Gender Equity Right from the Start: Sources and resources for education students in mathematics, science, and technology - Jo Sanders 1997

DHHS Publication No. (ADM). - 1981

Made to Play House - Miriam Formanek-Brunell 1998-11-30

In *Made to Play House*, Miriam Formanek-Brunell traces the history of nineteenth- and twentieth-century dolls and explores the origins of the American toy industry's remarkably successful efforts to promote self fulfillment through maternity and materialism. She tells the fascinating story of how inventors, producers, entrepreneurs—many of whom were women—and little girls themselves created dolls which expressed various notions of female identity.

Gender Equity Right From the Start - Jo Sanders 2013-12-16

What makes girls avoid math, science, and technology in school? And what can teacher educators do to help new teachers keep this from happening so that all of our children's talents can find expression? These two volumes provide teaching materials and background information on gender equity for teacher educators in mathematics, science, and technology education and their students. A practical guide, *Gender Equity Right from the Start* is usable by professors of education for preservice teachers and by staff developers for in-service teachers. By adapting the material for other subjects, it can also be used by teacher educators in content areas other than math, science, and technology. It consists of two

volumes: *Instructional Activities for Teacher Educators in Mathematics, Science, and Technology* contains some 200 teaching activities on the major issues in gender equity, emphasizing solutions and not just problems. Activities take place in out-of-class assignments and field experiences whenever possible to minimize demands on class time. *Sources and Resources for Education Students in Mathematics, Science, and Technology* contains student materials needed for the activities as well as extensive print, electronic, organizational, and other resources for further information.

Shrinking Violets and Caspar Milquetoasts - Patricia McDaniel 2003-11-01

Since World War II Americans' attitudes towards shyness have changed. The women's movement and the sexual revolution raised questions about communication, self-expression, intimacy, and personality, leading to new concerns about shyness. At the same time, the growth of psychotherapy and the mental health industry brought shyness to the attention of professionals who began to regard it as an illness in need of a cure. But what is shyness? How is it related to gender, race, and class identities? And what does its stigmatization say about our culture? In *Shrinking Violets and Caspar Milquetoasts*, Patricia McDaniel tells the story of shyness. Using popular self-help books and magazine articles she shows how prevailing attitudes toward shyness frequently work to disempower women. She draws on evidence as diverse as 1950s views of shyness as a womanly virtue to contemporary views of shyness as a barrier to intimacy to highlight how cultural standards governing shyness reproduce and maintain power differences between and among women and men.

free of the stereotypes that limit their development. Practical advice on discipline, toys, learning, language, play, clothing, and other day-to-day occurrences in the lives of children and parents.

Families in the U.S. - Karen V. Hansen 1998
Attempts to do justice to the complexity of contemporary families and to situate them in their economic, political, and cultural contexts. This book explores the ways in which family life is gendered and reflects on the work of maintaining family and kin relationships, especially as social and family power structures change over time.

Treatment Services for Drug Dependent Women - 1981

[The Handbook of Developmentally Appropriate Toys](#) - Doris Bergen 2021-02-25

The handbook is composed of chapters by authors who discuss the important features of particular types of toys, provide information related to the developmental importance of this type of toy, discuss social and cultural issues engendered by play with such toys, and review the available research on the characteristics and potential impact on children's developmental progress of toys of that type. Both traditional toys and technological toys are discussed. The handbook is expected to serve both as a reference for educators, parents, toy designers, and other interested readers, and as a catalyst for further research and ongoing toy development. Its purpose includes helping readers to gain knowledge that enables them to more fully appreciate the value of children's toy play, find out more about the favorite toys they had in childhood and relive those satisfying play experiences, and learn how to foster the learning, physical development, and social-emotional growth that comes from such toy play.

Resources for Educational Equity - Merle Froschl 2017-04-28

This title, first published in 1988, provides a comprehensive compilation of resources to help teachers and policy makers locate the materials they need to create equitable curriculum and classroom environments. While its primary focus is on girls and women, Resources for Educational Equity takes a comprehensive approach to equity encompassing concerns of

gender, race, and disability. This title will be of interest to both students of education and to educators.

Sex Equity and Sexuality in Education - Susan S. Klein 1992-01-01

Gelijke behandeling en seksuele vorming in het onderwijs staan centraal in deze bundeling essays. Nieuw zijn deze thema's niet voor leerkrachten, maar wel is er nog maar weinig aandacht gegaan naar de combinatie van deze twee onderwerpen. De samenstellers zijn ervan overtuigd dat een goede seksuele vorming op school sekse-gelijkheid in de hand kan werken. De eerste hoofdstukken zijn bedoeld als introductie op het thema. De evolutie van ideeën over seksuele vorming, seksualiteit en gelijke behandeling is het onderwijs worden in hun historische context geschetst. Daarop voortbouwend worden een aantal doelstellingen geformuleerd waaraan seksuele vorming in het onderwijs zou kunnen voldoen. Verder is er ook aandacht voor volgende onderwerpen: seksuele intimidatie, homoseksualiteit en seksualiteit en gehandicapten.
