**Planet Venus Secrets** Saket Shah 2020-01-05 Venus relates to luxury, romance, wealth, creativity, and elegance. The house where it is located in a chart defines the area where you need to express yourself socially, passionately, and aesthetically. Venus naturally brings harmony and refinement to the house it occupies. This is the area of life where your attraction falls and a study of Venus in 12 houses will help you know how should approach these areas of life. The activities that the house represents are of great importance to building better partnerships. Venus is very much at play when it comes to love, romance, interests, friendships and artistic inclination. The house it occupies also tells us what you look for in a partner or friend, what your approach towards love is, and what artistic abilities you have. The sign where Venus is posited tells you "how" you express yourself romantically and the house it occupies tells you "where". This is the house where you need to bring harmony and relate to others. The influence of Venus house should not be studied in its purest form, without any affliction, aspect or influence of other planets and signs. Planetary position differs with each horoscope, so the interpretations may also differ accordingly. Your Venus house however pretty much defines what we have stated above

- Hanging out and dating: The Moon governs your feelings and emotions. Are you honest with yourself about how you feel and what you really need from a partner?
- Long term relationships: Mars is the planet of conflict. Do you always seem to be attracted to the wrong people? Are women really from Venus and men from Mars? Full of real talk about attraction, dating, sex, frenemies, self-love, mental health, and how to deal with family, this book will help you build and maintain strong connections—with your crushes, your spouse, your boss, or your mom—and uncover and empower you to get what you really want in relationships, not what you think you should want.

very different pattern. Planet is nothing but a cosmic energy which in particular location in zodiac during our birth impacts our entire life the way we think and the way we behave and also controls our emotions. The glands in our brain reacts to this cosmic energy and creates a certain characteristic in our life patten and day to day life and we can understand this by understanding our horoscope and by checking which sign the planet is sitting and how it impacts our thinking and life. I hope you will love this book and enjoy reading. Regards, Saket Shah

[A Gangster's Girl](#) Chunichi 2013-07-01 Twenty years ago, Chunichi penned the tale of Cezia, the good girl gone bad at the center of this hood classic. This will introduce new audiences to the Essence® bestseller's debut novel, along with a new collectible cover for longtime fans. Meet Ceazia, a very attractive, very good girl who has just left the safety of her parents' home and entered into the world of bad boys and fast money. Ceazia thinks the world belongs to her when she meets Vegas, one of the Tidewater, Virginia area's most notorious drug dealers. Even though a relationship with Vegas goes against everything her parents taught her, she still can't resist his bad-boy persona. He's fine, sexy, and ready to give her anything her heart desires—just what the doctor ordered for a broke, wannabe diva. This might just end up being the biggest mistake of her life.

[Neptune and the Final Phase of the Piscean Age](#) Sioux Rose 2004 This volume functions as two books in one. An "astrologer's reference" it delineates Neptune's conjunctions with planets from the birth chart. Additionally since the astrologer is trained to step outside the temporal context to understand the magnitude of stories inlaid into the rhythm structures of time its perspective is valuable as mankind faces a chaotic transition. The ancient Greeks personified the planetary personae through myth. Neptune, the deceiver, presides over the final phase of the Piscean Age as deception, delusion, and duplicity threaten the great verities. How did we get here? Mankind evidences remarkable technological expertise, but have matters improved for the vast majority? Illusions born of past traditions hold minds hostage, and pit tribe against tribe on the basis of divisive belief systems. Pisces is the zodiac position where the circle meets itself and differences dissolve. Symbolized by two fish, it suggests twin perceptual portals analogous to both brain hemispheres. Two complementary "oars" are required to navigate our shared vessel progressively; otherwise we circle endlessly and history repeats. Right brain sentience invokes what is missing: the sense of inherent unity among all living beings. Mankind can no longer afford the asymmetric worldview that undermines the great balance we must now endeavor to restore.
