Sound, Society and the Geography of Popular Music - Dr Ola Johansson 2012-11-28 Popular music is a cultural form much rooted in space and place. This book interprets the meaning of music from a spatial perspective and, in doing so it furthers our understanding of broader social relations and trends, including identity, attachment to place, cultural economies, social activism and politics. The book's editors have brought together a team of

scholars to discuss the latest innovative thinking on music and its geographies, illustrated with a fascinating range of case studies from the USA, Canada, the Caribbean, Australia and Great Britain.

Red Hot Chili Peppers - Rob Fitzpatrick 2004-06-07

Red Hot Chili Peppers front man Anthony Kiedis grew up in Hollywood, hustling a living with his actor father. He eventually discovered music and fell in with Hillel Slovak, Jack Irons, and Michael "Flea" Balzary to form the Red Hot Chili Peppers. Fired up by 1970s funk, rock, ska, and soul, the band fought, split, kissed, made up, and then fought again. This collision of singular personalities and musical genius resulted in a run of albums and reputation as a formidable live act. By the end of the 1980s, though, the band was one man down, with lead

guitarist Hillel Slovak dying from a drug overdose. The struggle gave rise to 1989's groundbreaking Mother's Milk album. Pre-dating Nirvana, the Red Hot Chili Peppers was the first underground band to take what critics dubbed "alternative rock" into the mainstream charts. In 1991, Blood Sugar Sex Magik compounded the Chili Peppers' success, turning its members into bona fide rock stars and plunging them headlong into a riot of drugs, sex, near-death experiences, and spiritual awakening. This book looks at the group through dozens of photographs, and examines the music and stories of one of the most original bands on the planet.

The Red Hot Chili Peppers -

Alan Cross 2012-06-26

Alan Cross is the preeminent chronicler of popular music. Here he looks at the Red Hot Chili Peppers from their founding through 2008. This snapshot of "the right band with the right sound at the right time" is adapted from the audiobook.

rock groups. Together, Anthony Kiedis, John Frusciante, Flea, and Chad Smith tell the 61-million-album selling band's rollercoaster story, with anecdotes of their concert tours and creative collaborations, memories of surprise successes and dark battles with drug addiction, revelations about their personalities and feelings, and admissions about their lives outside the band. With hundreds of photographs, poster images, ticket stubs, and other RHCP memorabilia, this is a must-have for any die-hard fan.

This Day in Music - Neil Cossar
2014-08

Births, deaths and marriages, No1 singles, drug busts and arrests, famous gigs and awards... all these and much more appear in this fascinating 50 year almanac. Using a page for every day of the calendar year, the author records a variety of rock and pop events that took place on a given day of the month across the years. This Day in Music is fully illustrated with hundreds of

pictures, cuttings and album covers, making this the must-have book for any pop music fan.

Lords of the Sunset Strip -

Blackie Dammett 2013-03-31

'I did a double take when I saw fourteen-year-old Drew Barrymore at the bar, drinking with the Bukowski crowd. She was adorable, spoke with a potty mouth and carried on as if she was in her twenties. I was straining to approach her but backed off. I'd been in enough trouble. The next time I looked she was gone. A couple nights later she reappeared and in the same spot at the middle of the bar, entertaining the bartender. I pulled the trigger this time, and whatever I had to say she bought.' 'I'm eating your book! It's delicious!' Lia Mack - Portland, Oregon "Fervent shades of Jack Kerouac." Terry Wells - Brigg, England "Lords of the Sunset Strip" is the brutally honest and hilarious memoir of actor and writer Blackie Dammett—AKA John Kiedis—who happens to be the father of Red Hot Chili Peppers

frontman Anthony Kiedis. Set mostly in Hollywood but with multiple national and worldwide excursions for film shoots, love affairs and drug deals, this tell-all provides an unexpectedly candid look at an actor's transition from a wild man with a dream to a sensitive if unconventional parent with a dream. And of course, there were the women. New girls were always replenishing the scene. Dammett towed his young Red Hot Chili Pepper with him through a torrent of sex-fueled parties, auditions and business deals in Hollywood, New York and London. It's an exhilarating, exhausting and romantic journey. It had a profound and ineffable influence on Rock & Roll Hall of Famer Anthony. "Lords of the Sunset Strip" will no doubt have a similar influence on its readers as well. It's simply the biggest, baddest, boldest tale of Hollywood and Rock & Roll ever written.

Acid for the Children - Flea

2019-11-05

New York Times BestsellerA

#1 LA Times BestsellerA USA Today BestsellerOne of NPR's "Favorite Books of 2019" The iconic bassist and co-founder of the Red Hot Chili Peppers tells his fascinating origin story, complete with all the dizzying highs and the gutter lows you'd want from an LA street rat turned world famous rock star. In *Acid for the Children*, Flea takes readers on a deeply personal and revealing tour of his formative years, spanning from Australia to the New York City suburbs to, finally, Los Angeles. Through hilarious anecdotes, poetical meditations, and occasional flights of fantasy, Flea deftly chronicles the experiences that forged him as an artist, a musician, and a young man. His dreamy, jazz-inflected prose makes the Los Angeles of the 1970s and 80s come to gritty, glorious life, including the potential for fun, danger, mayhem, or inspiration that lurked around every corner. It is here that young Flea, looking to escape a turbulent home, found family in a community of musicians, artists, and junkies

who also lived on the fringe. He spent most of his time partying and committing petty crimes. But it was in music where he found a higher meaning, a place to channel his frustration, loneliness, and love. This left him open to the life-changing moment when he and his best friends, soul brothers, and partners-in-mischief came up with the idea to start their own band, which became the Red Hot Chili Peppers. *Acid for the Children* is the debut of a stunning new literary voice, whose prose is as witty, entertaining, and wildly unpredictable as the author himself. It's a tenderly evocative coming-of-age story and a raucous love letter to the power of music and creativity from one of the most renowned musicians of our time.

[Red Hot chilli Peppers - Uncensored on the Record](#) -

[Scar Tissue - Anthony Kiedis](#)
2004-10-01

In this "vivid and inspiring" New York Times bestseller (Newsweek), the Red Hot Chili Peppers' lead singer and

songwriter shares a searingly honest account of life in the rock scene's fast lane—from the darkness into the light. In 1983, four self-described "knuckleheads" burst out of the mosh-pitted mosaic of the neo-punk rock scene in L.A. with their own unique brand of cosmic hardcore mayhem funk. Over twenty years later, the Red Hot Chili Peppers, against all odds, have become one of the most successful bands in the world. Though the band has gone through many incarnations, Anthony Kiedis, the group's lyricist and dynamic lead singer, has been there for the whole roller-coaster ride. In *Scar Tissue*, Kiedis delivers a compelling life story from a man "in love with everything"—the darkness, the death, the disease. Even his descent into drug addiction was a part of that journey, another element transformed into art. Whether he's honoring the influence of the beautiful, strong women who have been his muses or remembering the roaring crowds of Woodstock and the

as friends in high school, to playing strip clubs in nothing but well-placed socks, through a struggle to find the right guitarist, to the present day, Red Hot Chili Peppers FAQ chronicles the adventures of the best-selling alternative rock band of all time. No other book goes through each era of the band's history. Unlike other band biographies, Red Hot Chili Peppers FAQ digs into the trivia that hardcore fans obsess over: every recorded (and unreleased) song and their origins, the story behind each band member's every tattoo, and every piece of gear each band member past and present has ever used. Ever wonder why current drummer Chad Smith switched drum companies? Or how Flea and Dave Navarro ended up recording with Alanis Morissette on "You Oughta Know"? Just when did Anthony Kiedis meet current guitarist Josh Klinghoffer for the first time? When did Kiedis first try harder drugs? How did Cher end up as a babysitter for young Kiedis? When did

Buckethead try out for the band? Who currently owns the mansion where they recorded Blood Sugar Sex Magik? All the answers lay in the pages of Red Hot Chili Peppers FAQ.

Red Hot Chili Peppers:

Fandemonium - The Red Hot Chili Peppers 2014-11-18

A tribute from the Red Hot Chili Peppers to its fans showcases images from concerts around the world as well as photographs of and interviews with the band's loyal legion of followers.

world direct to their legions of fans. The Red Hot Chili Peppers' performances have become legendary as much for the music and antics on stage as the generous, loving community of people who stand side by side, screaming their approval. This is a fan appreciation book from the band that puts the emphasis where it should be -- on the fans. A vivid montage of words from the band members to their fans, it includes hundreds of photos taken at concerts worldwide, and interviews with fifty of the most devoted RHCP fans around the globe. The stories that emerge range from fantastic to tragic, but always inspirational and life-affirming. Lead singer Anthony Kiedis -- New York Times best-selling author of his memoir, *Scar Tissue* -- writes about the making of this book, and tells the story of the band's connection with their fans from day one in 1983 and how that relationship has evolved over three decades. Designed with a DIY/fanzine feel, this book is more than a fan tribute; it's a

cultural exchange that captures the unique connection of an iconic band as devoted to their fans as the fans are to them.

Fornication: The Red Hot Chili Peppers Story - Jeff Apter 2009-12-15

Here is the extreme story of the indestructible LA group from their early funk days to eventual success as one of America's top-selling bands. Despite an epic reputation for exhibitionism, drug taking and debauchery, through it all the Chili Peppers have continued to produce records that shock, challenge and intrigue their fans. Author Jeff Apter has interviewed dozens of people - many speaking openly for the first time - who have moved in and out of the Chili Peppers' circle over the past three decades. He has spoken with former Chili Peppers, life-long friends, classmates, family members, album producers and music business insiders, as he plots the band's rise from Hollywood 'latchkey kids', willing to test-drive any drug or woman they could score, to the
