*Love On My Mind* - Tracey Livesay 2016-07-12

Tracey Livesay makes her Avon Impulse debut with a sparkling and sexy novel about a woman who will do anything to fulfill her dreams... but discovers that even the best laid plans can fail when love gets in the way. Successful PR executive Chelsea Grant is one assignment away from making partner at her firm and nothing will stand in her way. Her big break? Turn a reclusive computer genius into a media darling in time for his new product launch. He may have been dubbed the "sexiest geek alive" but he has

no patience for the press—and it shows. Piece of cake, right? Only problem is... his company doesn't want him to know they hired her. After a disastrous product launch two years ago, tech CEO Adam Bennett knows the success of his new device depends on the media's support. When a twist of fate brings the beautiful PR specialist to his door, Adam hires Chelsea to help turn his image around. Their attraction is undeniable and the more time they spend together, the harder it becomes to keep things professional. But when Adam discovers Chelsea's deception, will she risk everything for her career or is love the real thing on her mind?

**Different Shades Of Love...** - Jaya Mishra  
2020-12-13

I never expected myself to become a writer neither I was an avid reader. But one thing that triggered me to write this book was my disposition towards sexuality when I was in the first year of my graduation. So, I decided to explore more about this unexplored arena, unaware of the fact that I was entering the grey shade that existed in the world centuries ago but hardly people talked about it. Even now too most people avoid talking about sexuality. Well, the more I probed into this, the deeper I dived into it. I came across many factors that I thought to put into words and let the world know about the darker side of this arena called "sexuality". So, what now you are holding in your hand is something not filled with several colors but it definitely has some shades. And I urge you not to judge the characters without keeping yourself in their shoes. This book will take you to the world which you might have heard about it but have not observed it yet. Remember! Love is love and it needs not any validation about your

attributes or your professed sexuality.

one of Greece's greatest writers: Constantine P. Cavafy. Yeros has produced nearly seventy photographic illustrations using a mixture of models and fellow members of the artistic community such as Gore Vidal, Clive Barker, and Jeff Koons as his subjects. These striking images bring out every nuance of Cavafy's writing—with romance, intrigue, humor, despair, and eroticism each playing a part. In addition to its visual richness, the book presents new English poetic translations of Cavafy by David Connolly (Eroticon, Journal of an Unseen April) which are faithful to the original Greek works while bringing them to life for a new group of readers. Stunning portraiture and erotic photography paired with new English translations of the poetry of C. P. Cavafy—called the greatest modern Mediterranean poet. 7 Shades of Love - Daniella Blechner 2014-09-20

Author Daniella Blechner takes a unique approach to the ways in which various people, all poets, have dealt with love. Psychologists classify love as an emotion, others deem it the highest of all universal frequencies. In a somewhat surprising correlation between the vital chakras of the human body and the ways in which we connect to and separate ourselves from love, Blechner illuminates how our energetic frequencies can influence our approach to love by a simple shift in balance. She's combined this with modern psychology and added the artistic writings of people from around the world in haiku, rhyme, and free verse. 7 Shades of Love is a comforting read that will help you connect to the people in your world through a better understanding of yourself, letting you attract the relationships you want and assuring you that you're grounded in the
