In the Penalty Box - Lynn Rush 2021-01-05

Willow Figure skating was supposed to be my whole world. One unlucky injury and I'm down...but I'm definitely not out. I just need to rehab—a boatload of it. But who'd have thought I could do it on the boys' hockey team? Of course, the infuriatingly hot captain of the team seems to think I'm nothing but sequins and twirls. Now the only thing a girl can do is put him in his place. Game on. Brodie Hockey is my whole world. I've worked my tail off getting my team in a position to win the championships—and impress major college scouts. So what's a guy to do when a figure skater ends up as our new goalie? Of course, the distractingly sexy skater thinks I'm a testosterone-laced bro with a competitive streak. But I'm almost certain she's just biding her time to heal, then she's gone. Game over.

The Perfectly Imperfect Match - Kendra C. Highley 2017-07-10

Pitcher Dylan Dennings has his future all mapped out: make the minors straight out of high school, work his way up the farm system, and get called up to the majors by the time he's twenty-three. The Plan has been his sole focus for years, and if making his dreams come true means instituting a strict "no girls" policy, so be it. Lucy Foster, needlepoint ninja, big sister to an aspiring pitcher, and chicken advocate, likes a little mayhem. So what if she gets lost taking her brother to baseball camp...at her own high school? The pitching coach, some hotshot high school player, obviously thinks she's a hot mess. Too bad he's cute, because he's so not her type. Problem is, they keep running into each other, and every interaction sparks hotter than the last. But with Dylan's future on the line, he has to decide whether some rules are made to be broken... Disclaimer: This book contains a crazy night of moonlit skinny-dipping, a combustible crush, and kisses swoony enough to unwind even the most Type A athlete. Hour of the Beast - Michael Forsyth 2011-03
The nightmare begins on a lonely country road when young bride Elaine Stern suffers "a fate worse than death" at the hands of a werewolf. Nine months later, the traumatized woman gives birth to a pair of fraternal twins. One, Jason, is

frail, bespectacled and timid. The other, Joshua, is aggressive and hairy, with uncanny strength. When the boys are in their teens, they arrive at Hallerton College, a mysterious place where weird things tend to happen even before they get there. The horror goes into overdrive when a string of grisly murders paralyzes the campus. As the body count mounts, Jason begins to suspect that his brother has inherited the curse of lycanthropy. He races to find a cure, enlisting the help of the wise, adventurous and beautiful Professor Cairo Oldewood. Also along for the ride are Cameron, a gorgeous blonde coed, and Jason's roommate Dylan, a fearless extreme-sports junkie who will do anything for a thrill, even face the full fury of a rampaging monster. Together, to save Joshua's soul, they must solve a centuries-old mystery before the full moon rises again, and before the hour of the beast is upon them! "Hour of the Beast is written in fire and blood. This gripping, fast-paced mystery/thriller features an Indiana Jones-type heroine, Cairo Oldewood. It will keep you turning the page to the very last horror." -- J.e. Franklin, winner of New York Drama Desk Award. Fast-paced and tightly written, Hour of the Beast is a terrifying roller-coaster ride through Hell and back. From the opening scene of indescribable horror to its nail-biting climax on a snow-enshrouded mountain, the tale grabs you by the throat and never lets go. The book introduces a unique horror heroine: Professor Cairo Oldewood, a globe-trotting female Indiana Jones. This charismatic character is intriguing enough to spawn a book series of her own--provided she survives, of course. The author is a former writer for the infamous tabloid Weekly World News, best known for its wacky headlines like "Bat Boy Escapes" and "Alien Backs Clinton." So, as one might expect, the novel is laced with black, subversive humor. Some of the college students' wisecracks and use of slang (banishing your roommate so you can have sex in privacy is known as "sexiling") will make the reader laugh out loud. Yet the book is meticulously researched and delves seriously into werewolf lore. In its pages one finds everything from the origins of lycanthropy in Greco-Roman cults to its bizarre link to LSD produced in bread mold. And, though it delivers the requisite blood, gore and chills in spades,

Hour of the Beast is more than just a horror novel. The author is a Yale graduate with a degree in English Literature and it shows. The work is full of sly historical and literary allusions (Hallerton College is a nod to Harry Haller, the protagonist of Herman Hesse's *Steppenwolf*). In many ways, the book is a thought-provoking exploration of the nature of good and evil in a man. The novel has its share of steamy moments. Some scenes between Cameron and one of the brothers will certainly get readers' pulses pounding. But, despite an opening rape scene--which is tastefully executed, there is nothing in this book to offend the typical adult or young adult reader. Reminiscent of the early novels of Stephen King, such as *Salem's Lot*, *Hour of the Beast* is a masterpiece of modern horror. Beyond the fright factor, the book's characters are three-dimensional and fascinating--you actually care about them. This book will appeal to hardcore horror fans and to people who prefer their chillers with a dose of intellect. The folks who like the works of Charlaine Harris (author of the *Sookie Stackhouse* books that are the basis of the HBO series "True Blood") will love this scary, smart, sexy novel.

Back in the Burbs - Avery Flynn 2021-03-30
Two powerhouse authors bring you a hilarious tale of one woman's journey to find herself again. Ever have one of those days where life just plain sucks? Welcome to my last three months—ever since I caught my can't-be-soon-enough ex-husband cheating with his paralegal. I'm thirty-five years old, and I've lost my NYC apartment, my job, my money, and frankly, my dignity. But the final heartache in the suck sandwich of my life? My great-aunt Maggie died. The only family member who's ever gotten me. Even after death, though, she's helping me get back up. She's willed me the keys to a house in the burbs, of all places, and dared me to grab life by the family jewels. Well, I've got the vise grips already in hand (my ex should take note) and I'm ready to fight for my life again. Too bad that bravado only lasts as long as it takes to drive into Huckleberry Hills. And see the house. There are forty-seven separate HOA violations, and I feel them all in my bones. Honestly, I'm surprised no one's "accidentally" torched the house yet. I want to, and I've only been standing in front of it for five minutes. But then my hot, grumpy neighbor tells me to mow the lawn first and I'm just...done. Done with men too sexy for their own good and done with anyone telling me what to do. First rule of surviving the burbs? There is nothing that YouTube and a glass of wine can't conquer.
