

Sex Health Wikipedia

[The History of Sexuality](#) - Michel Foucault 1990-04-14

Why we are so fascinated with sex and sexuality—from the preeminent philosopher of the 20th century. Michel Foucault offers an iconoclastic exploration of why we feel compelled to continually analyze and discuss sex, and of the social and mental mechanisms of power that cause us to direct the questions of what we are to what our sexuality is.

[Sperm Wars](#) - Robin Baker 2020-10-06

This classic work on the rules of sex -- updated for a new generation -- is still as provocative as the day it was published, providing simple explanations for any and all questions about what happens in the bedroom. Sex isn't as complicated as we make it. In *Sperm Wars*, evolutionary biologist Robin Baker argues that every question about human sexuality can be explained by one simple thing: sperm warfare. In the interest of promoting competition between sperm to fertilize the same egg, evolution has built men to conquer and monopolize women while women are built to seek the best genetic input on offer from potential sexual partners. Baker reveals, through a series of provocative fictional scenes, the far-reaching implications of sperm competition. 10% of children are not fathered by their "fathers;" over 99% of a man's sperm exists simply to fight off all other men's sperm; and a woman is far more likely to conceive through a casual fling than through sex with her regular partner. From infidelity, to homosexuality, to the female orgasm, *Sperm Wars* turns on every light in the bedroom. Now with new material reflecting the latest research on sperm warfare, this milestone of popular science will still surprise, entertain, and even shock.

Sex in Education - Edward Hammond Clarke 1874

[Guide to Getting it On!](#) - Paul Joannides 2000

More irreverent than ever, the popular guide to fully understanding and enjoying sex has now been revised with new chapters such as "Sex When You're Really Old," "When Sex Gets Boring," and "How to Be Cool When You're Not." 65 illustrations.

New Directions in Sex Therapy - Peggy J. Kleinplatz 2013-05-13

New Directions in Sex Therapy: Innovations and Alternatives focuses on cutting-edge therapy paradigms as alternatives to conventional sex therapy and expands the definition of the field. Replete with helpful clinical illustrations to demonstrate these new approaches in action, this book is intended for anyone who deals with sexual issues and concerns in therapy, clinicians of every kind, in addition to sex therapists.

Sexual Inversion - Havelock Ellis 1897

Sex at Dawn - Christopher Ryan 2021-01-05

The 10th-anniversary edition of the book that radical re-evaluates the origins and nature of human sexuality. Since Darwin's day, we've been told that sexual monogamy comes naturally to our species. Mainstream science — as well as religious and cultural institutions — has maintained that men and women evolved in families in which a man's possessions and protection were exchanged for a woman's fertility and fidelity. In this groundbreaking book, however, Christopher Ryan and Cacilda Jethá argue that human beings evolved in egalitarian groups that shared food, child care, and, often, sexual partners. Weaving together evidence from anthropology, archaeology, primatology, anatomy, and psychosexuality, the authors show how far from human nature monogamy really is. With intelligence and humour, Ryan and Jethá explain how our promiscuous past haunts our contemporary struggles. They explore why many people find long-term fidelity so difficult; why sexual passion tends to fade even as love deepens; why homosexuality persists in the face of standard evolutionary logic; and what the human body reveals about the prehistoric origins of modern sexuality. Shocking, enlightening, and ultimately inspiring, *Sex at Dawn* offers a revolutionary understanding of why we live and love as we do.

[Science of Desire](#) - Dean Hamer 2011-01-11

A compelling behind-the-scenes look at cutting-edge scientific inquiry, as well as a brilliant examination of the ramifications of genetic research, *The Science of Desire* is a lasting resource in the increasingly significant debate over the role that genetics plays in our lives. In July 1993, a scientific event made front-page news: the discovery that genetics plays a significant role in determining homosexuality. In *The Science of Desire*, Dean Hamer—the scientist behind the groundbreaking study—tells the

inside story of how the discovery was made and what it means, not only for our understanding of sexuality, but for human behavior in general. In this accessible and remarkably clear book, Dean Hamer expands on the account of his history-making research to explore the scientific, social, and ethical issues raised by his findings. Dr. Hamer addresses such tough questions as whether it would be possible or ethical to test in utero for the gay gene; whether genetic manipulation could or should be used to alter a person's sexuality; and how a gay gene could have survived evolution. A compelling behind-the-scenes look at cutting-edge scientific inquiry, as well as a brilliant examination of the ramifications of genetic research, *The Science of Desire* is a lasting resource in the increasingly significant debate over the role that genetics plays in our lives.

[Come As You Are: Revised and Updated](#) - Emily Nagoski 2021-03-02

A revised and updated edition of Emily Nagoski's game-changing New York Times bestseller *Come As You Are*, featuring new information and research on mindfulness, desire, and pleasure that will radically transform your sex life. For much of the 20th and 21st centuries, women's sexuality was an uncharted territory in science, studied far less frequently—and far less seriously—than its male counterpart. That is, until Emily Nagoski's *Come As You Are*, which used groundbreaking science and research to prove that the most important factor in creating and sustaining a sex life filled with confidence and joy is not what the parts are or how they're organized but how you feel about them. In the years since the book's initial publication, countless women have learned through Nagoski's accessible and informative guide that things like stress, mood, trust, and body image are not peripheral factors in a woman's sexual wellbeing; they are central to it—and that even if you don't always feel like it, you are already sexually whole by just being yourself. This revised and updated edition continues that mission with new information and advanced research, demystifying and decoding the science of sex so that everyone can create a better sex life and discover more pleasure than you ever thought possible.

[The End of Gender](#) - Debra Soh 2021-08-31

"International sex researcher, neuroscientist, and frequent contributor to *The Globe and Mail* (Toronto) Debra Soh [discusses what she sees as] gender myths in this ... examination of the many facets of gender identity"--

International technical guidance on sexuality education - UNESCO 2018-01-15

[Global Perspectives on Women's Sexual and Reproductive Health Across the Lifecourse](#) - Shonali Choudhury 2017-09-19

This expansive survey spotlights pervasive issues affecting girls' and women's sexual and reproductive health across the lifecourse. Research from diverse countries around the world analyzes the complex relationships among biological, psychological, sociocultural, and economic issues—particularly in terms of inequities—as they shape women's lives. Major challenges and possibilities for intervention are examined in their national context and with their global implications, including child marriage/motherhood, reproductive care and access, fertility, childbearing, contraception, abortion, HIV/STIs, gender-based violence, sexual pleasure, and menopause. In these forceful dispatches, a consistent human rights perspective emphasizes women's control, autonomy, and agency in all stages of their lives. A sampling of topics covered: Girl child marriage: a persistent global women's health and human rights violation Investigating challenges and resilience among women living with obstetric fistula in Kenya A qualitative exploration of mainstream and social media reflections on abortion A continuum of severity of sexual intimate partner violence among black women in the United States Economic empowerment to improve sexual and reproductive health among women and girls Summarizing an interdisciplinary field on research and practical levels, *Global Perspectives on Women's Sexual and Reproductive Health Across the Lifecourse* will be an invaluable text for undergraduate and graduate courses in a wide range of fields, including public health, global health, women's studies, sociology, anthropology, gender studies, and human rights.

[The Perfumed Garden of the Shaykh Nefzawi](#) - Sheik Nefzawi 2014-03

This Is A New Release Of The Original 1886 Edition.

And the Band Played On - Randy Shilts 2011-11-03

In 1981, the year when AIDS came to international attention, Randy Shilts was employed by the San Francisco Chronicle as the first openly gay journalist dealing with gay issues. He quickly devoted himself to reporting on the developing epidemic, trying to understand the cultural, medical and political impact of the disease on the gay community and United States society as a whole. Extensively researched, weaving together personal stories with political and social reporting, *And the Band Played On* is a masterpiece of investigative reporting that led to Randy Shilts being described as "the pre-eminent chronicler of gay life" by The New York Times. Shilts exposed why AIDS was allowed to spread - while the medical and political authorities ignored (and even denied) the threat. It was awarded the Stonewall Book Award, became an international bestseller translated into 7 languages, and was made into a major movie in 1993 starring Richard Gere and Sir Ian McKellen. *And the Band Played On* is one of the great works of contemporary journalism, and provides the foundation for the continuing debate about the greatest medical epidemic faced in our time.

Reproductive Politics - Rickie Solinger 2013-02-27

The term "reproductive politics" was coined by feminists in the 1970s to describe contemporary *Roe v. Wade*-era power struggles over contraception and abortion, adoption and surrogacy, and other satellite issues. Forty years later, questions about reproductive rights are just as complex--and controversial--as they were then. Focusing mainly on the United States, *Reproductive Politics: What Everyone Needs to Know®* explores the legal, political, religious, social, ethical, and medical dimensions of this hotly contested arena. Tracing the historical roots of reproductive politics up through the present, Rickie Solinger considers a range of topics from abortion and contraception to health care reform and assisted reproductive technologies. Solinger tackles some of the most contentious questions up for debate today, including the definition of "fetal personhood," and the roles poverty and welfare policy play in shaping reproductive rights. The answers she provides are informative, balanced, and sometimes quite surprising. Offering a wide range of information in an accessible and engaging manner, *Reproductive Politics: What Everyone Needs to Know®* orients readers and provides the knowledge necessary to follow the debates in this important and continually evolving field. *What Everyone Needs to Know®* is a registered trademark of Oxford University Press.

The Second Sex - Simone de Beauvoir 1997

Of all the writing that emerged from the existentialist movement, Simone

de Beauvoir's groundbreaking study of women will probably have the most extensive and enduring impact. It is at once a work of anthropology and sociology, of biology and psychoanalysis, from the pen of a writer and novelist of penetrating imaginative power. *THE SECOND SEX* stands, five decades after its first appearance, as the first landmark in the modern feminist upsurge that has transformed perceptions of the social relationship of man and womankind in our time

Deal With It - Esther Drill 1999-09

The creators of the award-winning, phenomenally popular interactive website, gURL.com, present a hip, no-nonsense resource book for girls. *The Feminine Mystique* - Betty Friedan 2001-09-17

Released for the first time in paperback, this landmark social and political volume on feminism is credited with being responsible for raising awareness, liberating both sexes, and triggering major advances in the feminist movement. Reprint.

Reproductive Rights in a Global Context - Lara M. Knudsen 2006

Examines women's access to sex education, maternity care, family planning, and abortion, and analyzes how much power women in diverse contexts have to negotiate sexual practices. This book is suitable for courses in women's studies, globalization, public health, and political science.

Rainbow Party - Paul Ruditis 2008-06-24

Rainbow Parties. Are they real? Who's going? GIN and SANDY One's been with all the guys, one's terrified of them. It's Gin's party; she invited everyone. ALLISON President of the Celibacy Club. What's she thinkin'? HUNTER and PERRY Friends...with benefits. JADE Hanging on to it for the right guy. SKYE and ROD Totally doing it, totally curious. VI Skye's BF who has it for Rod. The party could change everything. RUSTY and BRICK One thinks he's a playah. One's built like it. Neither's getting any. ASH and ROSE The class couple, not ready yet. So why are they going? Would you? *Rainbow Party* is a cautionary tale about a group of teens faced with the prospect of attending a party involving oral sex. The novel spotlights each of their diverse viewpoints in the hours leading up to the party. It explores what each teen has -- and has not -- been up to sexually, and why. And ultimately, why they would consider going to a party like this in the first place. This book addresses important and timeless issues relevant to teens, including self-esteem, peer pressure, awareness about STD protection, and making an informed and educated decision about readiness for sexual activity. It was inspired by numerous news reports about the prevalence and attitudes among teens towards certain types of sexual behavior, and is intended to engage readers in this real-life issue in a responsible and constructive fashion.
