Kulti Mariana Zapata 2015-04-05 When the man you worshipped as a kid becomes your coach, it's supposed to be the greatest thing in the world. Keywords: supposed to. It didn't take a week for twenty-seven-year-old Sal Casillas to wonder what she'd seen

in the international soccer icon--why she'd ever had his posters on her wall, or ever envisioned marrying him and having super-playing soccer babies. Sal had long ago gotten over the worst non-break-up in the history of imaginary relationships with a man that hadn't known she'd existed. So she isn't prepared for this version of Reiner Kulti who shows up to her team's season: a quiet, reclusive shadow of the explosive, passionate man he'd once been. Nothing could have prepared her for the man she got to know. Or the murderous urges he brought out in her. "Sal, please don't make me visit you in jail. Orange isn't your color." This was going to be the longest season of her life.

Tolstoy Rosamund Bartlett 2011-11-08 This biography of the brilliant author of War and Peace and Anna Karenina “should become the first resort for everyone drawn to its titanic subject” (Booklist, starred review). In November 1910, Count Lev Tolstoy died at a remote Russian railway station. At the time of his death, he was the most famous man in Russia, more revered than the tsar, with a growing international following. Born into an aristocratic family, Tolstoy spent his existence rebelling against not only conventional ideas about literature and art but also traditional education, family life, organized religion, and the state. In “an epic biography that does justice to an epic figure,” Rosamund Bartlett draws extensively on key Russian sources, including fascinating material that has only become available since the collapse of the Soviet Union (Library Journal, starred review). She sheds light on Tolstoy’s remarkable journey from callow youth to writer to prophet; discusses his troubled relationship with his wife, Sonya; and vividly evokes the Russian landscapes Tolstoy so loved and the turbulent times in which he lived.

know was why. Why did the American Dream go so wrong for two immigrants? How did such a nightmare come to pass? Acclaimed Russian-American journalist Masha Gessen is uniquely able to tell us. A teenage immigrant herself, she returned to Russia to cover firsthand the transformations that wracked the region from the 1990s on. It is there that she begins her astonishing account of the Tsarnaev brothers, descendants of ethnic Chechens deported to Central Asia in the Stalin era. Following the family in their futile attempts to make a life for themselves in one war-torn locale after another and then, as new émigrés, in an utterly disorienting new world, she reconstructs the brothers' struggle between assimilation and alienation, which incubated a deadly sense of mission. And she traces how such a split in identity can fuel the metamorphosis into a new breed of homegrown terrorist, with feet on American soil but sense of self elsewhere.

[The Tsarnaev Brothers](#) Masha Gessen 2015-04-22 A riveting search for the roots of terrorism by the bestselling author of *The Man Without a Face*. The facts of the tragedy are established: on 15 April 2013, two homemade bombs exploded near the finish line of the Boston Marathon, killing three people and wounding 264 others. The elder of the brothers implicated in the attack, Tamerlan Tsarnaev, died in the ensuing manhunt; Dzhokhar's trial got underway in early 2015. What we don't know is why. How did such a nightmare come to pass? Award-winning Russian journalist Masha Gessen draws on her unique insight and credentials to deliver a powerful story of dislocation, and the longing for clarity and identity that can reach the point of combustion. She reconstructs the struggle between assimilation and alienation that fuelled the Tsarnaev brothers' apparent metamorphosis into a new breed of homegrown terrorist, with their feet planted on American soil but their loyalties elsewhere — a split identity that seems to have incubated a deadly sense of mission.
