The Celebrity Sex Register - Shirley Sealy 1982

Celebrity, Pedophilia, and Ideology in American Culture -

Weekly World News - 1999-08-03

Rooted in the creative success of over 30 years of supermarket tabloid publishing, the Weekly World News has been the world's only reliable news source since 1979. The online hub www.weeklyworldnews.com is a leading entertainment news site.

Cupboards of Curiosity - Amelie Hastie 2007

In *Cupboards of Curiosity* Amelie Hastie rethinks female authorship within film history by expanding the historical archive to include dollhouses, scrapbooks, memoirs, cookbooks, and ephemera. Focusing on women who worked during the silent-film era, Hastie reveals how female stars, directors, and others appropriated personal or "domestic" cultural forms not only to publicize their own achievements but also to reflect on specific films and the broader film industry. Whether considering Colleen Moore's thirty-six scrapbooks or Dietrich's eccentric book *Marlene Dietrich's ABC*, Hastie emphasizes how these women spoke for themselves--as collectors, historians, critics, and experts--often explicitly contemplating the role their writings and material objects would play in subsequent constructions of history. Hastie pays particular attention to the actresses Colleen Moore and Louise Brooks and Hollywood's first female director, Alice Guy-Blaché. From the beginning of her career, Moore worked intently to preserve a lasting place for herself as a Hollywood star, amassing collections of photos, souvenirs, and clippings as well as a dollhouse so elaborate that it drew extensive public attention. Brooks's short essays reveal how she participated in the creation of her image as Lulu and later emerged as a critic of film stardom. The recovery of Blaché's role in film history by feminist critics in the 1970s and 1980s was made possible by the existence of the director's own autobiographical

history. Broadening her analytical framework to include contemporary celebrities, Hastie turns to how-to manuals authored by female stars, from Zasu Pitts's cookbook *Candy Hits* to Christy Turlington's *Living Yoga*. She discusses how these assertions of celebrity expertise in realms seemingly unrelated to film and visual culture allow fans to prolong their experience of stardom.

Gone with the Wind on Film - Cynthia Marylee Molt 1990

This is the definitive collection of data about all aspects of this film. The ten sections focus on characters in the novel, the players and their own histories, costuming (every major garment worn), major set furnishings, the filming schedule, etc. Also: bibliographies, discographies, filmographies of the actors and actresses, and collectibles. An appendix lists available still photographs.

Childhood and Celebrity - Jane O'Connor 2017-03-16

The twenty-first century has seen an explosion in the ways and means in which children can become part of celebrity culture. With the rise in popularity of reality TV, child beauty pageants, talent shows, and social media platforms, as well as more established routes to fame through TV, cinema, theatre and music, the number of children establishing a presence in public life continues to proliferate. *Childhood and Celebrity* brings together international scholarly writing and research about famous children, and representations of childhood, from a range of disciplines including Childhood Studies, Celebrity Studies, Cultural Studies and Film Studies in order to open up a theoretical space in which to explore and understand the complex relationship between contemporary childhood and celebrity culture. This unique collection includes detailed case studies of specific child performers such as McCaulay Culkin and Miley Cyrus, histories of child stars in the 'Golden Age' of Hollywood, analyses of representations of children in film and discussions of children as

media creators and producers. Key themes of transgression, gender, 'coming of age', childhood innocence and children's rights recur in the chapters and present a compelling argument for the emergence of the field of Childhood and Celebrity as an area of study in its own right.

British Cultural Identities - Mike Storry
2022-08-31

The sixth edition of *British Cultural Identities* assesses the degree to which being British impinges on the identity of the many people who belong to contemporary Britain. Twenty-first-century British identity is analysed through the various and changing ways in which people who live in the UK position themselves and are positioned by their culture. Using examples from contemporary and popular culture, each chapter covers one of eight intersecting themes including places and peoples, education, work and leisure, gender, sex and the family, youth culture and style, class and politics, ethnicity and language, religion, and heritage. This new edition is fully updated to include the latest information on Britain in the 2020s. It explains the influences that shape British identities and outlines the important current debates stemming from cultural, social, and political change. Considering contemporary touchstones and recent national statistics, the contributors place modern British life in the context of the activities, events, and society found in the UK across recent decades. The book is the perfect introductory text for students of contemporary British society, containing photographs, tables, timelines, discussion questions, cultural examples and suggestions for further resources at the end of each chapter.

Child Pornography - Ian O'Donnell 2012-12-06
This book explores the enduring appeal of child pornography and its ramifications for criminal justice systems around the world. It is based on an extensive review of academic literature and newspaper coverage, a trawl of websites frequented by those with a sexual interest in children, a survey of how police investigate these offences, examination of prosecutors' decisions, and interviews with judges. It provides a framework for understanding the contemporary nature of this problem, especially the harms it causes, its intimate relationship

with new technologies and the challenges it poses to law enforcement authorities. The internet plays a pivotal role. Its sheer size, the anarchic way it grows, the lack of any boundaries to its expansion and its disregard for national borders make it a legal environment without parallel. An unwavering focus on the threat of sexual abuse has contributed to the emergence of a context where routine dealings with children are viewed through a 'paedophilic' lens. This can have the unfortunate consequence of distracting attention from more urgent concerns (such as poverty and neglect), which make children vulnerable to sexual exploitation. In this way an emphasis on the sexualisation of children could be said to aggravate the problem that it sets out to address. The book: provides a comprehensive analysis of child pornography issues in all of their complexity, including legal, psychological, criminal justice and social perspectives. presents significant volume of original empirical data gathered from police, prosecutors and judges. includes new qualitative and quantitative information set against a background of shifting international developments. The analysis is explicitly comparative. draws on a variety of sources including support groups for paedophiles, newspaper coverage of court cases involving child pornography, victim testimony and police operations.

Focus On: 100 Most Popular American Stage Actresses - Wikipedia contributors

Bobby and Jackie - C. David Heymann
2009-07-14

The author of *A Woman Named Jackie* and *The Georgetown Ladies' Social Club* draws on intimate sources to offer insight into the relationship between Jacqueline Kennedy and Robert Kennedy, sharing details about an affair that was an open secret for decades among family insiders.

Gender and Australian Celebrity Culture - Anthea Taylor 2020-12-29

This intellectually vibrant volume is the first collection to deal with Australian celebrity in ways that account for both cultural and gendered specificities, demonstrating how gendered ways of imagining Australia are reinforced and contested in celebrity

Downloaded from
legacy.opendemocracy.net on 2019-11-27
by guest

representations and self-presentations. Gender and Australian Celebrity Culture engages with celebrities across a diverse range of fields – actors, journalists, athletes, comedians, writers, and television personalities – and in doing so critically reflects upon different forms of Australian fame and the media platforms and practices that sustain them. Authors in this volume engage directly with pertinent issues relating to gender and sexuality, including celebrity feminism and the generative capacity of feminist rage; normative femininity and its instability; hegemonic masculinities; and queerness and its (in)visibility. Contributors also intervene in a number of ongoing debates in media and cultural studies more broadly, including those around the politics and affordances of digital media; whiteness and Australia's colonial histories; celebrity labour; and methodologies for celebrity studies. This timely collection urges scholars of celebrity to attend further both to the gendered nature of celebrity culture and to local conditions of production and consumption. This book will be of key interest to researchers and graduate students in cultural studies, television and film studies, digital media studies, critical race and whiteness studies, gender and sexuality studies, and literary studies.

The Registration and Monitoring of Sex Offenders - Terry Thomas 2012-03-29

This book seeks to track the origins of sex offender registers, their purpose and the law and policy that underpins them in various parts of the world. Sex offender registers are not really registers at all but a set of 'legal requirements' that fall automatically on a person convicted or cautioned for a designated sexual offence; the term 'register' is a form of shorthand for these requirements, designed to be a contribution to greater public protection and community safety. This book provides the first serious and detailed narrative of the conception and implementation of the sex

offender registers. It seeks to do so in a clear and easy-to-follow text that will be both informed and critical and will also serve as a resource book for those wanting to make further study of the process of registration and monitoring. It looks in detail at the practice of implementing registers and considers questions about their effectiveness in monitoring sex offenders and the implications of someone being on a sex offender register. The book examines the legal challenges to registers and monitoring and the position of registrants in the context of human rights and seeks to place registers and monitoring in the wider context of what is being called the surveillance society. The Registration and Monitoring of Sex Offenders will be key reading for students of criminology and criminal justice, surveillance and human rights and practitioners in criminal justice fields of policing, probation, social work, children's services, the judiciary, prison work and others.

Sex Crime - Terry Thomas 2015-11-19

Sex Crime, Third edition offers a comprehensive and integrative introduction to sex crime, written by an expert in the field. The third edition has been fully expanded and updated to include further coverage of a range of critical topics, including child sexual exploitation, child pornography, female sex offenders, treatment approaches such as the 'Good Lives Model' and the European Convention on Human Rights. Delving into and beyond the news headlines about sexual crimes that seem to appear on our screens and in our newspapers almost every day, this third edition draws on a range of high profile case studies, such as Vanessa George, Stuart Hall, Jimmy Savile and Operation Yewtree and also offers a review of all relevant legislation. This new edition also includes an analysis of possible causes of sex offending, as well as public and professional responses to sex crime. Including an examination of the policing of sexual crime; the prosecution of the accused; the sentencing and punishment of sexual offenders; and 'public protection' measures, this new edition covers all of the key aspects of sex crime and how it is dealt with. Wide-ranging and authoritative, Sex Crime, Third edition presents a complex area in a straightforward and understandable manner. Thomas guides the reader through the range of policies and law

which have accumulated over the years, making this essential reading for academics and students engaged in the study of sex crime, sexual violence and the treatment of sex offenders. It will also be of great interest to criminal justice practitioners.

Personal Autonomy, the Private Sphere and Criminal Law - Peter Alldridge 2001-03-19

This book contains original essays by a distinguished group of jurists from six different European countries confronting the increasing range of legal and philosophical issues arising from the relationship between privacy and the criminal law. The collection is particularly timely in light of the incorporation into English law of the European Convention on Human Rights. It compares legal cultures and underlying assumptions with regard to the private sphere, personal autonomy and the supposed justifications for State interference through criminalization and the implementation of substantive criminal law. The book moves from treatment of general ideas like the relationship between sovereignty, the nation-state and substantive criminal law in the new European context, (with its concomitant aspiration towards the establishment of transnational morality) to more detailed consideration of specific areas of substantive law and procedure, viewed from a range of perspectives. Areas considered include euthanasia, surrogacy, female genital mutilation and sado-masochism.

American Legacy - C. David Heymann 2007

A dual portrait of JFK, Jr. and Caroline Kennedy draws on personal interviews to discuss such topics as the assassination attempt on Jackie Kennedy while she was giving birth, Caroline's reclusive lifestyle, and the unsettling results of John's and his wife's autopsies.

Poor Ltl Rch Grl M - Clemens David Heymann 1987-11

At twenty-one Barbara Woolworth Hutton inherited a personal fortune worth nearly one billion dollars today--yet she died with only \$3,500 in the bank. Here is the riveting story from the \$12 million miniseries starring Farrah Fawcett.

Mr Strangelove - Ed Sikov 2011-08-19

Peter Sellers was a genius, whose unique mastery created enduring comic characters. But behind the man that could make the world laugh was a tragic sadness. Employing his creations as masks to hide behind, Sellers was convinced his own life was meaningless and empty. Acclaimed (On Sunset Boulevard - the story of Billy Wilder) biographer Ed Sikov has spoken to many who knew and worked with Sellers, including Sophia Loren, Goldie Hawn, and Roman Polanski. Sikov reveals how Sellers was a casualty of his own insecurities and used his public persona to mask his tormented private life, littered with four marriages (and three divorces), countless affairs, and drug and alcohol abuse. This is the authoritative and touching story of a majestic comedian, showing the very private face of a man whose world was lived through the public arena. 'An authoritative biography and a compulsive page turner.' Michael Palin, New York Times 'Sikov's book is often melancholy, but always informative, and entertaining... They don't really make 'em like that any more - you can't get the wood you know' Simon Louvish, Guardian
