Ancient Egyptian Science - Marshall Clagett
1989

Marshall Clagett's three-volume study of various aspects of science of Ancient Egypt. Volume 1 concentrates on the origin and development of hieroglyphic writing, the scribal profession, and quasi-learned institutions in ancient Egypt.

Professor Clagett has paid particular attention to the so-called Palermo Stone, the earliest annals composed in Egypt. Volume 2 covers calendars, clocks, and astronomical monuments. Volume 3 gives a discourse on the nature and accomplishments of Egyptian mathematics and also informs the reader as to how our knowledge

of Egyptian mathematics has grown since the publication of the Rhind Mathematical Papyrus toward the end of the 19th century.

The Yoga of the Nine Emotions - Peter Marchand 2006-04-21

A guide to changing negative emotions and promoting happiness using traditional Tantric and Ayurvedic practices • Details the 9 Rasas

that represent our basic emotions • Offers emotional fasting exercises and daily routines for emotional well-being • Shows how Rasa Sadhana can be integrated with other yoga practices • Based on the teachings of Harish Johari Rasas are the essence of our emotions that exist in both the body and the mind. The Tantric tradition recognizes 9 Rasas that represent our basic emotions: love, humor, wonder, courage, calmness, anger, sadness, fear, and disgust. Those who practice Rasa Sadhana learn to overcome negative emotions in order to pursue better health, enhanced spiritual growth, and enduring happiness. Our emotions are continuously affected by the interplay of our senses, the elements, food, and the life force in our body. In *The Yoga of the Nine Emotions*, Peter Marchand offers many practical physiological and philosophical tools from Tantric and Ayurvedic traditions that can help readers change their emotional patterns. He explains the nature and purpose of each Rasa

and how we can strengthen or weaken one Rasa through another. He also offers Ayurvedic cooking guidelines and daily routines for balancing sensory input and strengthening emotional health, including fasting from negative emotions as well as how to energize positive ones. As we master our emotions through the practice of Rasa Sadhana, we gain true control of our lives and our relationships with others.

sequel to Egyptian Yoga: The Philosophy of Enlightenment you will take a fascinating and enlightening journey back in time and discover the teachings which constituted the epitome of Ancient Egyptian spiritual wisdom. What are the disciplines which lead to the fulfillment of all desires? Delve into the three states of consciousness (waking, dream and deep sleep) and the fourth state which transcends them all, Neberdjer, "The Absolute." These teachings of the Ancient Egyptian city of Waset (Thebes) were the crowning achievement of the Sages of Ancient Egypt and culminated in Amun Religion based on the God Amun and his company of gods and goddesses which represent special mystical teachings that lead the practitioner to spiritual enlightenment. They establish the standard mystical keys for understanding the profound mystical symbolism of the Triad of human consciousness.

Hanuman Chalisa Demystified: Ancient Kriya Yoga Tantric Scripture - Chandra Shekhar

Kumar 2017-07-01

Ancient Kriya Yoga Tantric Scripture : Commentaries on Hanuman Chalisa as seen by The Divine Third Eye. This book is an outcome of inner revelations of mystical meanings of Hanuman Chalisa. Penning down itself was full of eternal vibrations which resembled as if being dictated by a Siddha. This journey was full of inexplicable ecstasy and joy, laced with complete surrendering to witnessing the state of Hanuman. It depicts transcendental qualities and attributes of this state in its totality. This body is just an instrument of meditation and the individual is nothing, the individual have nothing. Hanuman is a special state of Siddhas, the qualities of which are described by Hanuman Chalisa. A Sadhak passes through infinite number of states during his Sadhana. Period of stay in any state varies depending on the peculiarities of that state as well the predicament of the Sadhak. During this course, the outer symptoms may not be described and

grasped as aptly as inner symptoms. Outer symptoms like trembling and/or levitation of body often lead to bewilderment and amusement of the beholder. Whereas being in the same state, it leads to calm acceptance and grasp of what is happening to someone else being in that state. Hence irrespective of the peculiarities and idiosyncrasies associated with various paths, the Sadhak finds himself in a special state all of a sudden, often termed as being at one place in Siddha Loka. Gradually, he realizes that there are infinite such states, hence places in Siddha Loka, one of which is Hanuman. It becomes clear to him that practice (Sadhana) is gradual, but being in any such state is all of a sudden, involuntary ones during early stages of Sadhana. There is no single prescribed path for Sadhana, simply because it varies from Sadhak to Sadhak, the root of which is often buried deep in one's Providence(Prarabdha). Hence no matter which path a Sadhak adopts for his journey to start with, he will get aligned to the best path, most

suitable one for him, in due course of time, gradually. The single most important key is : Continue seeking in with utmost Sincerity and Devotion. Historians often attribute the composition of Hanuman Chalisa to Goswami Tulsi Das, whereas a Sadhak realizes, when time is ripe for him, that the particular Shabda is eternal, ever present, everywhere, perceptible to one only when one is ready during his course of Sadhana, including listening to these being chanted/sung by Siddhas, all the time, beyond the time. This book is dedicated to all Sadhakas.

Egypt and India - Muata Ashby 2002-06
EGYPT AND INDIA (AFRICAN ORIGINS BOOK 3 PART 3) African Origins of Eastern Civilization, Religion, Yoga Mysticism and Philosophy- This volume details the connection between Ancient Egypt and India and the development of Indian religion and shows documented evidences of the existence of the teachings that became known as Yoga, Hinduism and Buddhism existed previously in Ancient Africa. The questions of the history of Ancient Egypt, and the latest archeological evidences showing civilization and culture in Ancient Egypt and its spread to other countries, has intrigued many scholars as well as

mystics over the years. Also, the possibility that Ancient Egyptian Priests and Priestesses migrated to Greece, India and other countries to carry on the traditions of the Ancient Egyptian Mysteries, has been speculated over the years as well. In chapter 1 of the book Egyptian Yoga The Philosophy of Enlightenment, 1995, I first introduced the deepest comparison between Ancient Egypt and India that had been brought forth up to that time. Now, in the year 2001 this new book, THE AFRICAN ORIGINS OF CIVILIZATION, MYSTICAL RELIGION AND YOGA PHILOSOPHY, more fully explores the motifs, symbols and philosophical correlations between Ancient Egyptian and Indian mysticism and clearly shows not only that Ancient Egypt and India were connected culturally but also spiritually. How does this knowledge help the spiritual aspirant? This discovery has great importance for the Yogis and mystics who follow the philosophy of Ancient Egypt and the mysticism of India. It means that India has a

longer history and heritage than was previously understood. It shows that the mysteries of Ancient Egypt were essentially a yoga tradition which did not die but rather developed into the modern day systems of Yoga technology of India. It further shows that African culture developed Yoga Mysticism earlier than any other civilization in history. All of this expands our understanding of the unity of culture and the deep legacy of Yoga, which stretches into the distant past, beyond the Indus Valley civilization, the earliest known high culture in India as well as the Vedic tradition of Aryan culture. Therefore, Yoga culture and mysticism is the oldest known tradition of spiritual development and Indian mysticism is an extension of the Ancient Egyptian mysticism. By understanding the legacy which Ancient Egypt gave to India the mysticism of India is better understood and by comprehending the heritage of Indian Yoga, which is rooted in Ancient Egypt the Mysticism of Ancient Egypt is also better understood. This

expanded understanding allows us to prove the underlying kinship of humanity, through the common symbols, motifs and philosophies which are not disparate and confusing teachings but in reality expressions of the same study of truth through metaphysics and mystical realization of Self.

The Culture of Sex in Ancient China - Paul R. Goldin 2001-10-31

The subject of sex was central to early Chinese thought. Discussed openly and seriously as a fundamental topic of human speculation, it was an important source of imagery and terminology that informed the classical Chinese conception of social and political relationships. This sophisticated and long-standing tradition, however, has been all but neglected by modern historians. In The Culture of Sex in Ancient China, Paul Rakita Goldin addresses central issues in the history of Chinese attitudes toward sex and gender from 500 B.C. to A.D. 400. A survey of major pre-imperial sources, including

some of the most revered and influential texts in the Chinese tradition, reveals the use of the image of copulation as a metaphor for various human relations, such as those between a worshiper and his or her deity or a ruler and his subjects. In his examination of early Confucian views of women, Goldin notes that, while contradictions and ambiguities existed in the articulation of these views, women were nevertheless regarded as full participants in the Confucian project of self-transformation. He goes on to show how assumptions concerning the relationship of sexual behavior to political activity (assumptions reinforced by the habitual use of various literary tropes discussed earlier in the book) led to increasing attempts to regulate sexual behavior throughout the Han dynasty. Following the fall of the Han, this ideology was rejected by the aristocracy, who continually resisted claims of sovereignty made by impotent emperors in a succession of short-lived dynasties. Erudite and immensely entertaining,

this study of intellectual conceptions of sex and sexuality in China will be welcomed by students and scholars of early China and by those with an interest in the comparative development of ancient cultures.

The Amazing Liver and Gallbladder Cleanse
- Andreas Mortiz 2003-12-01

In this revised edition of his best-selling book, The Amazing Liver and Gallbladder Cleanse, Andreas Moritz addresses the most common but rarely recognized cause of illness - gallstones congesting the liver. Twenty million Americans suffer from attacks of gallstones every year. In many cases, treatment merely consists of removing the gallbladder, at the cost of \$5 billion a year. But this purely symptom-oriented approach does not eliminate the cause of the illness, and in many cases, sets the stage for even more serious conditions. Most adults living

in the industrialized world, and especially those suffering a chronic illness such as heart disease, arthritis, MS, cancer, or diabetes, have hundreds if not thousands of gallstones (mainly clumps of hardened bile) blocking the bile ducts of their liver. This book provides a thorough understanding of what causes gallstones in the liver and gallbladder and why these stones can be held responsible for the most common diseases so prevalent in the world today. It provides the reader with the knowledge needed to recognize the stones and gives the necessary, do-it-yourself instructions to painlessly remove them in the comfort of one's home. It also gives practical guidelines on how to prevent new gallstones from being formed. The widespread success of The Amazing Liver and Gallbladder Cleanse is a testimony to the power and effectiveness of the cleanse itself. The liver cleanse has led to extraordinary improvements in health and wellness among thousands of people who have already given themselves the

precious gift of a strong, clean, revitalized liver.

The Cycles of Time - Muata Abhaya Ashby 1997-01-01

Finances and money are an integral part of

Ancient Egyptian culture as an instrument for promoting Maat in the form of the well-being of the 'hekat'. The hekat are the people and the "Heka" is the Pharaoh. The Pharaoh was like a shepherd leading a flock and moneys were controlled righteously to promote the welfare of the people. In that tradition we have applied the philosophy of maatian economics to promote the well-being of those who are officially part of the Temple as well as those who may read the books so they may avoid financial trouble as much as possible and have better capacity to practice the teachings. In order to have a successful life human beings need a certain amount of money and wealth but money and wealth are not the goal. They are a foundation that enables the true goal of life, enlightenment, to be realized. Therefore, we are only fulfilling the duty of transmitting wisdom about wealth to promote righteousness, truth and well-being for all. This volume explores the mysteries of wealth based on the teachings of the sages of Ancient Egypt

and the means to promote prosperity that allows a person to create the conditions for discovering inner peace and spiritual enlightenment.

This Volume will introduce the esoteric wisdom of the science of how virtuous living acts in a subtle and mysterious way to cleanse the latent psychic energy conduits and vortices of the spiritual body.

Sacred Sexuality in Ancient Egypt - Ruth Schumann Antelme 2001-10-01

• The first book to fully explore the sexual philosophy and practices of the ancient Egyptians • Lavishly illustrated with erotic scenes from papyri that have long been hidden from the public • Clarifies the connection of sacred sexuality to Egyptian cosmic symbolism Until recently the forbidden papyri, whose explicit illustrations of Egyptian sexual practices were judged too shocking, were off limits to all but a few scholars. In this book, the first to fully explore Egyptian sexual philosophy and practices, Egyptologist Ruth Schumann-Antelme provides us a new view of the provocative sexual life of the ancient Egyptians. Richly illustrated throughout, *Sacred Sexuality in Ancient Egypt* explains the symbolism of the erotic images found on the inner walls of the temples and tombs as well as those carved into pieces of limestone and sketched on papyri. The authors cover in detail the astonishing erotic scenes illustrating the Turin Papyrus, which have long been kept from public view. These papyri reveal

in great detail Egyptian attitudes about love, religion, and even medicine, as well as specific sexual practices. Sacred Sexuality in Ancient Egypt reveals the intimate details of a society in
