This book tells you everything you need to know, courtesy of the world's only major female PUA (pick-up artist), Kezia Noble! This is a book for personal growth, a tool for deepening relationships, a lively conversation starter for the family dinner table, a fun way to pass the time in the car. It poses over 300 questions that invite people to explore the most fascinating of subjects: themselves and how they really feel about the world. The revised edition includes more than 100 all-new questions that delve into such topics as the disappearing border between man and machine—How would you react if you learned that a sad and beautiful poem that touched you deeply had been written by a computer? The challenges of being a parent—Would you completely rewrite your child's college-application essays if it would help him get into a better school? The never-endingly interesting topic of sex—Would you be willing to give up sex for a year if you knew it would give you a much deeper sense of peace than you now have? And of course the meaning of it all—If you were handed an envelope with the date of your death inside, and you knew you could do nothing to alter your fate, would you look? *The Book of Questions* may be the only publication that challenges—and even changes—the way you view the world, without offering a single opinion of its own.

Nothing Left to Prove Danny Smith 2021-09-08 "The sharp, hardboiled prose you would expect from a detective novelist... Smith shares vivid

details, hard-earned insights, and stories of courage and terror, told with crisp, raw dialogue, a feeling for the drama of potentially violent confrontations, and an undercurrent of despair, despite many heartfelt tributes to cops he trusted and the mentor whose murder he had to look into." - BookLife Review He landed his dream job pursuing the guilty, but two decades of horrific violence and a steady stream of death left him scarred... From the streets of South Los Angeles to the elite homicide bureau, former sheriff's detective Danny R. Smith saw some of L.A.'s darkest hours: a crack cocaine epidemic, unprecedented gang warfare, a spike in homicides that stunned the nation, the Rodney King riots. A beating left him unconscious. Only the miraculous malfunction of a killer's automatic weapon saved his life. But it was the hundreds of deaths and innumerable tragedies—murdered colleagues, dead kids, a Native American burned alive by skinheads—that took the greatest toll. In this no-holds-barred memoir, Smith offers a rare, unfiltered view of a career in law enforcement, and reveals his unique insights into battling PTSD and being forced to leave the profession he loved. *Nothing Left to Prove* is shocking, riveting, and poignant—remarkably honest. It's the very personal story of one man's career and its effect on his life, unveiled through Smith's masterful storytelling. If you think you know cops, if you enjoy compelling true-crime stories, then you'll love Danny R. Smith's powerful narrative. Buy *Nothing Left to Prove* for an eye-opening insider's perspective today! Advanced Reader Reviews: "Danny R. Smith has told his story with open and raw emotion that few would be willing to share openly and with such brutal honesty. His story leaves the reader with a better understanding of the hardships that a career in law enforcement can take on one's life, and hopefully leaves society with a better appreciation of those who chose to protect us." - Andrea Self "Nothing Left to Prove is a gritty, gut-wrenchingly honest and compelling inside look at the life of a law enforcement officer. This author pulls no punches as he lays bare the violence and horrific atrocities that took place during his career." - Heather Wamboldt "I was at times, shocked, appalled and repulsed by what one human being could do to another human being. I was also amazed, appreciative and extremely respectful of those who serve so resolutely to protect others." - Michele Carey "This is an outstanding, exciting, and superbly readable account from a man who lived it all. Poignant, gut-wrenching, and, at times, amusing, this is definitely an unputdownable narrative." - Michele Kapugi "A riveting law enforcement memoir." - Bud Johnson "The ultimate walk-a-mile-in-my-shoes autobiography." - Moon Mullen "Takes you through the life of a true and dedicated street cop. Fascinating read!" - Kay Reeves

How to Castrate a Bull Dave Hitz 2009-01-20 Dave Hitz likes to solve fun problems. He didn't set out to be a Silicon Valley icon, a business visionary, or even a billionaire. But he became all three. It turns out that business is a mosaic of interesting puzzles like managing risk, developing and reversing strategies, and looking into the future by deconstructing the past. As a founder of NetApp, a data storage firm that began as an idea scribbled on a placemat and now takes in \$4 billion a year, Hitz has seen his company go through every major cycle in business—from the Jack-of-All-Trades mentality of a start-up, through the tumultuous period of the IPO and the dot-com bust, and finally to a mature enterprise company. NetApp is one of the fastest-growing computer companies ever, and for six years in a row it has been on Fortune magazine's list of Best Companies to Work For. Not bad for a high school dropout who began his business career selling his blood for money and typing the names of diseases onto index cards. With colorful examples and anecdotes, *How to Castrate a Bull* is a story for everyone interested in understanding business, the reasons why companies succeed and fail, and how powerful lessons often come from strange and unexpected places. Dave Hitz co-founded NetApp in 1992 with James Lau and Michael Malcolm. He served as a programmer, marketing evangelist, technical architect, and vice president of engineering. Presently, he is responsible for future strategy and direction for the company. Before his career in Silicon Valley, Dave worked as a cowboy, where he got valuable management experience by herding, branding, and castrating cattle.

Living with a Black Dog Matthew Johnstone 2012-03-01 As beautifully illustrated as it is touching, this second book from Matthew Johnstone, author of *I Had a Black Dog*, is written for those who care for those suffering from depression - friends, family members, colleagues, and even therapists. Using wonderful illustrations and the image of Churchill's infamous 'black dog', Matthew and his wife Ainsley offer a moving, inspirational and often humorous portrait of life with depression - not only for those suffering from it themselves, but for those close to them. *Living with a Black Dog* speaks directly to the carer and offers practical and sometimes tongue-in-cheek tips on helping the depression sufferer, such as 'Socks have little do with mental health. If people could just "snap out of it" they would.' and 'Encourage any form of regular exercise. Fitness robs the Dog of its power'. Based on their own experiences, Matthew and his wife Ainsley treat the subject of depression sympathetically, hopefully and, most importantly, humorously.

Get Over Yourself! Patti Novak 2008-12-30 True love doesn't just happen, notes professional matchmaker Patti Novak. You have to work for it--and want it. Forget eight-minute speed dates or online dating sites with twenty-page questionnaires that promise a scientifically calculated perfect match. The fact that you both like golf, stamp collecting, and pizza with anchovies is great, but it won't mean a thing if you don't feel that zing. But before there can be sparks, there have to be dates. And before the first date, you need to get over yourself! Taking a tough-love approach, and in her signature straight-shooting style, Patti will show you how to fix what needs to be fixed, reach your core, and identify who you are and what you want in a partner. She uses a three-part common-sense formula:

- Getting Over What? Assess your dating weaknesses, recognize what's not working, and adjust your expectations. Delve into your personal history and past relationships, and pinpoint the issues that have been holding you back.
- Almost Over It Fine-tune your attitude, your look, and your behavior to maximize your dating chances. Novak lays out strategies to help you deal with the brutal dating monsters you find along the way.
- Over It Learn the do's and don'ts of the first date, the second date, and beyond. Remember, it's not a job interview or therapy session. Pretend you're meeting a new friend, not a prospective husband or wife. Finding your one and only isn't about having the right shoes or a flat stomach. It's about being true to yourself, being vulnerable, and being ready for love. Whether you're new to the dating scene, divorced and looking, or just trying to reach that second date, Get Over Yourself! will help you get the love you've always wanted and deserve.

Summer Blonde Adrian Tomine 2022-06-27 Adrian Tomine's cult comix series Optic Nerve is finally collected into one sharp-looking hardcover graphic novel. Described as the Raymond Carver of comix, Tomine constructs tales of emotional disconnection with an ear for painfully real dialogue. Combined with his deft black and white depictions of urbane lifestyles, Tomine's fans have often accused him of eavesdropping in on their most intimate moments and, with forensic skill, laying their lives bare. The conflicts between emotional gratification, narcissistic neediness and moral discernment mark the title story - "Summer Blonde" - in which a socially crippled man nurses an obsessive crush on a young woman. He watches close up, paralyzed by his guilt, as her beauty catches the eye of his neighbor: a hip, selfish young man with a short attention span. One of Optic Nerve's most popular stories, 'Hawaiian Getaway,' features Hilary, telephone service rep who is having the worst week of her life. She lost her job, her apartment, and her grandmother. Close to the edge, she is losing her grip. Reaching out to random strangers on the phone, Hilary is looking for someone to help her. In "Alter Ego" a successful young author has writer's block. He can't, or won't, decide between another ghostwriting gig and finishing his second 'real' novel. He stalls on committing to his novel and his girlfriend when a chance postcard leads him to flirt with fantasies of changing the past. Finally, "Bomb Scare" documents the early unease of his generation by setting this coming-of-age story during the tense months of the Gulf War, the event that ushered in the 1990s.
