*Seventy Faces* - Norman Lamm  
2002

Over the past twenty-five years, the presidency of Yeshiva University has been a mighty pulpit from which Dr. Norman Lamm has addressed many of the critical issues that have faced world Jewry and confronted Modern Orthodoxy. As spokesman for the institution that he leads, the movement he champions, and the Jewish people he loves, Dr. Lamm has fearlessly addressed such issues as the possibilities for faith and real religious commitment in the modern world: unity within a fragmented and contentious

Jewish community, morality within a libertine contemporary society, and the prospect for Zionism and Israel within the world of nations. He has defined the parameters and structured the vision of Modern Orthodoxy as a vibrant and attractive religious phenomenon that combines fidelity to Jewish tradition while embracing the modern world of knowledge and culture, with tolerance for all Jews and civility toward all humankind. This is the definitive work on modern orthodoxy.

*Love, Marriage, and Jewish Families* - Sylvia Barack Fishman 2015-11-22

The concepts of gender, love, and family - as well as the personal choices regarding gender-role construction, sexual and romantic liaisons, and family formation - have become more fluid under a society-wide softening of boundaries, hierarchies, and protocols. Sylvia Barack Fishman gathers the work of social historians and legal scholars who study transformations in the intimate realms of partnering and family construction among Jews. Following a substantive introduction, the volume casts a broad net. Chapters explore the current situation in both the United States and Israel, attending to what once were

considered unconventional household arrangements - including extended singlehood, cohabitating couples, single Jewish mothers, and GLBTQ families - along with the legal ramifications and religious backlash. Together, these essays demonstrate how changes in the understanding of male and female roles and expectations over the past few decades have contributed to a social revolution with profound - and paradoxical - effects on partnering, marriage, and family formation. This diverse anthology - with chapters focusing on demography, ethnography, and legal texts - will interest scholars and students in Jewish studies, women's and gender studies, Israel studies, and American Jewish history, sociology, and culture.

A zaddik is a righteous man and inspirational Jewish leader. Denholtz, a journalist, playwright, and screenwriter who teaches at Fairleigh Dickinson U., presents the stranger-than-fiction case of the 1992 kidnapping of a Brooklyn boy, believed by an ultra-Orthodox rabbi destined to become a zaddik, and his immigrant Israeli mother's legal fight to get him back.
