[The Far Right Today](#) - Cas Mudde 2019-10-25

The far right is back with a vengeance. After several decades at the political margins, far-right politics has again taken center stage. Three of the world's largest democracies – Brazil, India, and the United States – now have a radical right leader, while far-right parties continue to increase their profile and support within Europe. In this timely book, leading global expert on political extremism Cas Mudde provides a concise overview of the fourth wave of postwar far-right politics, exploring its history, ideology, organization, causes, and consequences, as well as the responses available to civil society, party, and state actors to challenge its ideas and influence. What defines this current far-right renaissance, Mudde argues, is its mainstreaming and normalization within the contemporary political landscape. Challenging orthodox thinking on the relationship between conventional and far-right politics, Mudde offers a complex and insightful picture of one of the key political challenges of our time.

The 360° Gaze - Christian Stiegler 2021-05-25

A comprehensive study of the pervasive role of immersion and immersive media in postmodern culture, from a humanities and social sciences perspective. Virtual reality, augmented reality, mixed reality, and other modes of digitally induced immersion herald a major cultural and economic shift in society. Most academic discussions of immersion and immersive media have focused on the technological aspects. In *The 360° Gaze*, Christian Stiegler takes a humanities and social science approach, emphasizing the human implications of immersive media in postmodern culture. Examining characteristics common to all immersive experiences, he uncovers dominant metaphors, such as the rabbit hole, and prevailing ideologies. He raises fundamental questions about opportunities and risks associated with immersion, as well as the potential effects on individuals, communities, and societies.

Do As I Say, Not Who I Did - Ali Drucker 2022-04-12

This is shame-free, affirmative sex education for college-age women, and anyone just discovering what they want “Do As I Say, Not Who I Did is not subtle, delicate, or laced in metaphor. . . . It’s compelling, funny, and unflinchingly educational while delivering a stream of unconditional compassion for the reader.”—Daily Campus It’s hard to overstate how much we put pressure on early sexual encounters—and how little real advice is out there. How do I deal when I keep running into my one-night stand? How can I tell if I’m too drunk to have sex? How do I say stop when I’m not really into it? Why do I keep getting all these UTIs? And most of all: Why is so much of sex ed focused on what could go wrong instead of what actually feels good? In this unflinchingly honest guide to hookups and relationships in the twenty-first century, Ali Drucker answers these questions and more—with “been there, done that” confessional advice, plus input from experts on sexuality and from students in college today. If you missed out on shame-free, affirmative sex education . . . if you’re nervous about having sex . . . if you’re just discovering what you want (and how to ask for it)—this book is for you.

The Four - Scott Galloway 2017-10-05

‘A fantastic, provocative book about where we are now and where we are going’ Phil Simon Huffington Post Amazon, Apple, Facebook, and Google are the four most influential companies on the planet. Just about

everyone thinks they know how they got there. Just about everyone is wrong. For all that’s been written about the Four over the last two decades, no one has captured their power and staggering success as insightfully as Scott Galloway. Instead of buying the myths these companies broadcast, Galloway asks fundamental questions: - How did the Four infiltrate our lives so completely that they’re almost impossible to avoid (or boycott)? - Why does the stock market forgive them for sins that would destroy other firms? - And as they race to become the world’s first trillion-dollar company, can anyone challenge them? In the same irreverent style that has made him one of the world’s most celebrated business professors, Galloway deconstructs the strategies of the Four that lurk beneath their shiny veneers. He shows how they manipulate the fundamental emotional needs that have driven us since our ancestors lived in caves, at a speed and scope others can’t match. And he reveals how you can apply the lessons of their ascent to your own business or career. Whether you want to compete with them, do business with them, or simply live in the world they dominate, you need to understand the Four.

Desire and Consent in Representations of Adolescent Sexuality with Adults - Maureen Turim 2023-09-29

This book presents an innovative comparative view of how the issue of adolescent sexuality and consent is differently treated in various media. Analyzing teenage sexual encounters with adults across a variety of media, including films, television, novels, and podcasts, the volume takes a positive stance on the expression of teenage sexuality, while remaining sensitive to the power of adults to abuse and manipulate. The anthology treats these representations as negotiations between conflicting forces: desire, sexual self-knowledge, unequal power, and the law, the latter both actual legal statutes and internalized law in the philosophical and psychoanalytic sense. Questions of unequal power inherent in such relations are theorized. The authors examine variations of this configuration of sexual relations between teenagers and adults from different perspectives, to consider how various forms of expression rework it formally. These essays are attuned to both nuances of presentation and contexts of reception, and they consider how aesthetics play a role. Contributing to the general debate about the ways that societies construct and regulate adolescent sexuality, this book will be of great interest to scholars and students of media studies, cultural studies, film studies, television studies, sociology, and gender studies

Dieser Sammelband führt grundlegend in das serielle Teen TV ein und nimmt zentrale Fallbeispiele in den Blick, von 13 Reasons Why bis zu DRUCK, der deutschen Adaption des norwegischen Transmedia-Jugenddramas SKAM. Neben den Inhalten und der Ästhetik der seriellen Jugendnarrationen geht es um ihre Rezeption und um Produktionskontexte.

Sex Ed - Kristen Bailey 2023-07-04

Ed is a virgin. I didn't know those existed - not at our age anyway. Maybe he was so drunk that he forgot all

the times he's had sex. I wish I could get that drunk. Mia and Ed have been best friends ever since they began teaching at the same school. Ed bakes cake for the staff, Mia eats the cakes. Ed can't control his students, Mia sorts them out. Mia can't work the photocopier, Ed shows her how. Mia's love life might be chaotic but she's totally devoted to her super-tidy, cat-owning, geeky but not bad-looking best friend. So, when Mia discovers Ed is still a virgin at twenty-eight, she decides to take matters into her own hands and teach him the skills he needs to seduce the pretty new maths teacher, Caitlin. It's an education that involves panic-buying sex toys and buddy-watching porn, and when Ed graduates with an A+ for effort - and begins dating the perfect-on-paper Caitlin - Mia knows her work is done. But is Caitlin as sweet as she seems? And could Mia's feelings for Ed be stronger than she realised?
