

Venus In Blue Jeans Why Mothers And Daughters Need To Talk About Sex

Your Daughter's Bedroom -

Joyce T. T. McFadden

2011-04-26

Your Daughter's Healthy Identity Starts With You After psychoanalyst Joyce McFadden treated countless women who felt alone and isolated in experiences that they were unaware many other women were dealing with too, she began to ask what she could do to help them reach out to each other. The result was the launch of her Women's Realities Study in which she interviewed hundreds of women from ages 18-105, about the most private issues as she sought to understand what events in a woman's life impact her future happiness and self-confidence. What McFadden found was truly

revealing—the theme that most interested them as they explored their identities was how their relationship with their mothers influenced their understanding of themselves as sexual beings throughout their lives—from the time they were little girls straight through adulthood. Drawing on over a thousand responses, *Your Daughter's Bedroom* offers a new and unprecedented look at the mother-daughter bond. McFadden argues that the type of womanhood mothers model for their daughters determines the young girls' comfort with their own bodies which, in turn, leads to confidence and satisfaction later in life. From the most mundane and everyday gestures—a reluctance to call body parts by

Venus In Blue Jeans Why Mothers And Daughters Need To Talk

their real name, an offhanded suggestion to lose weight— to how mothers introduce life altering events such as the start of puberty and sexual exploration, all of these have an impact on a girl's psyche. She found that in an attempt to protect and shield daughters, mothers withhold important information and leave girls to wrestle with their own burgeoning sexuality and other challenges of growing up. Offering a fresh perspective on the fraught mother-daughter relationship, McFadden shows how mothers can create the right environment for their daughters to grow into self-assured women. Your Daughter's Bedroom is an essential resource for women who want to establish a more open and positive relationship with their daughters.

Between Mother & Daughter

- Judy Ford 1999-08-01

Offers advice on maintaining a loving relationship while discussing the process of growing up and exploring the issues confronting teenage girls and their mothers

~~About Sex You Don't Really Know Me:~~

Why Mothers and Daughters Fight and How Both Can Win -

Terri Apter 2005-08-17

Understand what your teenage daughter really means—and learn to use your arguments to strengthen your bond with her. Mothers and teenage daughters argue more than any other child-parent pair—on average every two-and-a-half days. These quarrels, Terri Apter shows, are attempts to negotiate changes in a relationship that is valued by both mothers and daughters. A daughter often feels her mother doesn't know or understand her, and by fighting hopes to force her mother into a new awareness of who she really is, how she has changed, and what she is now capable of doing and understanding. But mothers often misinterpret their daughter's outbursts as signs of rejection, and they may pull back feeling hurt and confused. Through case studies and conversations between mothers and daughters, Apter shows mothers how to interpret the meanings behind

**The Use of Personal
Narratives in the Helping
Professions** - Jessica K Heriot
2014-01-02

Use these fascinating first-person accounts to bring real-world problems into the classroom! The Use of Personal Narratives in the Helping Professions: A Teaching Casebook is a collection of personal narratives, short stories, and poetry about mental illness and other life-affecting problems, mostly in the context of family life. Each selection is accompanied by questions for discussion; selected reading lists are provided with each chapter. Beginning with problems related to childhood, the stories range through adolescence, adulthood, and old age. This unique book provides students and educators in psychology, social work, and counseling with an in-depth understanding of various mental illnesses and psychosocial problems through

~~the life cycle. Its stories and~~
narratives give students the
unique opportunity to
experience "from the inside"
what it is like to live with an
eating disorder or struggle
with a compulsion phobia. The
Use of Personal Narratives in
the Helping Professions is
more than a teaching tool.
These stories are more than
thought provoking, more than
simply insightful. They are
truly fascinating--each a
candid, no-holds-barred
glimpse into the personal
reality of its narrator--and will
inspire the kind of discussions
that the best courses and
instructors are remembered
for. Your students will most
likely have finished the book
before the class has finished
discussing the first chapter!
With The Use of Personal
Narratives in the Helping
Professions, your students will
explore: family relationships
under various types of stress
how families cope with physical
illness what happens to the
family when a loved one
struggles with mental illness
the impact of racial issues the

Venus In Blue Jeans Why Mothers And Daughters Need To Talk

About Sex

effects of sexual abuse and domestic violence the process of healing from childhood trauma . . . and much more! The Use of Personal Narratives in the Helping Professions provides first-hand knowledge of what the loss of a parent to death, mental illness, or alcoholism feels like to the child; of how "coming out" as a lesbian affects one's life; of the love and frustration of having a mentally handicapped sibling; of what it's like to lose one's memory in old age. No academic description can convey the feelings, meaning, and effects on the individual or family of mental illness or other psychosocial stressors. Only narratives and stories based on direct experience--exactly what you'll find in The Use of Personal Narratives in the Helping Professions--can offer this perspective.

Forbidden Fruit - Mark D. Regnerus 2009-08-19
Americans remain deeply ambivalent about teenage sexuality. Many presume that such uneasiness is rooted in religion. But how exactly does

religion contribute to the formation of teenagers' sexual values and actions? What difference, if any, does religion make in adolescents' sexual attitudes and behaviors? Are abstinence pledges effective? What does it mean to be "emotionally ready" for sex? Who expresses regrets about their sexual activity and why? Tackling these and other questions, *Forbidden Fruit* tells the definitive story of the sexual values and practices of American teenagers, paying particular attention to how participating in organized religion shapes sexual decision-making. Merging analyses of three national surveys with stories drawn from interviews with over 250 teenagers across America, Mark Regnerus reviews how young people learn--and what they know--about sex from their parents, schools, peers and other sources. He examines what experiences teens profess to have had, and how they make sense of these experiences in light of their own identities as religious, moral, and

Venus In Blue Jeans Why Mothers And Daughters Need To Talk

About Sex

responsible persons. Religion can and does matter, Regnerus finds, but religious claims are often swamped by other compelling sexual scripts. Particularly interesting is the emergence of what Regnerus calls a new middle class sexual morality which has little to do with a desire for virginity but nevertheless shuns intercourse in order to avoid risks associated with pregnancy and STDs. And strikingly, evangelical teens aren't less sexually active than their non-evangelical counterparts, they just tend to feel guiltier about it. In fact, Regnerus finds that few religious teens have internalized or are even able to articulate the sexual ethic taught by their denominations. The only-and largely ineffective-sexual message most religious teens are getting is, "Don't do it until you're married." Ultimately, Regnerus concludes, religion may influence adolescent sexual behavior, but it rarely motivates sexual decision making.

The Wonder of Girls - Michael

Gurian 2002-01-26

Michael Gurian, whose national bestseller *The Wonder of Boys* presented a radical and enlightening view of parenting sons, now offers a groundbreaking approach to raising daughters. In *The Wonder of Girls*, Gurian, himself the father of two girls, provides crucial information for fully understanding the basic nature of girls: up-to-date scientific research on female biology, hormones, and brain development and how they shape girls' interests, behavior, and relationships. He also offers insight into a culture mired in competition between traditionalism and feminism and a new vision that provides for the equal status of girls and women yet acknowledges their nature as complex and distinct from men. He explains what is "normal" for girls each year from birth to age 20; what developmental needs girls face in each stage; how to communicate effectively with girls; and how to cope with developmental crises such as early sexuality, eating

Venus In Blue Jeans Why Mothers And Daughters Need To Talk

About Sex

disorders, parental divorce, and more. With personal insights, practical tips, real-life anecdotes, and accessible science, *The Wonder of Girls* creates a new parenting paradigm. Key elements include: a nature-based approach to why girls are the way they are the connection between the need for profound attachment and the physical and brain development of girls support for a girl's inherent need for intimacy tools to protect girls' self-esteem and emotional life a new approach to girls' character development and rites of passage. With this scientifically based developmental map of girlhood, Gurian equips parents with a comprehensive guide for raising daughters. Challenging our culture to examine and embrace a crucial piece of the puzzle missing thus far, *The Wonder of Girls* elevates the dialogue on parenthood. *Just Look At Yourself* -

Handbook of Adolescent Medicine and Health Promotion -

Family Disintegration -

Anton Purcell 2002

The contemporary family is being distracted, disturbed and distraught by societal pressures from every direction. The nuclear family concept, believed crucial to child rearing, is becoming passé according to census data. Or has the wave of disruption to families crested? It is hoped that this bibliography will serve as a useful tool to researchers seeking further information on families and the pressures being exerted upon them in the 21st century.

Venus In Blue Jeans - Susan Abel Lieberman 2012-12-11

For generations, mothers and daughters have struggled to say the right thing -- or have said nothing at all -- when the time has come to discuss sex. *VENUS IN BLUE JEANS* brings refreshing hope and guidance for every mother who has been undone by such questions as "Mom, what's French kissing" or "What's oral sex?" or who has agonized over her teenage daughter's newfound interest in boys. In this wise and

Venus In Blue Jeans Why Mothers And Daughters Need To Talk

About Sex

radiant book, Nathalie Bartle tackles some of the toughest topics of sexual education: What do girls know about sex? When is the right time to begin talking with them about sex? How can mothers get the conversation right? Today's teenagers face enormous pressures to become sexually active; by age nineteen more than 50 percent of American girls have had intercourse. From billboards to cyberspace, society is awash in sexual images. Parents assume that teens possess abundant sexual knowledge, but information gleaned from the media or the teenage grapevine can be woefully inaccurate: many teens list AIDS as the only sexually transmitted disease; others assume they can't get pregnant "the first time." We need a new dialogue for this generation of young women, Bartle argues. Combining her own stories of raising a daughter with the generously honest voices of mothers and daughters who have struggled firsthand with this topic, she illuminates the invaluable role

that mothers can play in their daughters' sexual education -- without encouraging them to be sexually active. Adolescent girls crave information, but they may be too afraid or embarrassed to ask for it, worried that their moms will think less of them or assume they are preparing for sex. The rich stories here help dispel common myths, encourage candid conversation, and reveal the importance of placing sexual information within the broader context of relationships and a moral framework. Filled with strategies, keen understanding, and a warm sense of humor, VENUS IN BLUE JEANS will inspire mothers and others to persevere with these vital conversations and will empower girls to think of their sexuality as a natural part of adolescence rather than something they need be defiant about or shamed by. This is an indispensable book for anyone concerned with guiding today's young women safely through the upsets, infatuations, and intimacies of adolescence.

Masturbation in Pop Culture

- Lauren Rosewarne
2014-10-15
Through reference to over six hundred scenes from film and television—as well as a diverse and cross-disciplinary academic bibliography—Masturbation in Pop Culture investigates the role that masturbation serves within narratives while simultaneously mirroring our complicated relationship with the practice in real life and sparking discussions about a broad range of hot-button sexual subjects. From sitcoms to horror movies, teen comedies to erotic thrillers, autoeroticism is easily detected on screen. The portrayal, however, is not a simple one. Just as in real life a paradox exists where most of us masturbate and accept it as normal and natural, there simultaneously exists a silence about it; that we do it, but we don't talk about it; that we enjoy it but we laugh about it. The screen reflects this conflicted relationship. It is there—hundreds and hundreds

About Sex

of times—but it is routinely whispered about, mocked and presented as a punchline, and is inevitably portrayed as controversial at the very least. Masturbation in Pop Culture investigates the embarrassment and squeamishness, sexiness and inappropriateness of masturbation, showcasing and analyzing how our complex off screen relationship is mirrored in film and television.

Parenting 911 - Charlene C. Giannetti 1999

Describes the problems faced by today's middle-schoolers and explains what concerned parents can do to help their children.

The Blessing of a Skinned Knee

- Wendy Mogel 2001-08-22

The beloved bestseller that offers a practical, inspiring new roadmap for raising self-reliant, ethical, and compassionate children. In the trenches of a typical day, every parent encounters a child afflicted with ingratitude and entitlement. In a world where material abundance abounds, parents want so badly to raise

Venus In Blue Jeans Why Mothers And Daughters Need To Talk

self-disciplined, appreciative, and resourceful children who are not spoiled by the plentitude around them. But how to accomplish this feat? The answer has eluded the best-intentioned mothers and fathers who overprotect, overindulge, and overschedule their children's lives. Dr. Mogel helps parents learn how to turn their children's worst traits into their greatest attributes. Starting with stories of everyday parenting problems and examining them through the lens of the Torah, the Talmud, and important Jewish teachings, *The Blessing of a Skinned Knee* shows parents how to teach children to honor their parents and to respect others, escape the danger of overvaluing children's need for self-expression so that their kids don't become "little attorneys," accept that their children are both ordinary and unique, and treasure the power and holiness of the present moment. It is Mogel's singular achievement that she makes these teachings relevant for any era and any household of

About Sex
any faith. A unique parenting book, designed for use both in the home and in parenting classes, with an on-line teaching guide to help facilitate its use, *The Blessing of a Skinned Knee* is both inspiring and effective in the day-to-day challenge of raising self-reliant children.

SIECUS Report - 2000

Integrating Gender and Culture in Parenting - Toni Schindler Zimmerman
2013-01-11

Show parents how to help their children break free of the artificial limitations placed upon them by society's gender and cultural expectations! This book presents both theoretical and practical ideas for integrating gender and culture into parenting. Unlike other books on the subject, this one examines interventions and activities, and suggests discussion topics that provide children with the skills to become critical consumers and thinkers. You'll learn to help children discover and celebrate who they are, while infusing

Venus In Blue Jeans Why Mothers And Daughters Need To Talk

About Sex

the message that they should notice and challenge exaggerated stereotypes of gender and ethnicity. From the editor: "If therapists can coach parents in helping to inoculate their children, beginning at early ages, against the negative effects of gender socialization, perhaps the work of developing equal relationships in their friendships and intimate relationships will be less taxing as they grow and mature. Additionally, as children are taught to challenge rigid gender and ethnicity messages, perhaps they will feel a greater sense of flexibility as they dream about who they want to become and how they want to live their lives." This essential book will teach you to help children defeat the harmful media messages they're bombarded by. Integrating Gender and Culture in Parenting: presents 20 simple ideas and 5 group activities to teach children about social justice in our everyday lives explores parental socialization practices and the values transmitted to school-aged and

young adult offspring, focusing on the way parents' teaching styles integrate race and gender investigates the parenting practices of middle-class, dual-earner couples who feel that they are successfully balancing family and work—with a look at the specific strategies these couples use to achieve an appropriate balance shows what family therapists should know about sexuality education, and highlights the specific roles that feminist family therapists can play with parents, children, and adolescents to help children be more sexually responsible and less likely to put themselves in sexually risky situations examines the gender messages found in 63 articles from the top three selling parenting magazines in the United States In addition, you'll find two revealing and insightful chapters in which interviewer Lori Lund discusses the cultural scripting that American boys and girls are subjected to, with: Jackson Katz—one of America's leading

Girl in the Mirror - Nancy L. Snyderman 2002-02-06

The one book every mother of a girl age 9 to 19 needs to have on her shelves. *Girl in the Mirror* is the book we've all been looking for. It teaches us that our daughters' adolescence isn't a time to be gotten through or survived; instead, it's a tremendous opportunity not just to foster social, emotional, and intellectual growth, but to forge new connections between us and our daughters. Drawing on the latest research and interviews with experts in different fields, *Girl in the Mirror* sheds new light on the journey that is adolescence, the crucial interaction between

~~mother and daughter, and the~~ ways in which our own parenting skills must evolve as our daughters move into a new stage of growth.

Family Stories and the Life Course - Michael W. Pratt 2004-04-26

Pratt (Wilfred Laurier University) and Fiese (Syracuse University) survey recent psychological research and theory on family stories, which are first-person accounts of personal experiences that have meaning to individuals and the family as a whole. Contributors focus on the act of telling family st.

Sexuality: God's Gift - Anne Krabill Hershberger 2010-06-17

Big business makes big money selling a phony notion of what we want and need as sexual people. Ads insist that certain products will make us more sexually appealing. But what we really want and need is true intimacy—the knowledge that we matter to another person and are loved for who we are. We all are sexual beings, all of our lives, and relate to each

Venus In Blue Jeans Why Mothers And Daughters Need To Talk

About Sex

other sexually all the time. God marvelously made us this way. Using the metaphor of sexuality as a good gift from God, this book offers Christian resources for living a sexually healthy and fulfilling life.

"Extraordinarily comprehensive, nuanced, and sensitive—even richer than its predecessor. It is a splendid resource for all Christians who wish to live more deeply in gratitude to God for their own sexuality." —James B. Nelson, professor emeritus of Christian

ethics, United Theological

Seminary of the Twin Cities

"An important contribution to Christians seeking to celebrate their sexuality with holiness and integrity." —The Rev.

Debra W. Haffner, executive director, Religious Institute, Westport, Connecticut

Everything You Need to Know About Virginity - Annie Leah Sommers 1999-12-15

Discusses some of the issues surrounding virginity for teens, dispels myths about it, and suggest ways for youth to express their sexuality.
