The Canterbury Relationship Enrichment and Social Skills Training Project - Neville Morris Blampied 1983

The Development of a Couple Relationship Enrichment Program - Kanyarat Malaweche 2006

Unjustified Enrichment - Stephen Swann 2010-03-12

"Unjustified enrichment" is one of the three main non-contractual obligations dealt with in the DCFR. In recent years unjustified enrichment has been one of the most intellectually animated areas of private law. In an area of law whose territory is still partially uncharted and whose boundaries are contested, this volume of Principles of European Law will be invaluable for academic analysis of the law and its development by the courts. During the drafting process, comparative material from over 25 different EU jurisdictions has been taken into account. The work therefore is not only a presentation of a future model for European rules to come but provides also a fairly detailed indication of the present legal situation in the Member States.

Maximizing Your Marriage - Daryl G. Donovan 2004-01

God intends for marriage to be one of the most satisfying relationships you will ever experience. Like our relationship with Christ, your relationship with your spouse should be a source of joy, peace, life, and love. But many marriages miss God's plan. The facts are that only about half the couples who go to the altar remain married -- and many of those who do not divorce find themselves in frustrating relationships full of pain and conflict. Maximizing Your Marriage is an interactive mentoring course for couples based on solid biblical principles about God's design for marriage. Ten weekly sessions provide plenty of tools that get couples headed in the right direction to experience and enjoy all God wants for them. And the course concludes with an overnight retreat which offers couples the opportunity to renew their vows. Maximizing Your Marriage is an adventure that will bring refreshment and encouragement to any marriage. It's a great investment for a healthy relationship that reflects Jesus Christ. Sessions include: * Mutual Submission To Christ * The Wonder Of God's Oneness * A Promise To Be Kept * Expectations vs. Godly Assignments * Stop -- Talk -- and Listen, Listen, Listen * In Pursuit Of Understanding * Finding A Firm Financial Foundation * The Reward Of Raising Children * Intimacy In Every Way * Fueling The Flames Of Your Marriage * The Getaway Daryl G. Donovan is currently the senior pastor of Sanibel Community Church in Sanibel, Florida. He has served in pastoral ministry for nearly three decades and been extensively involved in premarital and marriage counseling. Donovan received his D.Min. degree from San Francisco Theological Seminary. Other books by Donovan include Able To Stand, Men Mentoring Men, Men Mentoring Men Again, The Inheritance, and Mentoring For Marriage.

Life Change for Couples - James Reeves 2013

Healthy people build healthy marriages. With that truth in mind, author and pastor James Reeves guides couples to find long-term healing, closeness, joy, and the strength of a marriage rooted in Christ. Based on a sound biblical context and the proven 12-step model of recovery, Life Change for Couples brings scriptural principles into personal focus, to increase the emotional and spiritual health of both individuals in the marriage. Couples will build their own "toolkit" of nine memorable, life-changing principles that will continue to guide their daily relationship long after this workbook is completed. Designed for use within guided small groups, the workbook moves individual participants to personal introspection, giving them a chance to record their thoughts, questions, and discoveries. Participants are then invited to interact with their discussion group and with their spouse, creating opportunity for growth and learning. Motivated couples can benefit from using this in-depth guide on their own as well.

Unjustified Enrichment - David Johnston 2002-04-18

Unjustified enrichment has been one of the most intellectually vital areas of private law. There is, however, still no unanimity among civil-law and common-law legal systems about how to structure this important branch of the law of obligations. Several key issues are considered comparatively in this 2002 book, including grounds for recovery of enrichment, defences, third-party enrichment, as well as proprietary and taxonomic questions. Two contributors deal with each topic, one a

representative of a common-law system, the other a representative of a civil-law or mixed system. This approach illuminates not just similarities or differences between systems, but also what different systems can learn from one another. In an area of law whose territory is still partially uncharted and whose borders are contested, such comparative perspectives will be valuable for both academic analysis of the law and its development by the courts.

Becoming Celestial Soul Mates: 10 Golden Rules for a Richer Relationship - Trafford R. Cole 2023-04-24

Do you want more from your marriage? Would you like to have a communion of souls with your spouse? Celestial Soul Mates: 10 Golden Rules for a Richer Relationship will help you become soul mates with your spouse. Combining psychological theory, the scriptures, and personal experiences, author Trafford Cole illustrates how two people can become personally involved in their marriage and increase in harmony, love, and friendship.

Intimate Relationships across the Lifespan - Abdul Khaleque 2018-02-08

This comprehensive research-based book is a next-generation study of intimate relationships that explores implications for health and well-being across cultures, genders, and traditional as well as non-traditional relationships. This book fills the need for a contemporary analysis of intimate relationships and their implications for people's health, well-being, and quality of life. It covers topics not ordinarily included in textbooks on this topic, in non-traditional areas such as LGBT relationships. The text also addresses intervention strategies for relationship problems and offers tools and techniques for assessing intimate relationships. Chapters are organized to present information about the origin, formation, development, enrichment, and maintenance of intimate relationships in a way that allows readers to build upon what they have learned. The text provides integrated and evidence-based information on almost all aspects of intimate relationships and will be of interest to undergraduate and graduate students as well as faculty in family studies, psychology, and other social sciences. Moreover, counselors, clinicians, and therapists working on conflict, violence, abuse, maladjustment, depression, deterioration, dissolution, reconstruction, and enrichment of marital and non-marital intimate relationships will find this text valuable for their practice.

An Evaluation of the Impact of a Couples Enrichment Program on Relationship Satisfaction, Communication, Conflict Resolution, and Forgiveness - Chelsi Klentz Davis 2015

Relationship enrichment programs serve to promote the development of healthy intimate relationships (Halford, Markman, Kling, & Stanley, 2003). There are hundreds of relationship enrichment programs available in the United States, alone (smartmarriages.com, 2013). Weekend to Remember is a faith-based relationship enrichment program which has not yet been the subject of empirical evaluation. This is not unusual. A select few of these types of interventions have received research attention, and little of this research has been published in peer reviewed journals. This study aims to contribute to this small body of existing literature by examining the effectiveness of the Weekend to Remember program on couples' relationship satisfaction, communication, conflict resolution, and forgiveness. Maintenance of these changes, and the influences of gender, length of marriage, and level of religiosity on the study variables were also examined. The relationship between forgiveness and conflict resolution was also of interest. This was measured through pre, post, and follow-up assessment of couples, using comparisons between a wait list control group and treatment group. Participants included 49 straight couples. The present study used a longitudinal and correlational design to observe changes in participants after engaging in the Weekend to Remember relationship enrichment program. Analyses involved repeated measurement of the same subjects compared to a wait list control group at two (two surveys administered one month apart before attending Weekend to Remember) and three (pre, post, and follow-up assessment) time points. Analyses

also examined the relationship between demographic and study variables. Both the couple and individuals were the units of analysis. Results indicated that participation in Weekend to Remember increased healthy conflict resolution and this gain was maintained at eight week follow-up. Results did not support an increase or maintenance of relationship satisfaction or forgiveness. Over time, communication did significantly improve, and this gain was maintained. Relationship satisfaction upon entering the intervention, gender, length of relationship, and religiosity were not found to predict significant differences in the study variables. Conflict resolution and forgiveness significantly correlated with one another at pre and follow-up, but not at post assessment.

The Law of Unjust Enrichment in China: Necessary or Not? - Siyi Lin 2022-08-30

This book is the first book focusing on the Chinese law of unjust enrichment in English and introducing it to Western jurisdictions. Unjust enrichment is currently one of the most controversial areas of law in many jurisdictions and rife with academic debate. This book analyzes the historical evolution, current doctrines, and relationships of unjust enrichment with other areas of private law in China. It also provides insights into judicial practice. In May 2020, China promulgated its first-ever Civil Code since the establishment of the People's Republic of China, which is a milestone in the history of Chinese law. Before the Civil Code, there was only one legal provision regulating unjust enrichment, which requires a person obtaining benefits "without a legal basis" to return such benefits. However, the new Civil Code contains a separate chapter regulating unjust enrichment. This book analyzes and evaluates those new provisions in the Civil Code to provide a most up-to-date analysis of the Chinese law of unjust enrichment.
