deal has been learned about the treatment of sexual offenders, and particularly about relapse prevention. This sourcebook provides clinicians with the most current, practical, useable information about working with sex offenders to prevent relapse. It reflects the advances and insights of the past decade since the publication of *Relapse Prevention with Sex Offenders*, focusing on the major reconceptualizations, revisions, and innovations that will chart treatment programs for the first decade of the new millennium.

**The Feminist and the Sex Offender** - Judith Levine 2020-04-23

In the era of #MeToo and mass incarceration, *The Feminist and the Sex Offender* makes a powerful feminist case for accountability without punishment and sexual safety and pleasure without injustice. With analytical clarity and narrative force, *The Feminist and the Sex Offender* contends with two problems that are typically siloed in the era of #MeToo and mass incarceration: sexual and gender violence, on the one hand, and the state's unjust, ineffective, and soul-destroying response to it on the other. Is it possible to confront the culture of abuse? Is it possible to hold harm-doers accountable without recourse to a criminal justice system that redoubles injuries, fails survivors, and retrenches the conditions that made such abuse possible? Drawing on interviews, extensive research, reportage, and history, *The Feminist and the Sex Offender* develops an intersectional feminist approach to ending sexual violence. It maps with considerable detail the unjust sex offender regime while highlighting the alternatives we urgently need.

In addition, it aims to examine the effectiveness of these programmes and the difficulties associated with assessing this, the public response to treatment and also the effects on staff responsible for implementing them. The book is concerned particularly to assess the operation of sex offender treatment programmes in the UK context, considering also the issues associated with implementing programmes developed in other contexts, especially the USA and Canada.
