

# Sex Offender Registry Perth

In the Best Interests of the Child - Hetty Margarette Johnston 2004-01-01  
Hetty Johnston's story tells of the discovery of the sexual abuse of her seven year old daughter and the realization that a much loved family member had preyed on innocent children for 40 years. Hetty tells of how this impacted her, her daughter, her husband and their family, which lead her to become a committed advocate for child protection. In breaking the silence about her own life, Hetty reveals how her earlier experiences gave her the courage to overcome despair and loss with hope and belief.

**Apprehended Violence Orders** - New South Wales. Law Reform Commission 2003

*Australian Violence* - Duncan Chappell 1995

*Sentencing* - New South Wales. Law Reform Commission 2001

**Sex Offender Registration and Community Notification Laws** -

Wayne Logan 2021-06-17

This volume is the first comprehensive empirical examination of the premises and effects of sex offender registration and notification laws.

**Sex Offender Laws** - Dr. Richard Wright 2009-03-16

"This volume of readings provides an excellent source of information about sex offender laws and policies." --International Journal of Offender Therapy and Comparative Criminology "Sex Offender Laws...is a good source for balanced, objective, and thorough critique of our current sex offender policies as well as a source for accurate information about a very heterogeneous population...The message that sexual abuse is often a multifaceted and complex issue and that policy based on quick fixes or knee jerk reactions do not often work will be informative and enlightening to many readers." --Sex Roles "[T]his fine book by Richard Wright and his distinguished collaborators provides the evidence that wise policy-makers would want to consider. It covers every major field of research concerning sex offenders and sexual offenses and provides evidence of bad practices and policies. Intellectually honest politicians should read this book." --Michael Tonry, LL.B, Professor of Law and Public Policy University of Minnesota Law School (From the Foreword)  
In response to many high-profile cases of sexual assault, federal and state governments have placed a number of unique criminal sanctions on sex offenders. These include residency restrictions, exclusionary zones, electronic monitoring, and chemical castration. However, the majority of sex offender policies are not based on empirical evidence, nor have they demonstrated any significant reductions in offender recidivism. In fact, some of these policies have unintended consequences, which actually increase the likelihood of sexual offenses. In this book, Wright critically analyzes existing policies, and assesses the most effective approaches in preventing sex offender recidivism. This provocative and timely book draws from the fields of criminal justice, law, forensic psychology, and social work to examine how current laws and policies are enacted and what to-date is known about their efficacy. The team of expert contributors includes Karen Terry, author of *Sexual Offenses and Offenders*, and others who bring a wealth of insight to the field of sex offense. In response to the failed policies of sex offender laws, this book presents alternative models and approaches to sex offense laws and policies. Wright also explores critical, cutting-edge topics, such as internet sexual solicitation, the death penalty, and community responses to sex offense. Key Features: An introduction and overview of the history of sex offender laws Analyzes the role of the media in sex offense and sex offender policies Examines the political "untouchability" of sex offender laws and their adverse effects Features interviews with victims of sexual assault, investigating their points of views on what kinds of reforms need to be made to sex offender laws Thought-provoking and insightful, *Sex Offender Laws* serves as a vital resource for policy makers, researchers, and students of criminal justice, law, and social work.

**Police Source Book** - Bruce Swanton 1983-01-01

**Paedophilia** - Marianne James 1997

**Prisoner Handbook** - Legal Aid, Western Australia 2014

Designed to help prisoners know their basic rights while in prison and

what resources are available to help deal with issues they may have in prison.

**Raised on the Registry** - Nicole Pittman 2013

This report details the harm public registration laws cause for youth sex offenders. The laws, which can apply for decades or even a lifetime and are layered on top of time in prison or juvenile detention, require placing offenders' personal information on online registries, often making them targets for harassment, humiliation, and even violence. The laws also severely restrict where, and with whom, youth sex offenders may live, work, attend school, or even spend time.

**The Autism Spectrum, Sexuality and the Law** - Nick Dubin 2014-07-21

Based on Nick Dubin's own experience, and drawing on the extensive knowledge of Dr Tony Attwood and Dr Isabelle Hénault, this important book addresses the issues surrounding the autism spectrum, sexuality and the law. The complex world of sex and appropriate sexual behaviour can be extremely challenging for people with autism spectrum disorder (ASD) and, without guidance, many find themselves in vulnerable situations. This book examines how the ASD profile typically affects sexuality and how sexual development differs between the general population and those with ASD. It explains the legalities of sexual behaviour, how laws differ from country to country, and the possibility for adjustment of existing laws as they are applied to the ASD population. With advice on how to help people with autism spectrum disorder gain a better understanding of sexuality and a comprehensive list of resources, the book highlights the need for a more informed societal approach to the psychosexual development of people with ASD. A ground-breaking and honest account, this book will be an invaluable addition to the shelves of parents of children with ASD, mental health and legal professionals, teachers, carers and other professionals working with individuals on the spectrum.

**Environmental Crime in Australia** - Samantha Bricknell 2010

Environmental crime encompasses a wide range of activities and behaviours, from carelessness to deliberate acts, that result in environmental harm. This report provides a comprehensive overview of environmental crime as it is perpetrated, detected and dealt with in Australia.

**What Works in Offender Compliance** - Pamela Ugwudike 2013-09-03

This comprehensive edited collection draws together the latest international literature on offender compliance during penal supervision and after court orders expire. Outlining emerging developments in compliance research, theory, policy and practice, this book considers a wide range of offenders including women and young people.

Manual of the Legislature of New Jersey - New Jersey. Legislature 2003

**Punitive Not Protective: When the Mandatory Registration of Young People Is Not Based on Risk** - Standing Committee on

Environment and Public Affairs 2020-05-21

**Catalogue of British Official Publications Not Published by HMSO.** - 2002

*Recidivism of Sex Offenders* - Karen Gelb 2007

Examines the evidence about the prevalence and nature of sexual offending, characteristics of sex offenders, recidivism rates among different kinds of sex offenders, and the efficacy of treatment programmes.

**Online Child Grooming** - Kim-Kwang Raymond Choo 2009

The grooming of children for sexual purposes has been facilitated by online technologies, particularly social networking sites. This report describes the nature and extent of how new technologies are being exploited by offenders and the legislative and non-legislative responses being used to combat this growing problem.

*Resource Materials on Technology-enabled Crime* - George Urbas 2008

The Australian Institute of Criminology has published a guide designed for prosecutors and judicial officers dealing with cases involving technology-enabled crime. The overview explains the types, trends, prevalence and costs of high tech crime, the current legislative framework and international cooperation in dealing with this type of

crime. Although written with this audience in mind and for a prosecutorial environment, it could be useful to other non-technical

people.
