Forbidden Fruit - Mark D. Regnerus 2007-03
Americans remain deeply ambivalent about teenage sexuality. Many presume that such uneasiness is rooted in religion. But how exactly does religion contribute to the formation of teenagers' sexual values and actions? What difference, if any, does religion make in adolescents' sexual attitudes and behaviors? Are abstinence pledges effective? What does it mean to be "emotionally ready" for sex? Who expresses regrets about their sexual activity and why? Tackling these and other questions, *Forbidden Fruit* tells the definitive story of the sexual values and practices of American teenagers, paying particular attention to how participating in organized religion shapes sexual decision-making. Merging analyses of three national surveys with stories drawn from interviews with over 250 teenagers across America, Mark Regnerus reviews how young people learn-and what they know-about sex from their parents, schools, peers and other sources. He examines what experiences teens profess to have had, and how they make sense of these experiences in light of their own identities as religious, moral, and responsible persons. Religion can and does matter, Regnerus finds, but religious claims are often swamped by other compelling sexual scripts. Particularly interesting is the emergence of what Regnerus calls a new middle class sexual morality which has little to do with a desire for virginity but nevertheless shuns intercourse in order to avoid risks associated with pregnancy and STDs. And strikingly, evangelical teens aren't less sexually active than their non-evangelical counterparts, they just tend to feel guiltier about it. In fact, Regnerus finds that few religious teens have internalized or are even able to articulate the

sexual ethic taught by their denominations. The only-and largely ineffective-sexual message most religious teens are getting is, "Don't do it until you're married." Ultimately, Regnerus concludes, religion may influence adolescent sexual behavior, but it rarely motivates sexual decision making.

Sex, Religion, Media - Dane S. Claussen 2002
Each chapter in this unique volume explores intersections of sex, religion, and media in our society. An interdisciplinary cast of contributors examines a wide variety of themes, including entertainment producers' roles in disseminating sexual and religious content; news coverage of stories about sex and religion; religious conservatives' efforts to influence media coverage of sex and 'values;' and how religious consumers are influenced by and react to sexual content in media.

Love, Sex and Gender in the World Religions - Nancy M. Martin 2000-08

This new volume offers enlightening new perspectives on the roles of love, sex, and gender in different faiths and covers issues from gender politics to religious ecstasy.

Sex and Religion in the Bible - Calum Carmichael 2010-03-30

If we look to the Bible for historical accounts of ancient life, we make a profound error. So contends Calum Carmichael in this original and incisive reading of some of the Hebrew Bible and New Testament's most famous narratives. Sifting through the imaginative layers of these texts with an uncanny sensitivity and a panoptic critical eye, he unearths patterns connecting disparate passages, providing fascinating insights into how ideas were expressed, received, and transformed in the ancient Near East. Ranging from Jacob's encounter with Leah

to the marriage at Cana to Jesus' encounter with the woman at the well, these readings demonstrate the remarkable subtlety and sophistication of the biblical views on marriage, sexuality, fertility, impurity, creation, and love. *Sex Symbolism in Religion* - James Ballantyne Hannay 1922

Food, Sex and Strangers - Graham Harvey
2014-09-11

Religion is more than a matter of worshipping a deity or spirit. For many people, religion pervades every part of their lives and is not separated off into some purely private and personal realm. Religion is integral to many people's relationship with the wider world, an aspect of their dwelling among other beings - both human and other-than-human - and something manifested in the everyday world of eating food, having sex and fearing strangers. "Food, Sex and Strangers" offers alternative ways of thinking about what religion involves and how we might better understand it. Drawing on studies of contemporary religions, especially among indigenous peoples, the book argues that religion serves to maintain and enhance human relationships in and with the larger-than-human world. Fundamentally, religion can be better understood through the ways we negotiate our lives than in affirmations of belief - and it is best seen when people engage in intimate acts with themselves and others.

Sex and the Church in the Long Eighteenth Century - William Gibson 2019-07-25

The Long Eighteenth Century was the Age of Revolutions, including the first sexual revolution. In this era, sexual toleration began and there was a marked increase in the discussion of morality, extra-marital sex, pornography and same-sex relationships in both print and visual culture media. William Gibson and Joanne Begiato here consider the ways in which the Church of England dealt with sex and sexuality in this period. Despite the backdrop of an increasingly secularising society, religion continued to play a key role in politics, family life and wider society and the eighteenth-century Church was still therefore a considerable force, especially in questions of morality. This book integrates themes of gender and sexuality into a broader understanding of the Church of England

in the eighteenth century. It shows that, rather than distancing itself from sex through diminishing teaching, regulation and punishment, the Church not only paid attention to it, but its attitudes to sex and sexuality were at the core of society's reactions to the first sexual revolution.

The God-Idea of the Ancients Or Sex in Religion - Eliza Burt Gamble 2014-03-22

Nowhere is the influence of sex more plainly manifested than in the formulation of religious conceptions and creeds. The object of this book is not only to furnish a brief outline of religious growth, but to show the effect which each of the two forces, male and female, has had on the development of our present God idea.

Discussions include topics such as: sun worship, fire and phallic worship, sacrifices, and many more. A trustworthy history of the growth of religions must correspond to the processes involved in the mental, moral, and social development of the individual and the nation. By means of data brought forward in these later times relative to the growth of the God-idea, it is observed that an independent chain of evidence has been produced in support of the facts recently set forth bearing upon the development of the two diverging lines of sexual demarcation. In other words, it has been found that sex is the fundamental fact not only in the operations of Nature but in the construction of a god.

Sex and God (RLE Women and Religion) - Linda Hurcombe 2014-10-03

These stories, essays and poems by women examine the connections feminists are making between sex and God. The women write from very different perspectives, cutting across the spectrum of feminist writing about sexuality and spirituality within the Judeo-Christian tradition. Some writers, though critical, are determined to retain their radicality in the very teeth of patriarchy by remaining within the traditional forms of faith. Others - impatient, suggests the editor, with the 'great inseminator in the sky' - have moved on to what might be described as a post-patriarchal spirituality. Contributions indicate the exciting spiritual journeys women are currently making and focus on the following areas: monogamy and promiscuity; sex, politics and spirituality; childbirth; sex and healing in dying; feminist sexual psychology; lesbian

identity; and feminist 'embodied' theology. The recent and continuing debate about women priests in the Anglican church uneasily echoes the rumblings of change at a fundamental level in the relationship between women and religion. This book, with its reflections on both the politics of Christian feminism and the more widespread expression of women's spirituality, makes an important contribution to that change. First published in 1987.

Sex, Gender, and Christianity - Priscilla Pope-Levison 2012-10-08

Should women be priests? Should women submit to their husbands? Is premarital sex okay? Inflammatory questions such as these have splintered Christianity and polarized the church. In *Sex, Gender, and Christianity*, a cadre of seasoned college professors offers the modest proposal that honest, fruitful conversations about these questions will take place only if we develop the ability to deal with sex, gender, and the Christian faith with the academic rigor and perspectives of our various disciplines. This volume contributes an unprecedented collection of first-rate articles from a variety of disciplines--from the social sciences to history, from literary criticism to theology--that will challenge college administrators, professors, and students to address fractious questions in an atmosphere of scholarly inquiry. Contributors: David G. Allen, Karen Trimble Alliaume, Brian Bantum, Mikee C. Delony, James G. Dixon III, Antonios Finitis, Theresa J. FitzPatrick, Allyson Jule, Patricia O'Connell Killen, Caryn D. Riswold, and Tina Schermer Sellers

Sex and the Soul, Updated Edition - Donna Freitas 2015-02-27

First published in 2008, Donna Freitas's *Sex and the Soul* revealed what college students -- at institutions large and small, public and private, secular, Catholic, and evangelical -- really think about sex, dating, religion, and spirituality. Based on face-to-face interviews with students across the country, *Sex and the Soul* achieved national acclaim, illuminating the as-yet-unexplored struggles of college students navigating the lines of faith and sexuality. Now, in this updated edition, Freitas reflects on the hundreds of conversations she has had with students since the book was first published in an all-new afterword, and offers practical advice for

young people struggling with issues of sex and spirituality and for the adults giving them guidance.

The Pope and the pill - David Geiringer 2019-10-23

This book is about the sexual and religious lives of Catholic women in post-war England. It uses original oral history material to uncover the way Catholic women negotiated spiritual and sexual demands at a moment when the two increasingly seemed at odds with each other. It also examines the public pronouncements and secretive internal documents of the central Catholic Church, offering a ground-breaking new explanation of the Pope's decision to prohibit the Pill in 1968. The material gathered here offers a fresh perspective on the idea that 'sex killed God', reframing dominant approaches to the histories of sex, religion and social change. The book will be essential reading not only for scholars of sexuality, religion, gender and oral history, but anyone interested in social and cultural change more broadly.

Sex and Religion - Christel Manning 2005

"Offers a collection of diverse and authoritative viewpoints on the ... relationship between spirituality and sexuality in the world's major religions ... Each chapter explores the teachings and practices of a particular religion regarding sex and sexuality, explains controversial issues, and describes the diverse responses to those issues that exist within that traditions. This collection is perfect for courses in religion and sexuality, religion and gender, world religions, or the social aspects of religion"--Page 4 of cover.

Sex, Gender and the Sacred - Joanna de Groot 2014-04-03

Sex, Gender and the Sacred presents a multi-faith, multi-disciplinary collection of essays that explore the interlocking narratives of religion and gender encompassing 4,000 years of history. Contains readings relating to sex and religion that encompass 4,000 years of gender history. Features new research in religion and gender across diverse cultures, periods, and religious traditions. Presents multi-faith and multi-disciplinary perspectives with significant comparative potential. Offers original theories and concepts relating to gender, religion, and sexuality. Includes innovative interpretations of

the connections between visual, verbal, and material aspects of particular religious traditions
Sex, Gender, and Religion - Diana Neal 2006
 Original Scholarly Monograph

The Puritan Origins of American Sex - Tracy Fessenden 2014-03-05

From witch trials to pickaxe murderers, from brothels to convents, and from slavery to Toni Morrison's Paradise, these essays provide fascinating and provocative insights into our sexual and religious conventions and beliefs.

The God-Idea of the Ancients; Or, Sex in Religion - Eliza Burt Gamble 2022-08-15

DigiCat Publishing presents to you this special edition of "The God-Idea of the Ancients; Or, Sex in Religion" by Eliza Burt Gamble. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

When Sex Was Religion - Larry Falls 2010
 Evidence of the connection between sex and religion can be found in fertility cults in all nations of the past. *When Sex Was Religion* takes a comprehensive look at how sexual practices were originally considered a religion before the introduction of Christianity. Dr. Larry Falls, a registered clinical sexologist specializing in sexual abuse trauma and emotional health, spent five years traveling throughout the United States, Canada, and Europe learning about different religions, cultural history, and sexual behavior while working on his doctoral thesis. In his fascinating exploration into the beginning of human reason and the birth of religious thought includes the importance of reproduction, virgins and temple prostitutes, the original meaning of the cross, Devil worship, witches' Sabbath, and the curse of the evil eye. Dr. Falls also proves that the Kama Sutra, an ancient Hindu religious narrative about pleasure, love, and sexuality was really a Bible designed for the purpose of teaching others to gain favor from the gods by engaging in sexual intercourse. Dr. Falls'

examination into sex worship demonstrates that phallic reverence was not only a religion, but also a cause for dominance and sexual exploitation that, to this day, remains part of our social structure.

Sex and Religion - Dag Ølstein Endsjø 2012-01-01

Sex and religion are inevitably and intricately linked. There are few realms of human experience other than sex in which religion has greater reach and influence. The role of religion, of any faith, to prohibit, regulate, condemn, and reward, is unavoidably prominent in questions of sex—namely with whom, when, how, and why. In *Sex and Religion*, Dag Ølstein Endsjø examines the myriad and complex religious attitudes towards sex in cultures throughout the world. Endsjø reflects on some of the most significantly problematic areas in the relationship between sex and religion—from sex before or outside of marriage to homosexuality. Through many examples from world religions, he outlines what people mean by sex in a religious context, with whom it's permissible to have sex, how sex can be a directly religious experience, and what consequences there are for deviance, for both the individual and society. As Endsjø explains, while Buddhist monks call attention to gay sex as a holy mystery, the Christian church questions a homosexual's place in the church. Some religions may believe that promiscuity leads to hurricanes and nuclear war, and in others God condemns interracial marriage. *Sex and Religion* reveals there is nothing natural or self-evident about the ways in which various religions prescribe or proscribe and bless or condemn different types of sexuality. Whether sex becomes sacred or abhorrent depends entirely on how a religion defines it. *Sex and Religion* is a fascinating investigation of mores, meanings, rituals, and rules in many faiths around the globe, and will be of interest to anyone curious about the intersection of these fundamental aspects of human history and experience.
