Zuzana Ruzickova 2020-05-14

The remarkable memoir of Zuzana Ruzickova, Holocaust survivor and world-famous harpsichordist. 'Extraordinary' Sunday Times 'Compelling' Daily Telegraph Zuzana Ruzickova grew up in 1930s Czechoslovakia dreaming of two things- Johann Sebastian Bach and the piano. But her peaceful, melodic childhood was torn apart when, in 1939, the Nazis invaded. Uprooted

From A World Apart A Little Girl In The Concentration Camps

from her home, transported from Auschwitz to Hamburg to Bergen-Belsen, bereaved, starved, and afflicted with crippling injuries to her musician's hands, the teenage Zuzana faced a series of devastating losses. Yet with every truck and train ride, a small slip of paper printed with her favourite piece of Bach's music became her talisman. Armed with this 'proof that beauty still existed', Zuzana's fierce bravery and passion ensured her survival of the greatest human atrocities of all time, and would continue to sustain her through the brutalities of post-war Communist rule. Harnessing her talent and dedication, and fortified by the love of her husband, the Czech composer Viktor Kalabis, Zuzana went on to become one of the twentieth century's most renowned musicians and the first harpsichordist to record the entirety of Bach's keyboard works. Zuzana's story, told here in her own words before her death in 2017, is a profound and powerful

testimony of the horrors of the Holocaust, and a testament in itself to the importance of amplifying the voices of its survivors today. It is also a joyful celebration of art and resistance that defined the life of the 'first lady of the harpsichord' o a woman who spent her life being ceaselessly reborn through her music.
Inseparable - Faris Cassell
2023-09-12
See the Holocaust through the Eyes of Children. Stefan and Marion Hess's happy childhood was shattered in 1943. Torn from their home in Amsterdam, the six-year-old twins and their parents were deported to a place their mother called "this dying hell"—the infamous concentration camp at Bergen-Belsen. Inseparable is the vivid account of one family's struggle to survive the Holocaust. In the camp, the children ran from SS soldiers, making it a game to see who could get closest to the guard towers before being warned they would be shot. Stefan and Marion witnessed their father beaten beyond recognition,

From A World Apart A Little Girl In The Concentration Camps

dodged strafing warplanes, and somehow survived in a place where "the children were looking for bread between the corpses." Above all, this is the unforgettable story of a young mother and father who were willing to sacrifice everything for their children. From the Hesses' prosperous pre-war life in Germany to their desperate ride in a bulletstrafed boxcar through the rubble of the collapsing Third Reich, Faris Cassell weaves Stefan and Marion's personal memories and historical details into a gripping narration of their family's heroic fight for their lives. As the number of Holocaust survivors dwindles, the Hess twins' account of their childhood ordeal forces the reader to grapple with pure evil. And more important, it is an opportunity to offer the most meaningful of tributes to victims and survivors of the Third Reich—remembrance.

Not Without My Sister - Marion Kummerow 2021-03-25
1944, Germany. Two sisters seek to overcome impossible odds to be reunited, in this

utterly devastating and unforgettable novel about sisterhood, courage and survival. All they had left was each other. Until the Nazis tore them apart. After years of hiding from the Nazis, Rachel Epstein and her little sister Mindel are captured by the Gestapo and sent to the concentration camp at Bergen-Belsen. The only ray of light for either girl is that they are together. But on arrival they are separated. As she's seventeen and deemed an adult, Rachel is sent to work in a brutal factory whilst four-year-old Mindel is sent into the so-called "star" camp for Jewish prisoners. All on her own, Rachel knows her sister will have no chance of survival—unless she can find someone to take care of her. Working in the windowless, airless factory—filling munitions casings with chemicals that burn her fingers and make her eyes sting—the only thing that keeps Rachel going is the thought of her little sister. Because if there's even a chance Mindel is alive,

Rachel knows she must try to save her. But, separated by barbed wire, and treated brutally by SS guards who do not even see them as human beings, can either of the orphaned sisters ever dare to hope that they'll find their way back to each other? And to freedom? A completely heartbreaking, utterly gripping tale of courage, loss and overcoming impossible odds, perfect for fans of The Tattooist of Auschwitz, The Ragged Edge of Night and The Orphan's Tale. More Nights than Days -

Yudit Kiss 2023-07-31

More Nights Than Days is a unique exploration of the experience of children who survived the Holocaust—including Roma and Sinti victims—and the genocides in Cambodia, Rwanda, and Bosnia. Children are among the principal victims of armed conflicts and slaughters; nonetheless, they perceive events through the prism of their unique perspective and have a range of coping techniques adults don't possess. This overview of writings of ninety-one child survivors bears evidence from

a wide range of human ruthlessness. The author presents little-known texts along with famous memoirs and autobiographical fiction, with abundant quotations. Many of these are not only compelling as historical testimony, but poetic and stirringly expressive. Yudit Kiss has not written a historical study or literary criticism of the children's books. She explores, instead, what the authors went through and what they felt and understood about their experience. An accessible and captivating reading, this volume presents a close-up, human size dimension of the destruction. The books written by child survivors also describe the resources and means that helped them to remain human even in the deepest well of inhumanity, offering precious lessons about resistance and resilience.M

The Ravine - Nivaria Tejera

2008-01-10

Set in the Canary Islands at the outset of the Spanish Civil War, The Ravine is the provocative, disturbing account of a child's

From A World Apart A Little Girl In The Concentration Camps

experience with war. Narrated by an unnamed seven-year-old girl, the story begins in the early days of the war when her father—a staunch supporter of the Republic—goes into hiding. As the girl and her family await news of his whereabouts, they learn he is taken prisoner, brought to trial, and eventually sentenced to forced labor in a concentration camp. Confused and bereft, they visit him in the camp, hoping he will be spared the firing squad and the subsequent "burial" in the ravine, a fate that befalls so many prisoners. Acclaimed since its original appearance in French in 1958, *The Ravine* has been published in several languages and remains the novel for which Nivaria Tejera is best known. This is the first English translation.

Children Writing the Holocaust
- S. Vice 2004-06-29

This book examines a wide range of works written by and about child survivors and victims of the Holocaust. The writers analyzed range from Anne Frank and Saul Friedlander to Ida Fink and Louis Begley; topics covered include the Kindertransport experience, exile to Siberia, living in hiding, Jewish children masquerading as Christian, and ghetto diaries. Throughout, the argument is made that these texts use such similar techniques and structures that children's-eye views of the Holocaust constitute a discrete literary genre.

The Liberation of the Camps - Dan Stone 2015-05-19

A moving, deeply researched account of survivors' experiences of liberation from Nazi death camps and the long, difficult years that followed. When tortured inmates of Hitler's concentration and extermination camps were liberated in 1944 and 1945, the horror of the atrocities came fully to light. It was easy for others to imagine the joyful relief of freed prisoners, yet for those who had survived the unimaginable, the experience of liberation was a slow, grueling journey back to life. In this unprecedented inquiry into the days, months, and years following the arrival of Allied

From A World Apart A Little Girl In The Concentration Camps

forces at the Nazi camps, a foremost historian of the Holocaust draws on archival sources and especially on eyewitness testimonies to reveal the complex challenges liberated victims faced and the daunting tasks their liberators undertook to help them reclaim their shattered lives. Historian Dan Stone focuses on the survivors—their feelings of guilt, exhaustion, fear, shame for having survived, and devastating grief for lost family members; their immense medical problems; and their later demands to be released from Displaced Persons camps and resettled in countries of their own choosing. Stone also tracks the efforts of British, American, Canadian, and Russian liberators as they contended with survivors' immediate needs, then grappled with longer-term issues that shaped the postwar world and ushered in the first chill of the Cold War years ahead.

The Seven, A Family Holocaust Story - Ellen G. Friedman 2017-11-13

Most Polish Jews who survived the Second World War did not go to concentration camps, but were banished by Stalin to the remote prison settlements and Gulags of the Soviet Union. Less than ten percent of Polish Jews came out of the war alive—the largest population of Jews who endured—for whom Soviet exile was the main chance for survival. Ellen G. Friedman's *The Seven, A Family Holocaust Story* is an account of this displacement. Friedman always knew that she was born to Polish-Jewish parents on the run from Hitler, but her family did not describe

From A World Apart A Little Girl In The Concentration Camps

themselves as Holocaust survivors since that label seemed only to apply only to those who came out of the concentration camps with numbers tattooed on their arms. The title of the book comes from the closeness that set seven individuals apart from the hundreds of thousands of other refugees in the Gulags of the USSR. The Seven—a name given to them by their fellow refugees—were Polish Jews from Warsaw, most of them related. The Seven, A Family Holocaust Story brings together the very different perspectives of the survivors and others who came to be linked to them, providing a glimpse into the repercussions

of the Holocaust in one extended family who survived because they were loyal to one another, lucky, and endlessly enterprising. Interwoven into the survivors' accounts of their experiences before, during, and after the war are their own and the author's reflections on the themes of exile, memory, love, and resentment. Based on primary interviews and told in a blending of past and present experiences, Friedman gives a new voice to Holocaust memory—one that is sure to resonate with today's exiles and refugees. Those with an interest in World War II memoir and genocide studies will welcome this unique perspective.
