The Alienist (TNT Tie-in Edition) Caleb Carr 2017-11-21 NEW YORK TIMES BESTSELLER • NOW A TNT ORIGINAL SERIES • “A first-rate tale of crime and punishment that will keep readers guessing until the final pages.”—Entertainment Weekly “Caleb Carr’s rich period thriller takes us back to the moment in history when the modern idea of the serial killer became available to us.”—The Detroit News When *The Alienist* was first published in 1994, it was a major phenomenon, spending six months on the New York Times bestseller list, receiving critical acclaim, and selling millions of copies. This modern classic continues to be a touchstone of historical suspense fiction for readers everywhere. The year is 1896. The city is New York. Newspaper reporter John Schuyler Moore is summoned by his friend Dr. Laszlo Kreizler—a psychologist, or “alienist”—to view the horribly mutilated body of an adolescent boy abandoned on the unfinished Williamsburg Bridge. From there the two embark on a revolutionary effort in criminology: creating a psychological profile of the perpetrator based on the details of his crimes. Their dangerous quest takes them into the tortured past and twisted mind of a murderer who will kill again before their hunt is over. Fast-paced and riveting, infused with historical detail, *The Alienist* conjures up Gilded Age New York, with its tenements and mansions, corrupt cops and flamboyant gangsters, shining opera houses and seamy gin mills. It is an age in which questioning society’s belief that all killers are born, not made, could have unexpected and fatal consequences. Praise for *The Alienist* “[A] delicious premise . . . Its settings and characterizations are much more sophisticated than the run-of-the-mill thrillers that line the shelves in bookstores.”—The Washington Post Book World “Mesmerizing.”—Detroit Free Press “The method of the hunt and the disparate team of hunters lift the tale beyond the level of a good thriller—way beyond. . . . A remarkable combination of historical novel and psychological thriller.”—The Buffalo News “Engrossing.”—Newsweek “Gripping, atmospheric . . . intelligent and entertaining.”—USA Today “A high-spirited, charged-up and unfailingly smart thriller.”—Los Angeles Times “Keeps readers turning pages well past their bedtime.”—San Francisco Chronicle

44 Chapters About 4 Men BB Easton 2019-11-19 One woman's secret journal completely changes her marriage in this hilarious and biting memoir—the inspiration for the Netflix Original Series *SEX/LIFE*. School psychologists aren't supposed to write books about sex. Doing so would be considered "unethical" and "a fireable offense." Lucky for you, ethics was never my strong suit. *Sex/Life: 44 Chapters About 4 Men* is a laugh-out-loud funny and brutally honest look at female sexuality, as told through the razor-sharp lens of domesticated bad girl BB Easton. No one and nothing is off limits as BB revisits the ex-boyfriends—a sadistic tattoo artist, a punk rock parolee, and a heavy metal bass player—that led her to finally find true love with a straight-laced, drop-dead-gorgeous . . . accountant. After settling down and starting a family with her perfectly vanilla "husbot," Ken, BB finds herself longing for the reckless passion she had in her youth. She begins to write about these escapades in a secret journal, just for fun, but when Ken starts to act out the words on the pages, BB realizes that she might have stumbled upon the holy grail of behavior modification techniques. The psychological dance that ensues is nothing short of hilarious as BB wields her journal like a blowtorch, trying to light a fire under her cold, distant partner. Sometimes it works, sometimes it doesn't, but in the end, BB learns that the man she was trying so hard to change was perfect for her all along.

High in the Clouds Paul McCartney 2006 Imagine a land where all the animals are free . . . To the creatures of the woodland, the land of Animalia sounds like a dream - a tropical island where all the animals live in harmony. And then one day, Wirral the Squirrel's woodland is destroyed by developers and he is thrown into the nightmare world of Megatropolis. But Wirral believes in Animalia and he joins with Froggo, a world-class amphibian balloonist, and Wilhamina, a girl squirrel, to lead the enslaved animals of the city to a new life. So begins an exciting adventure through the mean streets of Megatropolis, over the sea and through the sky. Developed out of an exceptional fusion of creative talents, this story explodes onto every page. Career and Family Claudia Goldin 2021-10-12 "In *Career and Family*, Claudia Goldin builds on decades of complex research to examine the gender pay gap and the unequal distribution of labor between couples in the home. Goldin argues that although recent public and private discourse has brought these concerns to light, the actions taken—such as a single company slapped on the wrist or a few progressive leaders going on paternity leave—are the economic equivalent of tossing a band-aid to someone with cancer. These solutions, Goldin writes, treat the symptoms and not the disease of gender inequality in the workplace and economy. Goldin points to data that reveals how the pay gap widens further down the line in women's careers, about 10 to 15 years out, as opposed to those beginning careers after college. She examines five distinct groups of

women over the course of the twentieth century: cohorts of women who differ in terms of career, job, marriage, and children, in approximated years of graduation-1900s, 1920s, 1950s, 1970s, and 1990s-based on various demographic, labor force, and occupational outcomes. The book argues that our entire economy is trapped in an old way of doing business; work structures have not adapted as more women enter the workforce. Gender equality in pay and equity in home and childcare labor are flip sides of the same issue, and Goldin frames both in the context of a serious empirical exploration that has not yet been put in a long-run historical context. Career and Family offers a deep look into census data, rich information about individual college graduates over their lifetimes, and various records and new sources of material to offer a new model to restructure the home and school systems that contribute to the gender pay gap and the quest for both family and career"--

Love Letters of Great Men Ursula Doyle 2008-08-05 From the private papers of Mark Twain and Mozart to those of Robert Browning and Nelson, Love Letters of Great Men collects together some of the most romantic letters in history. For some of these great men, love is a 'delicious poison' (William Congreve); for others, 'a nice soft wife on a sofa with good fire, & books & music' (Charles Darwin). Love can scorch like the heat of the sun (Henry VIII), or penetrate the depths of one's heart like a cooling rain (Flaubert). Every shade of love is here, from the exquisite eloquence of Oscar Wilde and the simple devotion of Robert Browning, to the wonderfully modern misery of the Roman Pliny the Younger, losing himself in work to forget how much he misses his beloved wife, Calpurnia. Taken together, these Love Letters of Great Men show that perhaps men haven't changed so very much over the last 2,000 years; passion, jealousy, hope and longing are all represented here - as is the simple pleasure of sending a letter to, and receiving one from, the person you love most.

A Culture of Engagement Cathleen Kaveny 2016 Religious traditions in the United States are characterized by ongoing tension between assimilation to the broader culture, as typified by mainline Protestant churches, and defiant rejection of cultural incursions, as witnessed by more sectarian movements such as Mormonism and Hassidism. However, legal theorist and Catholic theologian Cathleen Kaveny contends there is a third possibility--a culture of engagement--that accommodates and respects tradition. It also recognizes the need to interact with culture to remain relevant and to offer critiques of social, political, legal, and economic practices. Kaveny suggests that rather than avoid the crisscross of the religious and secular spheres of life, we should use this conflict as an opportunity to come together and to encounter, challenge, contribute to, and correct one another. Focusing on five broad areas of interest--Law as a Teacher, Religious Liberty and Its Limits, Conversations about Culture, Conversations about Belief, and Cases and Controversies--Kaveny demonstrates how thoughtful and purposeful engagement can contribute to rich, constructive, and difficult discussions between moral and cultural traditions. This provocative collection of Kaveny's articles from Commonweal magazine, substantially revised and updated from their initial publication, provides astonishing insight into a range of hot-button issues like abortion, assisted suicide, government-sponsored torture, contraception, the Ashley Treatment, capital punishment, and the role of religious faith in a pluralistic society. At turns masterful and inspirational, A Culture of Engagement is a welcome reminder of what can be gained when a diversity of experiences and beliefs is brought to bear on American public life.

Unable to keep a job, he moved in with his mother and slept 20 hours a day on her

sofa. In 1982, a 21 year-old cocktail waitress in Ada named Debra Sue Carter was raped and murdered, and for five years the police could not solve the crime. For reasons that were never clear, they suspected Ron Williamson and his friend Dennis Fritz. The two were finally arrested in 1987 and charged with capital murder. With no physical evidence, the prosecution's case was built on junk science and the testimo"

Filter Bubbles and Targeted Advertising The New York Times Editorial Staff 2019-07-15 Over a decade ago, tech companies began using algorithms to personalize our experience of the web. Using sophisticated technology and vast amounts of consumer data, companies began to predict our tastes better than we could ourselves. In response, ecommerce expanded, and journalism adapted itself to the personalized attention economy. However, there was a hidden side effect, which Eli Pariser termed "the filter bubble," which is the exclusion of other perspectives from our tech-assisted preferences. Raising many hard questions including data security, political propaganda, and the pervasiveness of digital "junk food," filter bubbles reveal the future challenges of a personalized, automated web. Features such as media literacy questions and terms enhance this collection, encouraging readers to analyze reporting styles and devices.

Passing Nella Larsen 1929 Nella Larsen (1891-1964) occupies a central place in African-American and Modernist literature, and her status as a Harlem Renaissance woman writer is rivaled only by Zora Neale Hurston's. This Norton Critical Edition of Larsen's electrifying 1929 novel is accompanied by Carla Kaplan's insightfully detailed introduction, explanatory annotations, and a Note on the Text "Backgrounds and Contexts" connects *Passing* to the historical events of the day, most notably the sensational Rhinelander/Jones case of 1925. Fourteen contemporary reviews are reprinted, including those by Alice Dunbar-Nelson, W. B. Seabrook, Mary Griffin, and W. E. B. Du Bois. Little-known documents, including those by Juanita Ellsworth and Caleb Johnson, reveal America's fascination with-and fear of-the cultural phenomenon of passing. Also included are Larsen's statements on the novel and on passing, as well as a generous selection of her letters. The theme of "The Tragic Mulatto(a)" in American literature is explored through related writings by Lydia Maria Child, William Wells Brown, Kate Chopin, Mark Twain, Countee Cullen, and Langston Hughes, among others. Finally, Joseph Seamon Cotter, Jr., Jessie Redmon Fauset, Countee Cullen, W. E. B. Du Bois, Allen Semi [Nella Larsen], George S. Schuyler, Carl Van Vechten, and Langston Hughes voice their impressions of passing from the perspective of the Harlem Renaissance. "Criticism" provides sixteen diverse interpretations of *Passing* by, among others, Deborah E. McDowell, Judith Butler, Cheryl A. Wall, Thadious M. Davis, George Hutchinson, Mary Helen Washington, Ann duCille, Gayle Wald, Claudia Tate, and Jennifer DeVere Brody. A Chronology and Selected Bibliography are also included. Book jacket.

Best. Movie. Year. Ever. Brian Raftery 2020-03-31 From a veteran culture writer and modern movie expert, a celebration and analysis of the movies of 1999—"a terrifically fun snapshot of American film culture on the brink of the Millennium....An absolute must for any movie-lover or pop-culture nut" (Gillian Flynn). In 1999, Hollywood as we know it exploded: *Fight Club*. *The Matrix*. *Office Space*. *Election*. *The Blair Witch Project*. *The Sixth Sense*. *Being John Malkovich*. *Star Wars: The Phantom Menace*. *American Beauty*. *The Virgin Suicides*. *Boys Don't Cry*. *The Best Man*. *Three Kings*. *Magnolia*. Those are just some of the landmark titles released in a dizzying movie year, one in which a group of daring filmmakers and performers pushed cinema to new limits—and took audiences along for the ride. Freed from the restraints of budget, technology, or even taste, they produced a slew of classics that took on every topic imaginable, from sex to violence to the end of the world. The result was a highly unruly, deeply influential set of films that would not only change filmmaking, but also give us our first glimpse of the coming twenty-first century. It was a watershed moment that also produced *The Sopranos*; Apple's AirPort; Wi-Fi; and Netflix's unlimited DVD rentals. "A spirited celebration of the year's movies" (Kirkus Reviews), *Best. Movie. Year. Ever.* is the story of not just how these movies were made, but how they re-made our own vision of the world. It features more than 130 new and exclusive interviews with such directors and actors as Reese Witherspoon, Edward Norton, Steven Soderbergh, Sofia Coppola, David Fincher, Nia Long, Matthew Broderick, Taye Diggs, M. Night Shyamalan, David O. Russell, James Van Der Beek, Kirsten Dunst, the Blair Witch kids, the Office Space dudes, the guy who played Jar-Jar Binks, and dozens more. It's "the complete portrait of what it was like to spend a year inside a movie theater at the best possible moment in time" (Chuck Klosterman).

The Ethical Algorithm Michael Kearns 2019 Over the course of a generation, algorithms have gone from mathematical abstractions to powerful mediators of daily life. Algorithms have made our lives more efficient, more entertaining, and, sometimes, better informed. At the same time, complex algorithms are increasingly violating the basic rights of individual citizens. Allegedly anonymized datasets routinely leak our most sensitive personal information; statistical models for everything from mortgages to college admissions reflect racial and gender bias. Meanwhile, users manipulate algorithms to "game" search engines, spam filters, online reviewing services, and navigation apps. Understanding and improving the science behind the algorithms that run our lives is rapidly becoming one of the most pressing issues of this century. Traditional fixes, such as laws, regulations and watchdog groups, have proven woefully inadequate. Reporting from the cutting edge of scientific research, *The Ethical Algorithm* offers a new approach: a set of principled solutions based on the emerging and exciting science of socially aware algorithm design. Michael Kearns and Aaron Roth explain how we can better embed human principles into machine code - without halting the advance of data-driven scientific exploration. Weaving together innovative research with stories of citizens, scientists, and activists on the front lines, *The Ethical Algorithm* offers a compelling vision for a future, one in which we can better protect humans from the unintended impacts of algorithms while continuing to inspire wondrous advances in technology.

A History of British, Irish and American Literature Hans-Peter Wagner 2021-10-04 The third revised and enlarged edition contains discussions of British, Irish and American literary works up to 2020. Focussing on outstanding writings in prose, poetry, drama and non-fiction, the book covers the time from the Anglo-Saxon period to the 21st century. The feature that makes this literary history unique among its rivals is the coverage of television/web series as a particular form of postmodern drama. The chapters on recent drama now contain detailed analyses of the development of TV and web series from Britain, Ireland and America, with extensive discussions of those series now considered classics. In addition, there are several major innovative features. To begin with, each century is introduced by a survey of the socio-political and cultural backgrounds in which the literary works are embedded. Furthermore, extensive visual material (more than 160 engravings, cartoons and paintings) has been integrated. This visual aspect as well as the introductory sections on art for each century give the reader an excellent idea of the symbiosis between visual and literary representations. Further innovative aspects include - discussions of non-fictional works from literary criticism and theory, travel writing, historiography, and the social sciences - analyses of such popular genres as crime fiction, science fiction, fantasy, the Western, horror fiction, and children's literature - footnotes explaining technical and historical terms and events - a detailed glossary of literary terms - chronological tables for British/Anglo-Irish and American literatures an updated (cut-off date 2020), extensive bibliography containing suggestions for further reading
