*Unique Romantic Proposal* - Linda Johnson  
2022-03-09

Proposals are deemed to be lovey-dovey and memorable for lifetime. However, large number of males end up spoiling the whole scene and turning themselves boo- boo (embarrassed) in the whole process. In case you desire to know the right manner to propose to your girl, always remember this: it does not need to be cheesy or expensive, it simply takes little bit of your ingenuity. Yes, it is not at all an easy as a pie thing for the men when it's about proposing to your dream girl, who have turned their innumerable nights go sleepless just looking at the moon or turning sides on the beds. But as per my knowledge these men are a gigantic thing to deal with. These guys can break a limit

when it is about making an offer to a girl. You may be planning to bid a gal on date, but also at the similar time quivering with awe at the very thought that the girl might say a big 'NO' to your offer. Each and every girl fantasizes of getting proposed by a guy some day. It is really a hard task but not beyond the bounds of possibility. A good offer is for sure to be acknowledged and even sometimes alters the decision and mind-set of the girl about you just within few seconds. Therefore, it must be done cautiously "Handle with Care". Follow the below given proposing tricks in order to make your proposal get big 'Yes' with a smile on your girl's face: Make it highly personal: There is no excuse to copy cat an idea from movies or somewhere else, especially since both of you must have countless shared experiences. So you exactly know what she really likes. Prepare a stage prior to you pop up the question. Use your charm and humor to make your girl feel congenial in your company. Exchange idea and share small talks in order to

make her reveal her likes as well as dislikes. Make the Fairy Tale reality: Every girl, somewhere in the nook of her tender heart has her own beautiful fairytale locked that she would definitely wish to be unlocked so that it could fly high. If as a boy you desire to unlock this dream for your girl, the proposal is an ideal method to do it. Be a Gentleman: Stop behaving as a boy like altering your name or stop becoming jealous. Dress up like a gentleman too.

**33 ways to make her miss you** - Celine Claire  
2022-02-14

Being apart from the lady you like can be one of the difficult things you ever have to do. So how do you make sure that the girl misses you while you're gone? This e-book gives you up to 50 ways to make her miss you. Tip number one. Minimize the amount of time you spend together. If you want the girl to miss you when you're apart from one another, then you can't spend too much of your free time with her. You should hang out with her enough to make her see how awesome, fun, and interesting you are, but not so much that she starts to take you for granted or feels like you've run out of things to say to each other. Make an effort to see her once or twice a week, but ensure that she's not the only

to-do on your social calendar, or she'll start to think that she can have you whenever she wants. Tip number two. Limit your phone time with her. If you and the girl you are interested in talk on the phone, ensure that you keep your conversations relatively short so she doesn't assume you have nothing better to do than to talk to her all the time. You can talk to her to set up plans or to see how she's doing for some few minutes, but you shouldn't let the conversation drag on so long that you've run out of things to say. To keep her interested, you want her to feel like she can never run out of things to say to you once you meet. Don't tell her everything that you're thinking or everything that's happening in your life over the phone. Save some of it for when you actually meet her in-person.
