

Mystical Sex Love Ecstasy And The Mystical Experience

The Literature of Ecstasy -
Albert Mordell 2022-08-01
DigiCat Publishing presents to
you this special edition of "The
Literature of Ecstasy" by Albert
Mordell. DigiCat Publishing
considers every written word
to be a legacy of humankind.
Every DigiCat book has been
carefully reproduced for
republishing in a new modern
format. The books are available
in print, as well as ebooks.
DigiCat hopes you will treat
this work with the
acknowledgment and passion it
deserves as a classic of world
literature.

Hungry for Ecstasy - Sharon
Klayman Farber 2012
Hungry for Ecstasy: Trauma,
The Brain, and the Influence of
the Sixties by Sharon Klayman
Farber explores the hunger for
ecstatic experience that can
lead people down the road to

self-destruction. In an attempt
to help mental health
professionals and concerned
individuals understand and
identify the phenomenon and
ultimately intervene with
patients, friends, and loved
ones, Farber speaks both
personally and professionally to
the reader. She discusses the
different paths taken on the
road to ecstatic states. There
are religious ecstasies,
ecstasies of pain and near-
death experiences, cult-
induced ecstasies, creative
ecstasies, and ecstasies from
hell. Hungry for Ecstasy
explores not only the
neuroscientific processes
involved but also the influence
of the sixties in driving people
to seek these states. Finally,
Farber draws from her own
personal and professional
experience to advise others

Mystical Sex Love Ecstasy And The Mystical Experience

how to intervene on behalf of the person whose behavior puts his or her life at risk.

Mysticism in India -

Ramchandra Dattatraya

Ranade 1983-01-01

Mysticism in India is a complete and informative description of the teachings, works, and lives of the great poet-saints of Maharashtra written by a scholar and professor who was also a mystic. Jnaneshwar, Namadev, Tukaram, Eknath, Ramdas, and the other saints discussed belonged to the great devotional religious movement that spread through medieval India. With the exception of Ramdas, they all belonged to the tradition of the Varkaris, the most popular sect in contemporary Maharashtra. Their compositions exemplify the universality of their faith and practice, and are recognized as literary treasures. Ranade was primarily interested in the poet-saints as mystics--teachers of the perennial philosophy--whose experiences have general metaphysical and

religious implications. At the heart of his classic is a comprehensive, objective presentation of the thought of these saints, augmented by a deep appreciation of their value and relevance to present-day scholars and seekers.

Mysticism in India is the only major study in English of medieval Indian religious literature. The book's enduring value has been enhanced by the addition of a foreword by a scholar currently working in Marathi literature, and a preface by a present-day poet-saint of Maharashtra.

Studies in Religious Mysticism
- Santosh Thomas 2005

This Book Is An Introductory Study Of Mysticism In The Christian Religion. It Should Be Suitable For Both General Readers And College Undergraduates. It Provides Both A Theory Of Mysticism And Surveys Of Its Main Contours In Buddhism And Traditional Religious Cultures. It Also Suggests How Readers May Understand And Appreciate What Mysticism Implies For Their Own Lives.

Mystical Sex Love Ecstasy And The Mystical Experience

Christian Mysticism - Dr Kevin Magill 2013-06-28

This book introduces students to Christian mysticism and modern critical responses to it. Christianity has a rich tradition of mystical theology that first emerged in the writings of the early church fathers, and flourished during the Middle Ages. Today Christian mysticism is increasingly recognised as an important Christian heritage relevant to today's spiritual seekers. The book sets out to provide students and other interested readers with access to the main theoretical approaches to Christian mysticism - including those propounded by William James, Steven Katz, Bernard McGinn, Michael Sells, Denys Turner and Caroline Walker-Bynum. It also explores postmodern re-readings of Christian mysticism by authors such as Jacques Derrida, Jean-Luc Marion and Jean-François Lyotard. The book first introduces students to the main themes that underpin Christian mysticism. It then reflects on how modern critics have

understood each of them, demonstrating that stark delineation between the different theoretical approaches eventually collapses under the weight of the complex interaction between experience and knowledge that lies at the heart of Christian mysticism. In doing so, the book presents a deliberate challenge to a strictly perennialist reading of Christian mysticism. Anyone even remotely familiar with Christian mysticism will know that renewed interest in Christian mystical writers has created a huge array of scholarship with which students of mysticism need to familiarise themselves. This book outlines the various modern theoretical approaches in a manner easily accessible to a reader with little or no previous knowledge of this area, and offers a philosophical/theological introduction to Christian mystical writers beyond the patristic period important for the Latin Western Tradition.

Sacred Sexuality - Georg

Mystical Sex Love Ecstasy And The Mystical Experience

Feuerstein 2003-11-14

A historical, cross-cultural survey of sexuality as a sacred spiritual practice • Examines sacred sexuality in the world's religious and mystery traditions • Explores contemporary "sexual stress syndrome" resulting from the absence of the sacred in sexual practice • Reveals how to find the sacred in the ordinary This book examines the history of sexuality as a sacramental act. In spite of our culture's recent sexual liberalizations, sexual intimacy often remains unfulfilling. Georg Feuerstein instructs that the fulfillment we long for in our sex lives can only be attained once we have explored the spiritual depths of our erotic natures. Feuerstein delves into a wide variety of spiritual traditions--including Christianity, Judaism, goddess worship, Taoism, and Hinduism--in search of sacred truths regarding sexuality. He reveals that all of these great teachings share the hidden message that spirituality is, in essence, erotic and that sexuality is inherently spiritual.

From the erotic cult of the Great Mother and the archaic ritual of hieros gamos (sacred marriage) to the institution of sacred prostitution and the erotic spirituality practiced in the mystery traditions, Feuerstein offers a wealth of historical practices and perspectives that serve as the bases for a positive sexual spirituality suited to our contemporary needs.

Comparative Religious Ethics -

Christine E. Gudorf 2013-01-01

Unlike other texts, Gudorf's work focuses on common, everyday issues including food and diet, work, sex and marriage, proper dress, anger and violence, charity, family, and infirmity and the elderly while drawing out ethical implications of each and demonstrating how different religious traditions prescribe rules for action. An introductory chapter reviews standard ethical theory and core elements of comparative religious analysis. Each chapter opens with a riveting real-life case and shows how religious ethics can shed light

Mystical Sex Love Ecstasy And The Mystical Experience

on how to handle the larger issues, without determining for the reader what a proper ethical response might be.

From Dinosaur to Dynamite

- Patricia Murray-Chute

2011-07-01

This book has useful advice for healthy eating, cooking recipes, exercise and lovemaking. "I want mature people to realise they can still enjoy a wonderful sex life," states Patricia Murray-Chute, author of the new book *From Dinosaur to Dynamite: The Secret of Joyful Sex*. Her book is a mixture of autobiographical and professional experience as a nurse, midwife, life coach and wife. It applies to all ages, but was originally intended for older readers, and provides encouragement for those with concerns about sex after the age of forty.

The Mind and Heart in Human Sexual Behavior - Alan Paul Bell 1997

Alfred Kinsey opened the door to the American bedroom some fifty years ago when he started counting orgasms and

published his monumental taxonomy of sexual behaviors. Thinking differently, digging deeper, Alan Bell, former Senior Research Psychologist at the Kinsey Institute for Sex Research, explores the meanings of sexual events, from cognitions (motivations, conditioning) and transactions (fantasy, masturbation) to the sexual exchange itself - initiation through afterplay.

The Way of the Beloved -

Robert Van Arsdale 2004-04

Mystical Sex - Louis William Meldman 1990

This entertaining, frequently inspiring, and socially important book explains the principles of equality that underlie all the traditions of mystical sex. Dr. Meldman shows how society's left-brain approach to eroticism has spawned such social problems as pornography, domestic violence, sexual abuse, and economic sexism.

The Perfect Matrimony: The Door to Enter Into Initiation -

Samael Aun Weor 2010-09-21

"Love is the highest religion..."

Mystical Sex Love Ecstasy And The Mystical Experience

- Samael Aun Weor The first of seventy books written by the founder of the modern Gnostic Movement, The Perfect Matrimony contains a complete introduction to the profound and beautiful mystical knowledge from which all the world's great religions have blossomed. First published in 1950, this book contains the first public revelation of the esoteric teachings of Alchemy, Tantra, Kabbalah, and the mysteries of the Mayans, Aztecs, Egyptians, Tibetans, Eleusians, Essenes, and hundreds more. Herein one discovers the Doctrine of the Synthesis: the universal Laws and steps of the Path to Absolute Self-knowledge. Anyone who longs to know the mysteries of life and death through their own experience, to taste and touch the superior worlds, to know the truth directly, personally, will find the keys to those experiences here. "We have written this book with broad clarity; we have unveiled what was veiled. Now, whosoever wants to realize the Self in depth can

rightly do so. Behold, here is the guide, here is the complete teaching. In this book we have lifted the veil of the Christic Mysteries. We have explained what the Christ-principle is. We have invited all human beings to follow the Path of the Perfect Matrimony in order to attain Christification." - Samael Aun Weor. Topics include: Love; The Son of Man; The Great Battle; The Abyss; The Sphere of Lilith; The Sphere of Nahemah; Normal Sexuality; Suprasexuality; The Seven Churches; Happiness, Music, Dance & the Kiss; GAIO; Direct Knowledge; The Education of Children; Sexual Forces and Ritual; The Gnostic Church; The Two Marys; ; The Seven Fundamental Centers of Man; Sex; The Absolute Death of Satan; Adultery; The Root of Pain; Celibacy; The Awakening of Consciousness; Fascination; Remembering Oneself; The Four States of Consciousness; Dreams and Visions; Consciousness, Subconsciousness, Supraconsciousness, Clairvoyant Consciousness;

Mystical Sex Love Ecstasy And The Mystical Experience

Memory; Objective Clairvoyance; Consciousness, Subconsciousness and Supraconsciousness; The Six Fundamental Dimensions; Initiation; The Guardian of the Threshold; The Ordeals of Fire, Air, Water and Earth; The Initiations of Minor Mysteries; The Initiations of Major Mysteries; The Laboratory of the Third Logos; Chac Mool; Serpentine Civilizations; The Exoteric and Esoteric Circles; The Chakras and the Plexuses; The Problem of Internal Illumination; The Vehicles of Fire; Patience and Tenacity; Conscious Faith; Religions and Schools; Charity; etc

Yoga, Bhoga and Ardhanariswara - Prem Saran
2012-04-27

This book is a social-scientific interpretation of the 15 centuries-old Hindu and Buddhist traditions of tantra. It is a self-reflexive study, informed by an insider's empathy and the apprehension of an Indologist-cum-anthropologist who is also a mystic and an initiated practitioner of the cult himself.

Using his personal praxis to inform his research, the author examines three core themes tantra: a 'holonic' mandalic individuality that conduces to the mystical experience; a positive valorisation of pleasure and play; and cultural attitudes of gender-mutuality and complementarity as neatly encapsulated in the icon of Shiva as Ardhanariswara. This analysis — as captured by the tantric mandalas of deities in intimate union who vividly enact the three themes — leads to his compelling metathesis, that of tantra serving as a permanent counterculture within Indic civilisation. This book should be of interest to those in anthropology, South Asian studies, religious studies, gender studies, psychology, and philosophy, as also the general reader.

Sex, Love, and Marriage in the 21st Century - Robert T. Francoeur 1999

Love, sex, and marriage are changing faster than ever before in human history. The current tidal wave of social changes will continue into the

Mystical Sex Love Ecstasy And The Mystical Experience

next century, and we will have to adapt our sexual values and relationships to these accelerating changes. These 22 honest, authentic stories tell of the unconventional paths pioneering church leaders and spiritually-aware women and men have taken in their quest to link their sexuality with their spiritual needs. Some might see in these unorthodox explorations only tales of promiscuous couplings. But these are not stories of wild thrill-seekers. These are tales told from the core of their being about their deeply felt need for genuine, responsible love and intimacy within a spiritual context. Their journeys do not promise paradise or instant happiness, as popular magazines do with recipes for lifelong marital bliss and fiery passion. These sojourners have much to teach us, even when we decide that this or that path is not for us. Their individual paths are not nearly as important as the simple message of God and Eros being inseparable that underlies journey. God and

Eros can come together in many different relationships. And they must come together if we want to nourish and fulfill the divine spark at the core of our being. These women and men challenge our assumptions and our willingness to adapt to our radically changing world.

Sensible Ecstasy - Amy Hollywood 2010-01-15

Sensible Ecstasy investigates the attraction to excessive forms of mysticism among twentieth-century French intellectuals and demonstrates the work that the figure of the mystic does for these thinkers. With special attention to Georges Bataille, Simone de Beauvoir, Jacques Lacan, and Luce Irigaray, Amy Hollywood asks why resolutely secular, even anti-Christian intellectuals are drawn to affective, bodily, and widely denigrated forms of mysticism. What is particular to these thinkers, Hollywood reveals, is their attention to forms of mysticism associated with women. They regard mystics such as Angela of Foligno, Hadewijch, and Teresa of Avila

Mystical Sex Love Ecstasy And The Mystical Experience

not as emotionally excessive or escapist, but as unique in their ability to think outside of the restrictive oppositions that continue to afflict our understanding of subjectivity, the body, and sexual difference. Mystics such as these, like their twentieth-century descendants, bridge the gaps between action and contemplation, emotion and reason, and body and soul, offering new ways of thinking about language and the limits of representation.

The Mystical Sources of Existentialist Thought - George Pattison 2018-11-21

At the time when existentialism was a dominant intellectual and cultural force, a number of commentators observed that some of the language of existential philosophy, not least its interpretation of human existence in terms of nothingness, evoked the language of so-called mystical writers. This book takes on this observation and explores the evidence for the influence of mysticism on the philosophy of existentialism. It begins by

delving into definitions of mysticism and existentialism, and then traces the elements of mysticism present in German and French thought during the late nineteenth and early twentieth centuries. The book goes on to make original contributions to the study of figures including Kierkegaard, Buber, Heidegger, Beauvoir, Sartre, Marcel, Camus, Weil, Bataille, Berdyaev, and Tillich, linking their existentialist philosophy back to some of the key concerns of the mystical tradition. Providing a unique insight into how these two areas have overlapped and interacted, this study is vital reading for any academic with an interest in twentieth-century philosophy, theology and religious studies.

The Whitman Revolution - Betsy Erkkila 2020-12-15

The Whitman Revolution brings together a rich collection of Betsy Erkkila's phenomenally influential essays that have been published over the years, along with two powerful new essays. Erkkila offers a moving account of the inseparable mix

Mystical Sex Love Ecstasy And The Mystical Experience

of the spiritual-sexual-political in Whitman and the absolute centrality of male-male connection to his work and thinking. Her work has been at the forefront of scholarship positing that Whitman's songs are songs not only of workers and occupations but of sex and the body, homoeroticism, and liberation. What is more, Erkkila's writing demonstrates that this sexuality and communal impulse is central to Whitman's revolutionary poetry and his conception of democracy itself—an insight that was all but suppressed during the mid-twentieth century emergence of American literature as a field of study. Highlights of this collection include Erkkila's essays on pairings such as Marx and Whitman, Dickinson and Whitman, and Melville and Whitman. Across the volume, she demonstrates an international vision that highlights the place of Leaves of Grass within a global struggle for democracy. The Whitman Revolution is evidence of Erkkila's

remarkable ability to lead critical discussions, and marks an exciting event in Whitman studies.

Spirituality - Kees Waaijman 2002

This textbook is a systematic guide to the extensive field of spirituality. Kees Waaijman charts the multiform phenomenon of spirituality: the spirituality of ordinary people, the great spiritual traditions and the force of counter-movements. From the foundation of this survey he answers questions like: What exactly is spirituality? What forms can a scholarly approach take? Finally, the book provides methodic access to the study of spirituality, focusing on the following questions: Which are the different forms of spirituality and how can we describe them? How can spiritual texts be given a reliable reading? Which themes can be distinguished in the field of spirituality and what would be a meaningful way to address them? What do we mean by spiritual guidance and what

Mystical Sex Love Ecstasy And The Mystical Experience

can we learn from it? This textbook has no equal. It is indispensable to scholars wishing to study the subject, but also to others who want to learn about spirituality.

Whitman & Dickinson - Éric Athenot 2018-01-15

Whitman & Dickinson is the first collection to bring together original essays by European and North American scholars directly linking the poetry and ideas of Walt Whitman and Emily Dickinson. The essays present intersections between these great figures across several fields of study, rehearsing well-established topics from new perspectives, opening entirely new areas of investigation, and providing new information about Whitman's and Dickinson's lives, work, and reception. Essays included in

this book cover the topics of mentoring influence on each poet, religion, the Civil War, phenomenology, the environment, humor, poetic structures of language, and Whitman's and Dickinson's twentieth- and twenty-first-century reception—including prolonged engagement with Adrienne Rich's response to this "strange uncoupled couple" of poets who stand at the beginning of an American national poetic. Contributors Include: Marina Camboni Andrew Dorkin Vincent Dussol Betsy Erkkilä Ed Folsom Christine Gerhardt Jay Grossman Jennifer Leader Marianne Noble Cécile Roudeau Shira Wolosky
