Interventions to Save the Girl Child in Delhi - Professor Usha Nayar and Dr. Vijay Kulkarni

Reducing Adolescent Risk - Daniel Romer 2003-04

Current policies treat adolescent risk behaviours as separate problems requiring separate solutions, ignoring the overlap of many risk behaviours. This text seeks to move beyond the fractured approach of preventing one kind of behaviour at a time and suggests more comprehensive prevention strategies.

Woman, Body, Desire in Post-Colonial India - Jyoti Puri 2002-09-11

First published in 1999. Routledge is an imprint of Taylor & Francis, an informa company.

Belief, Attitude, Intention, and Behavior - Martin Fishbein 1975

Punjabi University Punjabi-English Dictionary - 1999

Sex, Brains, and Video Games - Jennifer Burek Pierce 2017-03-09

Educators and practitioners, as well as students preparing to enter the field, will all benefit from this compact overview of contemporary research on adolescence.

Forensic Gait Analysis - Ivan Birch 2020-07-07

Gait analysis is the systematic study of human walking, using the eye and brain of experienced observers, augmented by instrumentation for measuring body movements, body mechanics, and the activity of the muscles. Since Aristotle's work on gait analysis more than 2000 years ago, it has become an established clinical science used extensively in the healthcare and rehabilitation fields for diagnosis and treatment. Forensic Gait Analysis details the more recent, and rapidly developing, use of gait analysis in the forensic sciences. The book considers the use of observational gait analysis, based on video recordings, to assist in the process of identification or exclusion. With the increase in use of CCTV and surveillance systems over the last 20 to 30 years, there has been a steady and rapid increase in the use of gait as evidence. Currently, gait analysis is widely used in the UK in criminal investigations, with increasing awareness of its potential use in the US, Europe, and globally. The book details the history of the science, current practices, and of the emergent application to establish best-practice standards that conform to those of other forensic science disciplines. Engagement with the Forensic Science Regulator, and the Chartered Society of Forensic Sciences in the UK, and the International Association for Identification has helped to ensure and enhance the quality assurance of forensic gait analysis. However, there remains a fundamental lack of standardized training and methodology for use in evidentiary and investigative casework. This book fills that void, serving as one of the first to describe the current state of practice, capabilities and limitations, and to outline methods, standards of practice and expectations of the gait analyst as a forensic practitioner. Forensic Gait Analysis reflects current research and forensic practice and will serve as a state-of-the-art guide to the use of gait analysis in the forensic context—for both education and training purposes. It will be a welcome addition to the libraries of professionals in the areas of podiatry, gait analysis, forensic video analysis, law enforcement, and legal practice.

Getting climate ready - Gibb, Natalie 2016-12-31

House of Leaves - Mark Z. Danielewski 2000-03-07

"A novelistic mosaic that simultaneously reads like a thriller and like a strange, dreamlike excursion into the subconscious." —The New York Times Years ago, when House of Leaves was first being passed around, it was nothing more than a badly bundled heap of paper, parts of which would occasionally surface on the Internet. No one could have anticipated the small but devoted following this terrifying story would soon command. Starting with an odd assortment of marginalized youth -- musicians, tattoo artists, programmers,

strippers, environmentalists, and adrenaline junkies -- the book eventually made its way into the hands of older generations, who not only found themselves in those strangely arranged pages but also discovered a way back into the lives of their estranged children. Now this astonishing novel is made available in book form, complete with the original colored words, vertical footnotes, and second and third appendices. The story remains unchanged, focusing on a young family that moves into a small home on Ash Tree Lane where they discover something is terribly wrong: their house is bigger on the inside than it is on the outside. Of course, neither Pulitzer Prize-winning photojournalist Will Navidson nor his companion Karen Green was prepared to face the consequences of that impossibility, until the day their two little children wandered off and their voices eerily began to return another story -- of creature darkness, of an ever-growing abyss behind a closet door, and of that unholy growl which soon enough would tear through their walls and consume all their dreams.

A Review of the HHS Family Planning Program - Institute of Medicine 2009-08-07

A Review of the HHS Family Planning Program provides a broad evaluation of the Title X family planning program since its establishment in 1970. The program successfully provides family planning services to its target audience of low-income individuals, but there is room for improvement. While the program's core goals are apparent, a secondary set of changing priorities has emerged without a clear, evidence-based strategic process. Also, funding for the program has increased in actual dollars, but has not kept pace with inflation or increased costs. Several aspects of the program's structure could be improved to increase the ability of Title X to meet the needs of its target population. At the same time, the extent to which the program meets those needs cannot be assessed without a greater capacity for long-term data collection. A Review of the HHS Family Planning Program recommends several specific steps to enhance the management and improve the quality of the program, as well as to demonstrate its direct contribution to important end results, such as reducing rates of unintended pregnancy, cervical cancer, and infertility. The book will guide the Office of Family Planning toward improving the effectiveness of the program. Other parties who will find the research and recommendations valuable include programs receiving Title X funding from the Office of Family Planning, policy makers, researchers, and professional organizations.

Sex Ke Rang Raaz Evam Rehesya - Surender Nath Saxena 2012-12-26

Nar Nari ke pyar me pavitrata madakta aur khushiyo ka sangam chhipa hota hai. Duniya ke samast sukho aur rango ke mool me sex sukh aur jananshakti ki mahatvpurna bhumika hoti hai. Dukh ka vishya ye hai ki hamare samaj me sex ko apavitra roop se prastut kiya jata jai tatha paap samjha jata hai ek aur ise agyanta ki chadar se dhak diya jata hai aur dusri aur lajjarahit sex pradarshan kiya jata hai. Agyanta ki vajah se nar nari Praay apne jeevan ki khushiyo ko nasth kar lete hai. Vahi kishor evam yuva vikrut manovritiyo ke shikar ho jate hai. Prastut pustak me kaam kala ko ashleelta se pare rakh kar vagyanik evam manovagyanik drishtikono se pesh kiya gaya hai is pustak me sex ko samajhne ke liye uchit udaharan evam chitra diye gaye hai. Jinse sex vishya ko samajhne me tatha sex se judi bhrantiyo se mukt hone me sahayta milti hai. Sex ka sahi gyan manav jeevan me khushiyo ki apaar vridhi lata hai. Pustak me sex sambandhi gyan ko sahay evam saral tarike se prastut kiya gaya hai jisse aapka jeevan khushiyo se bhar sake.

Ernest Hemingway in Context - Debra A. Modellmog 2013

"This book: Provides the fullest introduction to Hemingway and his world found in a single volume ; Offers contextual essays written on a range of topics by experts in Hemingway studies ; Provides a highly useful reference work for scholarship as well as teaching, excellent for classes on Hemingway, modernism and American literature."--Publisher's website.

Voice and Agency - Jeni Klugman 2014-09-29

Despite recent advances in important aspects of the lives of girls and women, pervasive challenges remain. These challenges reflect widespread deprivations and constraints and include epidemic levels of gender-

based violence and discriminatory laws and norms that prevent women from owning property, being educated, and making meaningful decisions about their own lives--such as whether and when to marry or have children. These often violate their most basic rights and are magnified and multiplied by poverty and lack of education. This groundbreaking book distills vast data and hundreds of studies to shed new light on deprivations and constraints facing the voice and agency of women and girls worldwide, and on the associated costs for individuals, families, communities, and global development. The volume presents major new findings about the patterns of constraints and overlapping deprivations and focuses on several areas key to women's empowerment: freedom from violence, sexual and reproductive health and rights, ownership of land and housing, and voice and collective action. It highlights promising reforms and interventions from around the world and lays out an urgent agenda for governments, civil society, development agencies, and other stakeholders, including a call for greater investment in data and knowledge to benchmark progress.

Sexual Teens, Sexual Media - Jane D. Brown 2001-11-01

This collection explores the sexual content of U.S. mass media and its influence in the lives of adolescents. Contributors address the topic of sexuality broadly, including evidence not only about physical sex acts, but also about the role the media play in the development of gender roles, standards of beauty, courtship, and relationship norms. Chapters included here present new perspectives on what teens are paying attention to in the media, and offer insight into how teens are understanding and applying what the media present about sex and sexuality. Employing various methodological approaches, the studies also represent a diversity of adolescent audiences and deal with a wide variety of media content, ranging from teens' favorite TV programs to magazines, movies, music, and teen girls' Web pages. Taken as a whole, this volume highlights the significant roles the media play in adolescents' sexual lives. *Sexual Teens, Sexual Media* contributes important evidence to the ongoing debate over media effects, making it essential reading for scholars and students in media studies, as well as social and developmental psychology.

Diet and Health - National Research Council 1989-01-01

Diet and Health examines the many complex issues concerning diet and its role in increasing or decreasing the risk of chronic disease. It proposes dietary recommendations for reducing the risk of the major diseases and causes of death today: atherosclerotic cardiovascular diseases (including heart attack and stroke), cancer, high blood pressure, obesity, osteoporosis, diabetes mellitus, liver disease, and dental caries.

Representing Abortion - Rachel Alpha Johnston Hurst 2020-11-23

Representing Abortion analyses how artists, writers, performers, and activists make abortion visible, audible, and palpable within contexts dominated by anti-abortion imagery centred on the fetus and the erasure of the pregnant person, challenging the polarisation of conversations about abortion. This book illuminates the manifold ways that abortion is depicted and narrated by artists, performers, clinicians, writers, and activists. This representational work offers nuanced and complex understandings of abortion, personally and politically. Analyses of such representations are urgently needed as access to abortion is diminished and anti-abortion representations of the fetus continue to dominate the cultural horizon for thinking about abortion. Expanding the frame of reference for understanding abortion beyond the anti-abortion use of the fetal image, contributors to this collection push beyond narrow abstractions to examine representations of the experience and procedure of abortion within grounded histories, politics, and social contexts. The collection is organized into sections around seeing (and not seeing) abortion; fetal materiality; abortion storytelling and memoir; and representations for new arguments. These themes cover a range of topics including abortion visibility, anti-abortion discourse, pro-choice engagements with the fetus, personal experience and media representations. The analyses of such representations counteract anti-abortion rhetoric, carving out space for new arguments for abortion that are more representative and inclusive and asking audiences to envision new ways to advocate for safe abortion access through reproductive justice frameworks. This is an innovative and challenging collection that will be of key interest

for scholars studying reproductive rights and reproductive justice, as well as women and gender studies. *Representing Abortion* is organized to structure upper year undergraduate and graduate courses on reproductive rights and reproductive justice in a new and engaging way.

SAMBHOG SE SAMADHI KI AUR. - Osho 1979

Vagina - Naomi Wolf 2012-09-06

An astonishing new work that radically changes how we think about, talk about and understand the vagina - and consequently how we think about women and sexuality - from Naomi Wolf, one of our most respected cultural critics and author of the modern classic, *The Beauty Myth*. As Naomi Wolf embarks on a life-changing journey to tease out the link between sexuality and creativity, what she discovers is revelatory and exhilarating - a scientifically supported link between the vagina and female courage, assertiveness and consciousness itself. Emboldened by these new discoveries she looks back in history and show us how the vagina was considered sacred for centuries until it began to be cast as a threat. Even now in an increasingly sexualised world, it is thought of as slightly shameful. Why? *Vagina: A New Biography* combines cutting-edge science with cultural history to explore the role of female desire and how it affects female identity, creativity and confidence. Provocative and engaging, positive and inspiring, this book brings to light female impulses, history and dreams - and, in exploring what women really need - it goes to the very core of what it means to be female. For any woman who wants to understand her body and her mind and the culture that defines her - *Vagina* is essential reading.

The Complete book of Sex Education - Dr. Rajan Bhonsle, M.D. 2016-08-17

A handbook for sex education that is VALUE BASED • CULTURE-SPECIFIC • AGE APPROPRIATE *The Complete book of Sex Education* is a complete source book for value-based, culture-specific and age-appropriate education in human sexuality. It discusses social, behavioral, relational, emotional and even legal aspects of human sexuality. It is meant for the reference of adult sex-educators such as parents, teachers, doctors, counsellors, psychologists and social workers. Adult individuals and couples who seek to educate themselves can also refer to this book. Great care has been taken to respect the sensibilities of all communities, groups and schools of thought in India; and to make it culture-specific yet contemporary, without compromising on the scientific accuracy of the subject. Dr. Rajan Bhonsle is Professor and HOD, Sexual Medicine, at KEM Hospital and Seth GS Medical College, Mumbai and Dean of the Institute of Human Technology. He is the founder of India's first full-fledged pre-marriage counselling centre. Author of many books on sex education, he is also a prolific columnist for leading newspapers and magazines. Dr. Minnu Bhonsle is a consulting psychotherapist and counsellor at the Heart To Heart Counselling Centre, Mumbai. She is an international trainer in Client Centered Therapy and Rational Emotive Behavior Therapy and has trained thousands of professionals worldwide. She is a columnist and feature writer for prominent publications and Internet sites, writing on psycho-social and relationship issues.

Dad, How Do I? - Rob Kenney 2021-05-18

From the host of the YouTube channel that went viral—*Dad, How Do I?*—comes a book that's part memoir/part inspiration/part DIY. Rob Kenney's father left him and his seven siblings when he was fourteen years old, and the youngest had to fend for themselves. He wished that he had someone who could teach him the basics—how to tie a tie, jump-start a car, unclog a drain, use tools properly—as well as succeed in life. But he and his siblings had to figure these things out on their own. Now a father himself, Rob decided that he would help people out by providing how-to tips as well as advice—and even throw in some bad dad jokes. He started a YouTube channel for anyone looking for fatherly advice, and in the course of three months, gained a following of nearly 2.5 million subscribers, with millions of views for his how-to and inspirational videos. In this book, Rob shares his story of overcoming a difficult childhood with the strength of faith and family, and offers inspiration and hope. In addition, he provides 50 practical DIY instructions (30 of which will be unique to the book), illustrated with helpful line drawings.
