*We Should Get Together* is the handbook for anyone who's ready for better friendships, now. Have you recently moved to a new city and are struggling to make friends? Do you find yourself constantly making plans with friends that fall through? Are you more likely to see your friends' social media posts than their faces? You aren't alone. online all the time, it makes perfect sense to have a handy book of jokes with you all the time. And this is where my book, Text Fails, comes in. It is a handy tool to keep you and your friends company when you are looking forward to having a good time! Have you ever sent a text to somebody only to realize seconds later it was sent to the wrong person? Maybe you received a text from a friend with some hard words in it about you, and then they innocently come back and say, "That wasn't meant for you." In this book, you will find some some cringe-worthy text interactions that were sent to the wrong person. It's always funnier when it happens to somebody else. A failed text is always funny, and now that we have social media, it has become easier to share these failed texts as memes. But why do they attract so much attention? A text is real, and it is relatable because we all text. At some point, we all have misspelled words or even sent the text to the wrong person! As phones get more

sophisticated, the fun in text fails is that they are ironic. Despite us having access to auto-correct, these features and software can sometimes be the cause of failed text messages. Funny text messages come in all forms- from the mundane to the morbid, there is no shortage of funny text messages that can send you rolling in laughter. What if you can access a lot of these from one source? Wouldn't it be a fun thing to have? Not only would you have an accessible collection of text fails that can brighten your day, but you also have a source of jokes that you can share! I thought about a lot of funny texts and collected them, too. In this book, you will be treated to a smorgasbord of failed text messages that would put you in a good mood. Use this book as a source of funny anecdotes if you are with your friends. It certainly takes off steam and can help you de-stress at any given time. While there are jokes here leaning towards an adult audience, all it takes is for you to choose which jokes

apply to the right audience. Text Fails is a book that applies to all occasions. You can use these jokes for your speeches, during a party, or even share it in your social media timeline. These jokes are guaranteed to stir emotions in people who see them, and they can help brighten someone's moods. Position yourself as a master of jokes. Use this book to get ideas and refine them for your specific situation. Have fun reading and use them to communicate your thoughts, your emotions, and your feelings about your favorite social networks. Your friends will go crazy! Ready to get started? Click "Buy Now"!

**The Guyde** - Howie Reith

2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in

these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories,

and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why

relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.
