Criminal Justice Report to the 74th Legislature of Texas - Texas. Criminal Justice Division 1994

*Critical Issues in Crime and Justice: Thought, Policy, and Practice* - Mary Maguire 2010-02-17

This text provides a comprehensive overview of the criminal justice and criminology curriculum through contributed essays designed to review and expand upon key areas of study. The text will explore and examine theory, cases, laws and policies as they have been shaped by a larger social, cultural, and historical context. Topics span the gamut of the Criminal Justice and Criminology curriculum, including crime theory, law enforcement, jurisprudence, corrections and organizations.

Politics in the New South - Charles E. Menifield 2012-02-01

Winner of the 2006 V.O. Key Award presented by the Southern Political Science Association This authoritative study of contemporary state legislatures in the South provides a fascinating account of how African Americans have achieved noticeable political power since the Voting Rights Act was passed in 1965. A history of racial discrimination and one-party Democratic dominance is being supplanted by African American empowerment in a competitive two-party system. Contributors examine the evolution of the Black Caucus, the growing number of African American lawmakers, and the rise of black legislators to important leadership positions in the legislatures of each of the southern states. Roll call data on key votes from several legislative sessions in Arkansas, Florida, Georgia, Mississippi, and Texas are analyzed.

**Texas State Publications Index** - 1991

Issues 1977, 1981-1988 published in 2 vols: v. 1. Title/Subject -- v. 2. Agency.

**Bioethical and Evolutionary Approaches to Medicine and the Law** - W. Noel Keyes 2007

Bioethics is a multidisciplinary field of law and one that can not be ignored. Bioethical and Evolutionary Approaches to Medicine and the Law is a comprehensive, scholarly analysis of bioethics and the development of its standards. The book is broken up into the following four parts: \* Part I deals with scientific, religious, ethical and legal aspects of bioethics \* Part II evaluates 100 current bioethical issues and sets forth specific approaches for their resolution \* Part III focuses on medical, legal and other problems from beginning of life (overpopulation, birth control, in vitro fertilization, etc.) through end of life (physician assisted suicide, advance directives, euthanasia, etc.) \* Part IV discusses the major bioethical issues in genetics and genetic engineering.

Marple's Gretchen Harrington Tragedy - Mike Mathis 2022-10-31

Friday, Aug. 15, 1975 began as a typical summer day in the suburbs. Young children played with their friends, adults prepared for work or planned for their vacation at the Jersey Shore... That all changed in the hours before noon, when Gretchen Harrington, the 8-year-old daughter of a Presbyterian minister and his wife, was kidnapped while walking to a vacation Bible school less than a quarter-mile from her house. Her body was found by a jogger in a state park nearly two months later. The crime forever changed the lives of the children who were near Gretchen's age and their parents, many of whom chose to live in Marple Township because they considered it a safe refuge from the crime-ridden streets of Philadelphia. strongJournalists Mike Mathis and Joanna Falcone Sullivan examine the kidnapping, murder and the nearly five-decade long investigation through rare access to police files in what is still considered an open investigation.

Raised on the Registry - Nicole Pittman 2013

This report details the harm public registration laws cause for youth sex offenders. The laws, which can apply for decades or even a lifetime and are layered on top of time in prison or juvenile detention, require placing offenders' personal information on online registries, often making them targets for harassment, humiliation, and even violence. The laws also severely restrict where, and with whom, youth sex offenders may live, work, attend school, or even spend time.

Case Management in the Criminal Justice System - Kerry Murphy Healey 1999

**Texas State Publications** - 1992-07

*Legitimacy and Compliance in Criminal Justice* - Adam Crawford 2013

This book aims to explore a number of connected themes relating to compliance, legitimacy and trust in

different areas of criminal justice and socio-legal regulation.

Sexual Assault and Child Sexual Abuse - Linda Webster 1989

Includes "approximately 2,700 local agencies/organizations, and 100 national organizations ... concerned with sexual assault and child sexual abuse." Main section contains agency profiles, geographically arranged. Entries give such information as type of agency, clients and services, and languages used. Miscellaneous appendixes.

**Geospatial Technologies and Homeland Security** - Daniel Sui 2008-05-25

Homeland security and context In the Geographical Dimensions of Terrorism (GDOT) (Cutter et al. 2003), the first book after 9/11 to address homeland security and geography, we developed several thematic research agendas and explored intersections between geographic research and the importance of context, both geographical and political, in relationship to the concepts of terrorism and security. It is good to see that a great deal of new thought and research continues to flow from that initial research agenda, as illustrated by many of the papers of this new book, entitled Geospatial Technologies and Homeland Security: Research Frontiers and Future Challenges. Context is relevant not only to understanding homeland security issues broadly, but also to the conduct of research on geospatial technologies. It is impossible to understand the implications of a homeland security strategy, let alone hope to make predictions, conduct meaningful modeling and research, or assess the value and dangers of geospatial technologies, without consideration of overarching political, social, economic, and geographic contexts within which these questions are posed.

**Probation and Parole** - Howard Abadinsky 2003

This text is appealing to both teachers and students because of Dr. Abadinsky's extensive probation and parole background. The eighth edition has been streamlined and expanded into fourteen chapters, with some chapters reorganized. New to this edition: Material on supervising substance-abusing offenders Additional material on supervising sex offenders Additional material on supervising persons with HIV/AIDS To remain cutting edge in the field, this edition continues to use materials from juvenile and adult probation and parole agencies throughout the country, providing state-of-the-art practices in probation and parole. *Texas Monthly* - 1992-05

Since 1973, TEXAS MONTHLY has chronicled life in contemporary Texas, reporting on vital issues such as politics, the environment, industry, and education. As a leisure guide, TEXAS MONTHLY continues to be the indispensable authority on the Texas scene, covering music, the arts, travel, restaurants, museums, and cultural events with its insightful recommendations.

**Geographic Information Systems and Crime Analysis** - Fahui Wang 2005-01-01

Computerized crime mapping or GIS in law enforcement agencies has experienced rapid growth, particularly since the mid 1990s. There has also been increasing interests in GIS analysis of crime from various academic fields including criminology, geography, urban planning, information science and others. Geographic Information Systems and Crime Analysis features a diverse array of GIS applications in crime analysis, from general issues such as GIS as a communication process and inter-jurisdictional data sharing to specific applications in tracking serial killers and predicting juvenile violence.
