Men, Women & Children - Chad Kultgen 2011-06-21

The author of *The Average American Male* and *The Lie* returns with a shocking, salacious, and surprisingly subtle new novel of the average American family. Like Neil Strauss and Nick Hornby, Chad Kultgen has the capacity to enthrall and astonish even the most ardent readers of contemporary literary fiction. In *Men, Women, and Children*, his incisive vision, unerring prose, and red-light-district imagination are at their most ambitious and surprising, as he explores the sexual pressures of junior high school students and their parents navigating the internet's shared landscape of pornography, blogs, social networking, and its promise of opportunities, escapes, reinvented identities, and unexpected conflicts.

Man, Woman and Child - Totukani Amen II 2016-02-15

What is the true meaning of being a man? How about being a woman or a child? What are those vibratory energies flowing through us? Are you aware of them? Where do we come from? Where are we heading to? Does "the battle of the sexes" make any sense? Are we really that different one from another, men from women? How about concentrating on what we have in common? Are we the result of chaotic chance or is there a Creator? How could we access ancestral, transcendental teachings? In this series of lectures, the author concentrates on penetrating the deep spirituality of our species, taking us into a journey from ancient beliefs to modern philosophies, not to mention scientific studies, in order to explain many of our physical processes, to then adventure in the psychic realm. Subjects like asexual reproduction, alien origins, the different heaven levels, astral bodies and divine energies are debated, guiding us to the gates towards new and different perspectives over life in general, spirituality and the feeling of fulfillment. Are you ready to open your eyes and mind?

Man and Woman and Child - Harold W. Percival 1992

This extraordinary little book, simply written, opens vistas into fields which have been shrouded in mystery for centuries. Here you will learn about humanity's descent into mortal bodies of birth and death. Here, too, you will learn the true identity of you - the conscious self in the body - and how you may break the hypnotic spell your senses and thinking have cast about you since childhood. Early in the life of a new, growing body, the conscious Self, influenced by its senses, begins to make adjustments in thinking, feeling, and desiring. Gradually, it comes to identify itself completely with its body, thereby losing touch with its true, eternal identity. This darkness leads the human further away from understanding its origin and ultimate destiny. *Man and Woman and Child* shows how to re-discover who and what we really are. "These assertions are not based on fanciful hopes. They are substantiated by the anatomical, physiological, biological and psychological evidences given herein, which you can, if you will, examine, consider and judge; and, then do what you think best." -- H. W. Percival.

Man, Woman, and Child - Christopher Alan Anderson 2012-09-12

Too many of us today view sex or sexuality as separate and apart from procreation. In this article, the author defines the whole procreation/sexual nexus as one of man, woman, and child, a nexus running through all things at all times from alpha to omega. Author Bio: Christopher Alan Anderson (1950 -) received the basis of his education from the University of Science and Philosophy, Swannanoa, Waynesboro, Virginia. He resides in the transcendental/romantic tradition, that vein of spiritual creativity of the philosopher and poet. His quest has been to define and express an eternal romantic reality from which a man and a woman could together stand in their difference and create a living universe of procreative love. Mr. Anderson began these writings in 1971. The first writings were published in 1985. On a personal note, when Mr. Anderson was asked to describe the writings and what he felt their message was he responded, "Spiritual procreation. Mankind has yet to distinguish the two sexes on the spiritual level. In

this failure lies the root of our problems and why we cannot yet touch the eternal together. The message of man and woman balance brings each of us together in love with our eternal other half right now."

Liberty of Man, Woman, and Child - Robert Green Ingersoll 1912

Body Image - Sarah Grogan 2002-01-04

Body Image: Understanding Body Dissatisfaction in Men, Women and Children presents a review of what is presently known and the results of some new research on body image. It compares the effects of gender, sexuality, social class, age and ethnicity on satisfaction with the way we look and suggests how these differences arise. Why, for instance, are heterosexual men much happier with their body images than women or gay men? Sarah Grogan discusses the effect of media presentation of the ideal body and other cultural influences. Surprisingly, despite the almost exclusive media preference for very young female bodies, she finds that older women are not less satisfied with their bodies than younger women. Written for readers from a variety of disciplines, this clear and eclectic book will make the ideal text for students from psychology, sociology, gender and media studies.
