**India Myanmar Relations** - Kamal Jhadav 2023-01-01

Bilateral relations between Myanmar (officially the Republic of the Union of Myanmar or the Union of Burma) and the Republic of India have improved considerably since 1993, overcoming tensions related to drug trafficking, the suppression of democracy and the rule of the military junta in Myanmar. Myanmar is located south of the states of Mizoram, Manipur, Nagaland and Arunachal Pradesh in Northeast India. The Indo-Burmese border stretches over 1,600 kilometres. India had long historical relationship with Myanmar since antiquity, cultural exchanges included Buddhism and the Burmese script, which was based off the Indian Grantha script. In particular, Theravada Buddhism has tremendously influenced Burmese society and culture for millennia, with 90% continuing to follow the religion to this day. Myanmar (formerly Burma) was made a province of British India by British rulers and again separated in 1937. It was in Japanese-occupied Burma that Indian nationalist Subhas Chandra Bose delivered his "Give me blood and I will give you freedom!" slogan, and Prime Minister Narendra Modi highlighted Burma's role in the Indian independence movement

**Women in Modern Burma** - Tharaphi Than 2013-11-07

This book challenges the popular notion that Burmese women are powerful and are granted equal rights as men by society. Throughout history Burmese women have been represented as powerful and as having equal status to men by western travellers and scholars alike. National history about women also follows this conjecture. This book explains why actually very few powerful Burmese women exist, and how these few women help construct the notion of the high status of Burmese women, thereby inevitably silencing the majority of 'unequal' and disempowered women. One of the underlying questions throughout this book is why a few powerful women feel compelled to defend the notion that women hold privileged positions in Burmese society. Combining historical archives with statistical data published by UN agencies, this book highlights the reality of women's status in modern Burma. Case studies include why the first Burmese women's army was disbanded a few months after its establishment; how women writers assessed the conditions of Burmese women and represented their contemporaries in their works; the current state of prostitution; how modern-day sex-workers are trying to find their voice; and how women fared vis-à-vis

men in education.

**Our Home in Myanmar** - Jessica Mudditt 2021-05-08

Myanmar - shrouded in mystery, misunderstood and isolated for half a century. After a whirlwind romance in Bangladesh, Australian journalist Jessica Mudditt and her Bangladeshi husband Sherpa arrive in Yangon in 2012 - just as the military junta is beginning to relax its ironclad grip on power. It is a high-risk atmosphere; a life riddled with chaos and confusion as much as it is with wonder and excitement. Jessica joins a small team of old-hand expat editors at The Myanmar Times, whose Burmese editor is still languishing in prison. Whether she is covering a speech by Aung San Suu Kyi, getting dangerously close to cobras, directing cover shoots with Burmese models, or scaling Bagan's thousand-year-old temples, Jessica is entranced and challenged by a country undergoing rapid change. But as the historic elections of 2015 draw near, it becomes evident that the road to democracy is full of twists, turns and false starts. The couple is blindsided when a rise in militant Buddhism takes a personal turn and challenges their belief that they have found a home in Myanmar.

**Talking about Sex in Myanmar** - Gillian Fletcher 2004

This work has been written from a personal standpoint which in acceptance of linguistic relativity theories and the Sapir-Whorfian view that language constraints and creates ways of understanding the world (Duranti, 1997; Foley, 1997). Theories which have informed this work relate to cross-cultural communication; language choice, constructions of discourses for HIV prevention; in-group membership; reflective, experiential and participatory education; and code-switching and face-saving. At the heart of this thesis is a desire to create successful "rituals of social magic" (Bourdieu, 1991 p111), in which all participants collaborate in production and reproduction of a legitimate language for more effective prevention of HIV transmission.

**Myanmar's Education Reforms** - Marie Lall 2020-11-02

This book reviews the state of education in Myanmar over the past decade and a half as the country is undergoing profound albeit incomplete transformation. Set within the context of Myanmar's peace process and the wider reforms since 2012, Marie Lall's analysis of education policy and practice serves as a case study on how the reform programme has evolved. Drawing on over 15 years of field research carried out across Myanmar, the book offers a cohesive inquiry into government and non-government education sectors, the reform process, and how the transition has played out across schools, universities and wider society. It casts scrutiny on changes in basic education, the alternative monastic education, higher education and teacher education, and engages with issues of ethnic education and the debate on the role of language and the local curriculum as part of the peace process. In so doing, it gives voice to those most affected by the changing landscape of Myanmar's education and wider reform process: the students and parents of all ethnic backgrounds, teachers, teacher trainees and university staff that are rarely heard.

**Sex Trafficking in Southeast Asia** - Trude Jacobsen 2016-11-10

This book brings an important new perspective to the study of sex trafficking by considering the different types of social contracts which existed in the past that had sexual labour or activity as an inherent component. It outlines the nature of these social institutions - marriage, temporary marriage, debt bondage, and slavery - which were recognized in local law, carried no stigma, and endured for long periods. It discusses how labour pledged in return for a loan of cash or as a result of a punishment dictated by the state often included sexual labour, and how this could take the form of servicing the master of the house, his guests, or foreign travellers, who paid the debt-holder for the privilege, and how even wives of different ranks, temporary or permanent, and children, were pledged as sureties for loans. The book, which covers the modern states of Myanmar, Thailand, Laos, Cambodia, and Vietnam, argues that cultural norms are not static, that sexual contracts are more complicated than simply 'marriage' or 'prostitution', and that as trafficking for sexual purposes increases, those engaging in humanitarian intervention should improve their knowledge of the historical underpinnings of cultural understandings of familial and contractual obligations.
