Children and Sexual-Based Online Harms -

Catherine Knibbs 2023-07-27

This sensitive guide for carers and professionals working with children and young people explains the serious issues of sexual content and harm that children face online. Covering technologies used by children aged two through to adulthood, it offers clear, evidence-based information about sexual-based online harm, its effects and what adults can do to support children should they see, hear or bear witness to these events online. Catherine Knibbs, specialist advisor in the field, explains the issues involved when using online platforms and devices in family, social and educational settings. The guide offers an accessible explanation of how online harm impacts developmental, neurological and social development, as well as young people's mental health and well-being. Examined in as non-traumatising a way as possible, the book covers key topics, including consent, pornography, online grooming, sexting, live streaming,

revenge porn, ASD sexuality and gender, and vigilantism. Offering guidance and proactive and reactive strategies based on neuroscience and child development, it shows how e-safety is not one-size-fits-all and must consider the vulnerabilities of individual children and families. Children and Sexual-Based Online Harms will equip professionals and carers with the knowledge to support their work and to direct conversations about the online harms that children and young people face. It is essential reading for those training and working with children in psychological, educational and social work contexts, as well as parents, policy makers and those involved in the development of online technologies.

**Human Sexuality in a World of Diversity,
Fourth Canadian Edition**, - Spencer A. Rathus

2012-06-27

Learn before you love! Rathus, Human Sexuality in a World of Diversity 4ce now has more coverage of sex education, new critical thinking questions, and online self-assessment evaluations. Human Sexuality examines the psychology and science of sexuality, emphasizing diversity, critical thinking, responsible decision-making, and sexual health, all in a uniquely Canadian context. It draws upon the work of scholars in such fields as psychology, sociology, medicine, anthropology, theology, and philosophy and incorporates a multicultural, multiethnic perspective. Concise and clear without sacrificing scholastic rigour, it emphasizes theory and research as well as practical applications that are relevant to students' lives. Human Sexuality in a World of Diversity 's distinctive approach differs from other texts in its full embrace and affirmation of

diversity of human sexuality within Canada and society in general. The new edition has been refined to feature a more inviting, inclusive, and positive writing style that better encompasses sexual diversity. Expanded coverage of sex education continues the book's strong emphasis on sexual health issues and encourages students to take an active role in health promotion. MySearchLab is not included with the purchase of this product.

[The Handbook of Gender, Sex, and Media](#) -
Karen Ross 2013-12-04

The Handbook of Gender, Sex and Media offers original insights into the complex set of relations which exist between gender, sex, sexualities and the media, and in doing so, showcases new research at the forefront of media and communication practice and theory. Brings together a collection of new, cutting-edge research exploring a number of different facets of the broad relationship between gender and media Moves beyond associating gender with

Same-Sex Cultures and Sexualities - Jennifer Robertson 2004-09-24

This book demonstrates the centrality of sex, gender, and sexuality to theories of human behaviors and practices. Moves beyond other

“lesbian and gay studies” readers by presenting a broader view of the significance of studying same-sex cultures and sexualities across cultures. Offers readings from all four subfields of anthropology: cultural, biological, linguistic, and archaeological (along with historical and applied anthropology). Includes discussion of biotechnology and bioethics, health and illness, language, ethnicity, identity, politics, post-colonialism, kinship, development, and policymaking.

Television, Sex and Society - Beth Johnson 2012-06-14

Focuses upon contemporary expressions and representations of televisual sex, discussing British, US and Asian television, to engage with ideas of gender, genre and dramatic politics.

Public Sex - Pat Califia 2000-07-01

The most intelligent and outspoken commentator on sexual politics writing today, Pat Califia has been "fuming and fussing" about censorship and the rights of perverts for more than two

*Downloaded from
legacy.opendemocracy.net on 2023-08-31

decades. Whether writing about gender bending and transsexuality, lesbian relationships, S/M and leather sex, sex between lesbians and gay men, eroticizing latex and safer sex, prostitution, or sex in public, Califia's essays—clear consistent, provocative and eminently readable—set the standard for writing about sex.

Sex Trafficking of Children Online - Beatriz Susana Uitts 2022-07-20

This book argues that forms of online child sexual exploitation equate to slavery-like practices under international law and that States have a responsibility to punish offenders as such, based on a careful review of relevant legal instruments and standards.

What Every Mental Health Professional Needs to Know About Sex - Stephanie Buehler, PsyD, CST-S 2013-07-29

Although sexual issues frequently arise in therapeutic practice, mental health professionals are often uncomfortable and poorly equipped to address them. Written by an author who is both

a psychologist and sex therapist, this practical guide provides information, tools, and exercises to increase the confidence and comfort of the mental health professional called upon to treat sexual issues during the course of therapy. The book is based on the premise that the therapist must be comfortable with his or her own sexuality in order to offer appropriate treatment. This guide discusses the characteristics of healthy sexuality-for both client and therapist-and explores the reasons that may underlie a therapist's discomfort with addressing sexual issues. Using case studies and sample dialogues, it covers a multitude of common and unusual sexual problems, couple's issues, questions that parents may have about sex, working with LGBT clients, sex for survivors of trauma, sexuality and aging, sexual pain disorders, and how to assess whether more extensive sexual therapy is needed. The guide demonstrates how therapists in different modalities can incorporate treatment of sexual problems into their practice, and

*Downloaded from

covers relevant ethical issues. Included is a downloadable set of practitioner's resources that includes worksheets and client handouts that can be immediately put to use. Additionally, the book provides resources for more in-depth information and discusses collaboration with other health professionals. Key Features: Discusses how to comfortably and effectively discuss, assess, and treat clients' sexual concerns Supported by case studies and therapist/clinician dialogues Includes "Step Into My Office" sidebars taken from the author's own experience Provides downloadable resources including assessments, worksheets, and client handouts

Nursing Knowledge and Practice E-Book -
Maggie Mallik 2009-04-22

Nursing knowledge and practice is a comprehensive textbook which forms an ideal basis for foundation nursing students. The core emphasis in the organisation and presentation of knowledge in this third edition remains focused

on the in-depth knowledge required by nurses to deliver care in the practice setting. The chapter contents encompass knowledge that applies to all branches of nursing e.g. Communication, Confusion, Aggression and Rehabilitation Safety and Risk, Infection Control, Medicines etc. The structure of all chapters is unique in integrating knowledge from subject areas often taught separately in the nursing curriculum. This enables the foundation student to integrate this range of knowledge in making decisions about the delivery of nursing care to patients/clients in all fields of nursing. Exercises are included to encourage reflection on practice and develop critical thinking skills. It also promotes the expansion of professional knowledge through the development of portfolio evidence. Building on the outstanding success of previous editions the authors have drawn extensively on current best evidence, including research, policy and substantial internet based resources, reflecting UK and international perspectives. • Each

Downloaded from
legacy.opendemocracy.net on 2023-08-31
by guest

chapter begins with an overview of the content and concludes with a summary to help evaluate learning • Case studies reflect the diverse range of client needs and care settings of the four nursing branches and help relate theory to practice • Reflective exercises and suggestions for portfolio evidence, along with decision-making activities, promote reflection on personal experience and links to nursing practice using a problem-based approach • Current research is highlighted throughout, demonstrating the evidence-base for practice decisions. • Key web sites, annotated further reading and references encourage readers to pursue contemporary evidence that underpins competency-based practice. Full colour throughout Content fully updated in line with developments in clinical practice, teaching requirements and the evidence-base Free electronic ancillaries on Evolve enhance the knowledge provided in each chapter with additional information, exercises and resources An introductory chapter on

‘Nursing Knowledge and Practice’ explores the role and context of nursing, nationally and internationally, providing foundation information on core knowledge areas common to all nursing curricula.

[Sex Addiction 101](#) - Robert Weiss 2015-10-27
As technology and the internet have become more accessible, the number of affordable, easy links to pleasurable sexual content and activity has increased with it, and so too has the number of people struggling with sex, porn, and love addiction. Unfortunately, very few people possess a comprehensive understanding of this incredibly complicated disease. Sex Addiction 101 covers everything from what sexual addiction is and how it can best be treated, to how it affects various subgroups of the population, such as women, gays, and teenagers, to how sex addicts can protect themselves from the online sexual onslaught. Sex Addiction 101 is intended to enlighten the clinical population as well as actual sex addicts and their loved ones.

*Downloaded from
legacy.opendemocracy.net on 2023-08-31
by guest*

Along with his mentor Patrick Carnes, Weiss has become the face of and driving force behind understanding and treating sexual addiction; this book should be a core title in every addiction collection.

Boy-Wives and Female Husbands - Stephen O. Murray 2021-04-01

Among the many myths created about Africa, the claim that homosexuality and gender diversity are absent or incidental is one of the oldest and most enduring. Historians, anthropologists, and many contemporary Africans alike have denied or overlooked African same-sex patterns or claimed that such patterns were introduced by Europeans or Arabs. In fact, same-sex love and nonbinary genders were and are widespread in Africa. *Boy-Wives and Female Husbands* documents the presence of this diversity in some fifty societies in every region of the continent south of the Sahara. Essays by scholars from a variety of disciplines explore institutionalized marriages between women, same-sex relations

between men and boys in colonial work settings, mixed gender roles in east and west Africa, and the emergence of LGBTQ activism in South Africa, which became the first nation in the world to constitutionally ban discrimination based on sexual orientation. Also included are oral histories, folklore, and translations of early ethnographic reports by German and French observers. *Boy-Wives and Female Husbands* was the first serious study of same-sex sexuality and gender diversity in Africa, and this edition includes a new foreword by Marc Epprecht that underscores the significance of the book for a new generation of African scholars, as well as reflections on the book's genesis by the late Stephen O. Murray. This book is freely available in an open access edition thanks to the generous support of the Murray Hong Family Trust. Access the book online at the SUNY Open Access Repository at <http://hdl.handle.net/20.500.12648/1714>.

Adolescents, Crime, and the Media -

*Downloaded from
legacy.opendemocracy.net on 2023-08-31
by guest*

Christopher J Ferguson 2013-03-29

A campus shooting. A gang assault. A school bus ambush. With each successive event, fingers are pointed at the usual suspects: violent films, bloody video games, explicit web sites. But to what extent can—or should—the media be implicated in youth crime? And are today's sophisticated young people really that susceptible to their influence? *Adolescents, Crime, and the Media* critically examines perceptions of these phenomena through the lens of the ongoing relationship between generations of adults and youth. A wealth of research findings transcends the standard nature/nurture debate, analyzing media effects on young people's behavior, brain development in adolescence, ways adults can be misled about youth's participation in criminal acts, and how science can be manipulated by prevailing attitudes toward youth. The author strikes a necessary balance between the viewpoints of media providers and those seeking to restrict

media or young people's access to them. And the book brings scientific and intellectual rigor to culturally and politically charged issues as it covers: Violence in the media. Media portrayals of crime and youth. Research on violent television programs, video games, and other media as causes of crime. Effects of pornography on behavior. Public policy, censorship, and First Amendment issues. *Adolescents, Crime, and the Media* is an essential resource for researchers, graduate students, professionals, and clinicians across such interrelated disciplines as developmental psychology, sociology, educational policy, criminology/criminal justice, child and school psychology, and media law.

Online Sex Talk and the Social World - Christie Mykietiak 2020-10-09

This book develops a feminist and queer linguistic account of the construction of sex, sexuality, and desire through a linguistic and discursive analysis of naturally occurring sex

Downloaded from
legacy.opendemocracy.net on 2023-08-31

talk from an online community. Critical discourse analysis is used to analyse a corpus of data drawn from incidental sex 'talk' observed in the community over the course of an 18-month period. Sub-types of sex talk that are examined include cybersex, self-disclosure, confidences, joking, games, flirting, and automated sexual commands that 'generate' sex between participants. The book will be of use to students and researchers interested in the language of gender and sexuality, as well as feminist and queer accounts of technology and sexual communication.

[Handbook of Clinical Sexuality for Mental Health Professionals](#) - Stephen B. Levine
2011-01-19

The constantly-changing field inspired the second edition of Handbook of Clinical Sexuality for Mental Health Professionals. In a state-of-the-art guide, Dr. Levine and his associates continue to help professionals with the assessment and treatment of a large array of

sexual concerns. Written in a personal, supervisory style, the book will help new therapists anticipate clinical contingencies and help experienced therapists refine their thinking and teaching. Easily accessible, the Handbook is divided into six major sections with helpful annotated references: Being a Therapist; Intimacy; Sexual Dysfunction; Sexual Identity Struggles; The Forgotten; and Additional Vital Topics. Twenty-one chapters have been thoroughly revised and updated, and five new ones have been added. These focus on gay and lesbian life, transitioning to single life, cancer survivorship, the sexual issues of the developmentally challenged, and sex among the aging.

Manson's Tropical Diseases E-Book - Jeremy Farrar
2013-10-26

From the difficult to diagnose to the difficult to treat, Manson's Tropical Diseases prepares you to effectively handle whatever your patients may have contracted. Featuring an internationally

recognized editorial team, global contributors, and expert authors, this revised and updated medical reference book provides you with the latest coverage on parasitic and infectious diseases from around the world. Consult this title on your favorite e-reader, conduct rapid searches, and adjust font sizes for optimal readability. Incorporate the latest therapies into your practice, such as recently approved drugs and new treatment options. Find what you need easily and apply it quickly with highlighted key information, convenient boxes and tables, extensive cross-referencing, and clinical management diagrams. Make the most accurate Tropical Disease diagnoses through a completely redesigned and modernized format, which includes full-color images throughout. Apply the latest treatment strategies for HIV/AIDS, tropical neurology, malaria, and much more. Put the latest international expertise to work for you and your patients with new chapters covering Global Health; Global Health Governance and

Tropical Diseases; Non-communicable Diseases; Obesity in the Tropics; and Emergency and Intensive Care Medicine in Resource-poor Settings. See which diseases are most prevalent in specific areas of the tropics through a new index of diseases by country, as well as online-only maps that provide additional detail. Better understand the variations in treatment approaches across the globe.

Sexual Identities and the Media - Wendy Hilton-Morrow 2015-03-05

Sexual Identities and the Media encourages students to examine media as a site of negotiation for how people make sense of their own and others' sexual identities. Taking a critical/cultural approach, Wendy Hilton-Morrow and Kathleen Battles weave together theory, synthesis of existing research, and original analysis of contemporary media examples in order to explore key areas of debate, including: an historical context for contemporary GLBTQ representations; the advantages and limitations

*Downloaded from
legacy.opendemocracy.net on 2023-08-31
by guest*

of media visibility, including a discussion of the strengths and limitations of stereotype research and the quest for "positive" representations; the role of consumer culture in constructing GLBTQ identities; strategies of mainstream media resistance by GLBTQ community members, including oppositional/queer reading strategies and the production of media products by and for the GLBTQ community; the complexities of comedy as a popular narrative device in GLBTQ portrayals; the closet as a structuring metaphor in both GLBTQ identities and engagement with media; media representations of GLBTQ bodies as sites of non-normative desires and gender identities. Featuring an enormous range of discussion questions and case studies—from celebrity coming-out narratives, transgender models, and slash fiction writers to *Glee* and *Modern Family*—this textbook offers a timely, informative, and demystifying introduction to this vital intersection in contemporary culture.

The Routledge Research Companion to

Geographies of Sex and Sexualities - Gavin Brown 2016-05-20

Comprehensive and authoritative, this state-of-the-art review both charts and develops the rich sub-discipline geographies of sexualities, exploring sex-gender, sexuality and sexual practices. Emerging from the desire to examine differences and exclusions as a key aspect of human geographies, these geographies have engaged with heterosexual and queer, lesbian, gay, bi and trans lives. Developing thinking in this area, geographers and other social scientists have illustrated the centrality of place, space and other spatial relationships in reconstituting sexual practices, representations, desires, as well as sexed bodies and lives. This book reviews the current state of the field and offers new insights from authors located on five continents. In doing so, the book seeks to draw on and influence core debates in this field, as well as disrupt the Anglo-American hegemony in studies of sexualities, sexes and geographies.

This volume is the definitive collection in the area, bringing together many international leaders in the field, alongside scholars that are well-established outside the Anglophone academy, and many emerging talents who will lead the field in the decades to come.

Children, Sexuality and Sexualization - Jessica

Ringrose 2016-04-29

This volume presents a ground-breaking collection of interdisciplinary chapters from international scholars which complicate, and offers new ways to make sense of, children's sexual cultures across complex political, social and cultural terrains.
