Born A Crime - Trevor Noah 2016-11-17

WINNER OF THE THURBER PRIZE The compelling, inspiring, (often comic) coming-of-age story of Trevor Noah, set during the twilight of apartheid and the tumultuous days of freedom that followed. One of the comedy world's brightest new voices, Trevor Noah is a light-footed but sharp-minded observer of the absurdities of politics, race and identity, sharing jokes and insights drawn from the wealth of experience acquired in his relatively young life. As host of the US hit show *The Daily Show* with Trevor Noah, he provides viewers around the globe with their nightly dose of biting satire, but here Noah turns his focus inward, giving readers a deeply personal, heartfelt and humorous look at the world that shaped him. Noah was born a crime, son of a white Swiss father and a black Xhosa mother, at a time when such a union was punishable by five years in prison. Living proof of his parents' indiscretion, Trevor was kept mostly indoors for the first years of his life, bound by the extreme and often absurd measures his mother took to hide him

from a government that could, at any moment, take him away. A collection of eighteen personal stories, *Born a Crime* tells the story of a mischievous young boy growing into a restless young man as he struggles to find his place in a world where he was never supposed to exist. *Born a Crime* is equally the story of that young man's fearless, rebellious and fervently religious mother - a woman determined to save her son from the cycle of poverty, violence and abuse that ultimately threatens her own life. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Noah illuminates his curious world with an incisive wit and an unflinching honesty. His stories weave together to form a personal portrait of an unlikely childhood in a dangerous time, as moving and unforgettable as the very best memoirs and as funny as Noah's own hilarious stand-up. *Born a Crime* is a must read.

Kim Jiyoung is a sister made to share a room while her brother gets one of his own. Kim Jiyoung is a female preyed upon by male teachers at school. Kim Jiyoung is a daughter whose father blames her when she is harassed late at night. Kim Jiyoung is a good student who doesn't get put forward for internships. Kim Jiyoung is depressed. Kim Jiyoung is mad. Kim Jiyoung is her own woman. Kim Jiyoung is every woman. Kim Jiyoung, Born 1982 is the life story of one young woman born at the end of the twentieth century and raises questions about endemic misogyny and institutional oppression that are relevant to us all. Riveting, original and uncompromising, this is the most important book to have emerged from South Korea since Han Kang's *The Vegetarian*. Praise for *Kim Jiyoung, Born 1982* 'It describes experiences that will be recognisable everywhere. It's slim, unadorned narrative distils a lifetime's iniquities into a sharp punch.' *The Sunday Times* 'A ground-breaking work of feminist fiction' *Stylist* 'Along with other socially critical narratives to come out of Korea, such as Bong Joon-ho's Oscar-winning film *Parasite*, her story could change the bigger one.' *The Guardian* 'This witty, disturbing book deals with sexism, mental health issues and the hypocrisy of a country where young women are "popping caffeine pills and turning jaundiced" as they slave away in factories helping to fund higher education for male siblings.' *The Independent* 'Enthralling and enraging.' *Sunday Express* 'Cho's moving, witty and powerful novel forces us to face our reality, in which one woman is seen, pretty much, as interchangeable with any other. There's a logic to Kim Jiyoung's shape-shifting: she could be anybody.' *Daily Telegraph*

Not of Woman Born - Renate Blumenfeld-Kosinski 2019-03-15

"Not of woman born, the Fortunate, the Unborn"—the terms designating those born by Caesarean section in medieval and Renaissance Europe were mysterious and ambiguous. Examining representations of Caesarean birth in legend and art and tracing its history in medical writing, Renate Blumenfeld-Kosinski addresses the web of religious, ethical, and cultural questions concerning abdominal delivery in the Middle Ages and the Renaissance. *Not of Woman Born* increases our understanding of the history of the medical profession, of medical iconography, and of ideas surrounding "unnatural" childbirth. Blumenfeld-Kosinski compares texts and visual images in order to trace the evolution of Caesarean birth as it was perceived by the main actors involved—pregnant women, medical practitioners, and artistic or literary interpreters. Bringing together medical treatises and texts as well as hitherto unexplored primary sources such as manuscript illuminations, she provides a fresh perspective on attitudes toward pregnancy and birth in the Middle Ages and the Renaissance; the meaning and consequences of medieval medicine for women as both patients and practitioners, and the professionalization of medicine. She discusses writings on Caesarean birth from the twelfth and thirteenth centuries, when Church Councils ordered midwives to perform the operation if a mother died during childbirth in order that the child might be baptized; to the fourteenth century, when the first medical text, Bernard of Gordon's *Lilium medicinae*, mentioned the operation; up to the gradual replacement of midwives by male surgeons in the fifteenth and sixteenth centuries. *Not of Woman Born* offers the first close analysis of Francois Rousset's 1581 treatise on the operation as an example of sixteenth-century medical discourse. It also considers the ambiguous nature of Caesarean birth, drawing on accounts of such miraculous examples as the birth of the Antichrist. An appendix reviews the complex etymological history of the term "Caesarean section." Richly interdisciplinary, *Not of Woman Born* will enliven discussions of the controversial issues surrounding Caesarean delivery today. Medical, social, and cultural historians interested in the Middle Ages and the Renaissance, historians, literary scholars, midwives, obstetricians, nurses, and others concerned with women's history will want to read it.

Of Woman Born: Motherhood as Experience and Institution - Adrienne Rich 2021-04-27

The pathbreaking investigation into motherhood and womanhood from an influential and enduring feminist voice, now for a new generation. In *Of Woman Born*, originally published in 1976, influential poet and feminist Adrienne Rich examines the patriarchic systems and political institutions that define motherhood. Exploring her own experience—as a woman, a poet, a feminist, and a mother—she finds the act of mothering to be both determined by and distinct from the institution of motherhood as it is imposed on all women everywhere. A "powerful blend of research, theory, and self-reflection" (Sandra M. Gilbert, *Paris Review*), *Of Woman Born* revolutionized how women thought about motherhood and their own liberation. With a stirring new foreword from National Book Critics Circle Award-winning writer Eula Biss, the book resounds with as much wisdom and insight today as when it was first written.

Born to a Changing World - Alison Clarke 2012

Emerging from diaries, letters and memoirs, the voices of this remarkable book tell a new story of life arriving amidst a turbulent world. Before the Plunket Society, before antibiotics, before 'safe' Caesarean sections and registered midwives, nineteenth-century birthing practice in New Zealand was typically determined by culture, not nature or the state. Alison Clarke works from the heart of this practice, presenting a history balanced in its coverage of social and medical contexts. Connecting these contexts provides new insights into the same debates on childhood - from infant feeding to maternity care - that persist today. Tracing the experiences of Māori and Pākehā birth ways, this richly illustrated story remains centered throughout on birthing women, their babies and families: this is their history.
