American Nate Nash, idealistic and ambitious, handles the double agent, codenamed MARBLE, considered one of CIA's biggest assets. But Jason Matthews does, and his thrilling Red Sparrow takes us deep inside this treacherous world. He's an insider's insider. He knows the secrets. And he is also a masterful story-teller. *The Masque of the Red Death* - Edgar Allan Poe 2020-08-01

"The Masque of the Red Death", originally published as "The Mask of the Red Death: A Fantasy", is an 1842 short story by American writer Edgar Allan Poe. The story follows Prince Prospero's attempts to avoid a dangerous plague, known as the Red Death, by hiding in his abbey. He, along with many other wealthy nobles, hosts a masquerade ball within seven rooms of the abbey, each decorated with a different color. In the midst of their revelry, a mysterious figure disguised as a Red Death victim enters and makes his way through each of the rooms. Prospero dies after confronting this stranger, whose "costume" proves to contain nothing tangible inside it; the guests also die in turn. Poe's story follows many traditions of Gothic fiction and is often analyzed as an allegory about the inevitability of death, though some critics advise against an allegorical reading. Many different interpretations have been presented, as well as attempts to identify the true nature of the titular disease. The story was first published in May 1842 in Graham's Magazine and has since been adapted in many different forms, including a 1964 film starring Vincent Price.

**Red Earth and Pouring Rain** - Vikram Chandra 2011-04-07

The gods of poetry and death descend on a house in India to vie for the soul of a wounded monkey. A bargain is struck: the monkey must tell a story, and if he can keep his audience entertained, he shall live. The result is Red Earth

and Pouring Rain, Vikram Chandra's astonishing, vibrant novel. Interweaving tales of nineteenth-century India with modern America, it stands in the tradition of *The Thousand and One Nights*, a work of vivid imagination and a celebration of the power of storytelling itself. 'A dazzling first novel written with such originality and intensity as to be not merely drawing on myth but making it.' *Sunday Times*

**Scar Tissue** - Anthony Kiedis 2018-12-20

In SCAR TISSUE Anthony Kiedis, charismatic and highly articulate frontman of the Red Hot Chili Peppers, recounts his remarkable life story, and the history of the band itself. Raised in the Midwest, he moved to LA aged eleven to live with his father Blackie, purveyor of pills, pot, and cocaine to the Hollywood elite. After a brief child-acting career, Kiedis dropped out of U.C.L.A. and plunged headfirst into the demimonde of the L.A. underground music scene. He formed the band with three schoolfriends - and found his life's purpose. Crisscrossing the country, the Chili Peppers were musical innovators and influenced a whole generation of musicians. But there's a price to pay for both success and excess and in SCAR TISSUE, Kiedis writes candidly of the overdose death of his soul mate and band mate, Hillel Slovak, and his own ongoing struggle with an addiction to drugs. SCAR TISSUE far transcends the typical rock biography, because Anthony Kiedis is anything but a typical rock star. It is instead a compelling story of dedication and

debauchery, of intrigue and integrity, of recklessness and redemption.

**Red Round Globe Hot Burning** - Peter Linebaugh 2021-02-23

On February 21, 1803, Colonel Edward (Ned) Marcus Despard was publicly hanged and decapitated in London before a crowd of 20,000

for organizing a revolutionary conspiracy to overthrow King George III. His Black Caribbean wife, Catherine (Kate), helped to write his gallows speech in which he proclaimed that he was a friend to the poor and oppressed. He expressed trust that “the principles of freedom, of humanity, and of justice will triumph over falsehood, tyranny, and delusion.” And yet the world turned. From the connected events of the American, French, Haitian, and failed Irish Revolutions, to the Anthropocene’s birth amidst enclosures, war-making global capitalism, slave labor plantations, and factory machine production, *Red Round Globe Hot Burning* throws readers into the pivotal moment of the last two millennia. This monumental history, packed with a wealth of detail, presents a comprehensive chronicle of the resistance to the demise of communal regimes. Peter Linebaugh’s extraordinary narrative recovers the death-defying heroism of extended networks of underground resisters fighting against privatization of the commons accomplished by two new political entities, the U.S.A. and the U.K., that we now know would dispossess people around the world through today. *Red Round Globe Hot Burning* is the culmination of a lifetime of research—encapsulated through an epic tale of love.
