Intergalactic; Bad Boys -

Jaide Fox 2004

That was before two seven foot tall giants came in trying to pass off stolen jewels like a couple of idiots. But after an ass stun move, she wakes up on a ship, bound for outer space, and then the fun REALLY starts.... Book Two: Cole was going home when the opportunity arose for a little recon on the Troglydons.

There's just one problem: she didn't count on getting caught, and she sure as hell never expected Hawk to come to her rescue. (Contains Intergalactic Bad Boys and Intergalactic Pain in the Ass)

A scary-hot auction night at The Billionaires Club: A former nun with angel beauty fallen on hard times. A devastating billionaire with an angel's name. Forbidden lust emerges when the ropes and whips come into play. Please note: This is explicit erotica. The whole experience felt so dreamlike, I stamped my foot in the shiny new shoe. I felt and heard the stamping. Gabe grinned. "You aren't dreaming." "I'm not sure I can do whatever it is you want me to do." I stared at my hands, nails clipped short to stay as clean as possible. Uncanny man. He seemed to know my thoughts, my feelings. I wanted to feel that close to someone, but he'd learn all the bad stuff,

"I have never resented Ivan's good looks. But there are times, once I became of age to date girls and women, that I wish I could look more like him than myself. Women are not often quick to date a monster. I was okay with that. Until now. Until Winter. She changed everything..." Ivan Petrov is a ruthless Russian businessman who is only six degrees off mob boss. He doesn't give a rat's ass about anything other than getting what he wants. And he wants Winter Rose, the prodigy opera singer, and is willing to torment her sexually until she begs for it. He could care less that Yury, his disfigured and most trusted guard has fallen for her. Winter's Beast is one part sugar and sweet, two parts sex and sweat. It is not your typical Romance and although it has an HEA, it's a dark, twisty road to get there.***WARNING***This novel is filled with angsty consensual non-consent. Yeah, you read that right. I'll say it again...consensual non-consent. It might be triggering for some. As for everyone

else... Shake off those strict Puritan morals and enjoy...

Because Ivan Petrov, The Sexual Sadist certainly has. With Love, Twyla

The Sentient Machine - Amir Husain 2018-04-02

We are already living in the future. Artificial intelligence is

playing an even-greater role in society: from the 'weaponization' of software to the possibility of a post-antibiotic age. The Sentient Machine is the perfect guide to this brave new world. Amir Husain outlines the history behind artificial intelligence from the creation myth of Frankenstein to the advances made by technology innovators such as Elon Musk. Amir Husain asks the essential question: what is the future for humanity in a world that is dominated by machines? Will machines solve all human problems or will they lead us down a dystopian path to human irrelevance? Husain asks what will be the consequences - from job losses, our future, to the existential questions. How are we intelligent, what constitutes progress, how can AI bring us to "the good life"? How can humans prevent ceding decisions to the network of autonomous systems that increasingly surround us? One of the world's leading technologists looks at our

future as we are on the cusp of a second Big Bang, when machines can think independently from us. Will the increasing role of artificial intelligence heal or harm our society? In *The Sentient Machine*, Amir Husain addresses complex computer science concepts in plain language and illustrates his points drawing on a wide variety of cultural and historical references. This is an accessible guide to a fascinating subject. A book that could be adopted onto computer science courses, and some philosophy courses.

It didn't take long for us to figure out the mistake. And in no time at all, we were arguing about everything. The best take-out pizza. Android vs. iPhone. I just don't expect to hate what I find. RYEN He hasn't written in three months. Something's wrong. Did he die? Get arrested? Knowing Misha, neither would be a stretch. Without him around, I'm going crazy. I need to know someone is listening. It's my own fault. I should've gotten his phone number or picture or something. He could be gone forever.
