the story of one man's journey to redemption and rehabilitation. From the injustices of his early childhood to the inhumane treatment behind bars, it examines the causes and realities of life in prison. After years of personal struggle, the authors, Clive and Joy Wellington Kinlock, have become powerful voices for prison reform and the benefits of community outreach programs. This compelling autobiography is a call to action and a celebration of resilience in the human spirit, but above all, it is a story of

Providing analysis at the national, regional level and EU level, this book shows how the countries on the migrant route have been affected according to their degree of integration with the EU and the specific socio-political and economic conditions of each country. Thread of Life Mike Doiron 2013-04-09 *Thread of Life: An Adoption Story* is the true story of an adopted child’s journey to find his birth parents. The adoption process can often leave many unanswered questions for the adoptee, the adopted parents, and even the eventual offspring of an adopted child. It has been said that adoption is more like a marriage than a birth, with two or more individuals, each with their own unique mix of needs, patterns, and genetic history, coming together with love, hope,

and commitment for a future together. You become a family not because you share the same genes but because you share love for each other. Mike Doiron's original intent was to try to fill in some of the gaps—genealogically, medically, and perhaps even mentally—as he began his adult life following university. The endeavor took him down a path of self-discovery and adventure. When he began to chronicle what he had learned, he decided that he wanted to share his findings with others. For him, *Thread of Life* is not meant to be a guidebook for families of adoption, but rather a documented true story sharing personal insights from his own journey to answer the questions many adopted children ponder as they become adults.

Making Spaces: Citizenship and Difference in Schools T. Gordon 2000-01-28 This book uses an ethnographic, cross-cultural approach to study everyday life in secondary schools in London and Helsinki. Employing a metaphor of dance, it explores the relationship between the official school (correct steps), the informal school (improvised steps) and the physical school (the ballroom). Practices and processes of differentiation, marginalisation and of co-operation are explored in relation to gender and its intersections with social class and ethnicity. The concluding question 'who are the wallflowers?' is addressed through a critique of New Right politics and policies in education.

Activation Policies and the Protection of Individual Rights

Paul Van Aerschot 2016-03-16 In Denmark, Finland and Sweden the evolution of administrative law, including social welfare law, has been marked by a shift towards a stronger protection of the recipient's individual rights. The adoption of activation policies targeting recipients of social assistance has highlighted the tensions between decision-making concerning the implementation of these policies and the legislative efforts to promote the realisation of individual rights in the field of social welfare. An examination of the legislation in question and its implementation conditions shows that the realisation of individual rights is subordinated to the pursuit of organisational and other objectives. The findings of the study are used to formulate proposals for the promotion of individual rights based on the Nordic egalitarian model of citizenship. This critical assessment of activation policies should be of broad international appeal. It will be of interest to researchers in social policy, as well as those concerned with protection of rights.
