*Korean Women Managers and
Corporate Culture* - Jean R.

Renshaw 2012-03-15

The typical view of Korean women is not as managers. The stereotype is of Korean women serving and pleasing men, or more recently as aggressive shopkeepers and bar-owners. Very little has been written to challenge this misconception. This fascinating book reveals there have always been managers amongst Korean women, particularly in occupations like money lending, retail and fashion, and women continue to serve after the economic crash at the beginning of a new century. *Korean Women Managers and Corporate Culture* illuminates the many roles of women - from management, leadership and policy making, to the more traditional positions as homemaker and wife - and describes the distinctive Korean corporate culture and economy in order to evaluate the future of women as well as that of Korea itself.

**I Knew a Man Who Had Six
Sons and Squash Blossom** -

Luther Butler 1999-12

La Plata County Series beloved characters are involved in a tragic crash while flying over Korea! The end of an era is marked with a fire that brings a catastrophic end to the son of the Mississippi woman. The saga that began in a castle in Ireland where James Butler (alias James Wilkerson) was born ends on Son's beloved La Plata River. All is not lost; for out of the wreckage comes the return of a Ute Indian, Squash Blossom's descendent, who hopes to return a piece of the raped land to its native glory.

Son brings this group of novels to an end, in spite of overwhelming odds.

Writing Selves In Diaspora -

Ryang 2008-08-28

Linking autobiographic writings by Korean women in Japan and the United States and the author's ethnographic insights, *Writing Selves in Diaspora* presents an original, profound, and powerful intervention—both literary and anthropological—in our understanding of life in diaspora, being female, and forming selves. Each chapter offers unique and original discussion on the intersection between gender and diaspora on one hand and the process of the self's formation on the other. Chapters are mutually engaging, yet have independent themes to explore: language and self, romantic love, exile and totalitarianism, the ethic of care, and critique of medicalization of identity. Through the introduction of women's lives and introspection and interpretation accorded to them, this book delivers an

unprecedented text of candor and courage. This book will have appeal for both academic and intellectually-informed lay readers interested in gender, self, and diaspora.

Women's Voices on American Stages in the Early Twenty-First Century -

L. Durham 2013-02-27

Women are at the center of American theatre and have the potential to shape the cultural imagination of theatre-goers as a complex new era unfolds. Sarah Ruhl, one of the twenty-first century's most honored playwrights, is read in concert with her contemporaries whose writing also wrestles with the vexing issues facing Americans in the new century.

Far Beyond Forever - Stephen M. Taylor 2006-01-05

A true story of love and fidelity. *Far Beyond Forever* is a compilation of twenty-five years of letters exchanged between a man and a woman habitually separated by forces beyond their control. It is filled with love, anger, humor, sorrow and the gamut of emotions, as they strive to

maintain their love across the miles...until the final separation.

Comfort Women Activism -

Eika Tai 2020-08-04

Comfort Women Activism follows the movement championed by pioneer activists in Japan to demonstrate how their activism has kept a critical interpretation of the atrocities against women committed before and during World War II alive. The book shows how the challenges faced by the activists have evolved from the beginning of their uphill battles all the way to contemporary times. They were able to change social attitudes and get their message across. Yet the ambiguous position of post-World War II Japan's government—which has consistently rejected any sign of guilt over its imperialist past—has kept the activists on their toes. Pivotal and serendipitous turning points have also played a crucial role. In particular, in the early 1990s, the post-Soviet world order assisted in creating the

appropriate conditions for the movement to gather transnational support. These conditions have eroded over time; yet due to the activists' fidelity to survivors, the movement has persisted to this day. Tai uses the activists' narratives to show the multifaceted aspects of the movement. By measuring these narratives against scholarly debates, she argues that comfort women activism in Japan could be called a new form of feminism. "A manuscript of this depth covering such a range of material about the comfort women movement has not previously been available in English. I am deeply impressed by the author's scholarly commitment and humanitarian compassion. The accounts provided in the book are particularly moving, putting a human face on the transnational comfort women movement that has had a global impact." —Peipei Qiu, Vassar College "Eika Tai urges a postcolonial understanding of how activists in Japan came to

embrace the issue of 'comfort women,' make it their own, and engage on a transnational, multigenerational effort. Her book is an absolutely clear rejection of those who portray this historical topic as activism meant to 'hate Japan.' Instead, she claims that this issue is at the heart of a divided Japan."

—Alexis Dudden, University of Connecticut

Primacy - Barry D. Wade
2010-08-25

A commiserating and provocative tale, *Primacy* is an all-important lesson of love, tragedy and inspiration as told from an urban perspective. Propagated in the latter portion of the turbulent 60's, on the outskirts of the gritty streets of Philadelphia, it is the story of a young male born in a 'dysfunctional' household and living in a less than opulent neighborhood. With an adolescent's cognizant awareness of the times and personal events, the prognosticator's life starts out on an anger-laced, emotionally charged tumultuous journey that eventually transcends both

the time and the streets of the "City of Brotherly Love". Later in the story as the prognosticator becomes of age you are escorted further into his moral decadence as he takes the reader descriptively fitting into the twenty-first century, meeting with consequences and humility.

Eloquently written with appropriate vernacular and speech of the situational characters, this story brings into stark visualization a vivid visitation for the reader.

Primacy is an empathetic journey for the many whom have felt that they have been through trying situations and that no other soul could possibly empathize.

The Heathen Woman's Friend - 1894

Creative Women of Korea: The Fifteenth Through the Twentieth Centuries - Young-Key Kim-Renaud 2015-02-24

This book introduces important contributions in the humanities by a select group of traditional

and modern Korean women, from the 15th through the 20th centuries. The literary and artistic works of these women are considered Korean classics, and the featured artists and writers range from a queen, to a courtesan, to a Buddhist nun, to unknown women of Korea. Although women's works were generally meant only to circulate among women, these creative expressions have caught the attention of literary and artistic connoisseurs. By bringing them to light, the book seeks to demonstrate how Korean women have tried to give their lives meaning over the ages through their very diverse, yet common artistic responses to the details and drama of everyday life in Confucian Korea. The stories of these women and their work give us glimpses of their personal views on culture, aesthetics, history, society, politics, morality, and more.

Cultural Compass - Martin F. Manalansan 2000

Scholars in anthropology, sociology, ethnic studies, and Asian American studies

Making and Faking Kinship - Caren Freeman 2011-11-22

In the years leading up to and directly following rapprochement with China in 1992, the South Korean government looked to ethnic Korean (Chosŏnjok) brides and laborers from northeastern China to restore productivity to its industries and countryside. South Korean officials and the media celebrated these overtures not only as a pragmatic solution to population problems but also as a patriotic project of reuniting ethnic Koreans after nearly fifty years of Cold War separation. As Caren Freeman's fieldwork in China and South Korea shows, the attempt to bridge the geopolitical divide in the name of Korean kinship proved more difficult than any of the parties

involved could have imagined. Discriminatory treatment, artificially suppressed wages, clashing gender logics, and the criminalization of so-called runaway brides and undocumented workers tarnished the myth of ethnic homogeneity and exposed the contradictions at the heart of South Korea's transnational kin-making project. Unlike migrant brides who could acquire citizenship, migrant workers were denied the rights of long-term settlement, and stringent quotas restricted their entry. As a result, many Chosŏnjok migrants arranged paper marriages and fabricated familial ties to South Korean citizens to bypass the state apparatus of border control. **Making and Faking Kinship** depicts acts of "counterfeit kinship," false documents, and the leaving behind of spouses and children as strategies implemented by disenfranchised people to gain mobility within the region's changing political economy.

Breaking the Glass Box - JungJa (Joy) Yu 2014-02-07

Breaking the Glass Box includes spiritual formation process for liberation from gender oppression through multiple awareness practices of conflicts in han-based Korean culture of society and church. The metaphor has multiple liberation process: "invisible glass box," "visible glass box," "breaking the glass box," and "sticky rice." This liberation process includes conscientization, consciousness-raising, and a heightened cultural awareness in discerning the reasons of interpersonal conflicts in Korean socio-cultural contexts. By exploring the multi-faceted han-jeong dynamics with Feminist theology and Asian Feminism, the important aspects of re-imagining the self and God as spiritual formation have been examined with contemplative practices of Internal Family System (IFS) and self-compassion to create the healthy jeong-filled solidarity group. The "sticky rice" is a new cultural paradigm for Korean women's jeong-filled hospitality. The

How Do I Make A Korean Woman Fall In Love With Me

broken pieces of the glass box will be transformed into the grains of rice by the positive jeong-filled hospitality of cooking sticky rice. In the solidarity group of jeong-filled hospitality, represented by rice ready to cook a serving of delicious sticky rice, people can enjoy the fellowship of healing, forgiving, and reconciling of the sticky rice. These images are intended to promote a healthy community of ministry and spirituality for Korean women.

Frankly in Love - David Yoon
2019-09-12

Frank Li is a high school senior living in Southern California. Frank's parents emigrated from Korea, and have pretty much one big rule for Frank - he must only date Korean girls. But he's got strong feelings for a girl in his class, Brit - and she's not Korean. His friend Joy Song is in the same boat and knows her parents will never accept her Chinese American boyfriend, so they make a pact: they'll pretend to date each other in order to gain their freedom. Frank thinks fake-

dating is the perfect plan, but it leaves him wondering if he ever really understood love - or himself - at all. David Yoon's debut novel is a quirky, authentic, heartbreaking romantic comedy and a refreshingly different take on race, immigrant communities, friendship and family.

The Island of Sea Women - Lisa See
2020-03-10

THE NEW YORK TIMES BESTSELLER "A mesmerizing new historical novel" (O, The Oprah Magazine) from Lisa See, the bestselling author of *The Tea Girl of Hummingbird Lane*, about female friendship and devastating family secrets on a small Korean island. Mi-ja and Young-sook, two girls living on the Korean island of Jeju, are best friends who come from very different backgrounds. When they are old enough, they begin working in the sea with their village's all-female diving collective, led by Young-sook's mother. As the girls take up their positions as baby divers, they know they are beginning a life of excitement and

responsibility—but also danger. Despite their love for each other, Mi-ja and Young-sook find it impossible to ignore their differences. The Island of Sea Women takes place over many decades, beginning during a period of Japanese colonialism in the 1930s and 1940s, followed by World War II, the Korean War, through the era of cell phones and wet suits for the women divers. Throughout this time, the residents of Jeju find themselves caught between warring empires. Mi-ja is the daughter of a Japanese collaborator. Young-sook was born into a long line of haenyeo and will inherit her mother's position leading the divers in their village. Little do the two friends know that forces outside their control will push their friendship to the breaking point. "This vivid...thoughtful and empathetic" novel (The New York Times Book Review) illuminates a world turned upside down, one where the women are in charge and the men take care of the children. "A wonderful ode to a truly

singular group of women" (Publishers Weekly), The Island of Sea Women is a "beautiful story...about the endurance of friendship when it's pushed to its limits, and you...will love it" (Cosmopolitan).

County Dublin and Blood on the Moon - Luther Butler
1999-06

County Dublin is the first of ten novels in the La Plata County Series. The reader meets James Butler (alias James Wilkerson) was destined to rule the House of Ormonde in Dublin, Ireland. County Dublin has blood-seeking sharks, slavers, slaves and Irishmen who kill and mutilate to keep James Butler from his destiny. These obstacles drive him to Louisa County, Virginia. It is here he fathers two sons who are destined to travel across the South, until one homesteads in La Plata County, Colorado.

Defcon 4 Korea: Land of the Morning Calm - Mark Heathco
2015-06-15

Although a cease-fire agreement was signed on July 27, 1953, Korea has never been a place of peace. Missions to

the Korean demilitarized zone continue, even in the year 1985. The DMZ was created as a strip of land between North and South Korea to act as a buffer, but even the best intentions can sometimes fail. Word quickly spreads: North Koreans are moving toward the DMZ in an all-out combative

push. From the south, the Republic of Korea Army-along with American forces-plan to meet them. All involved must tread carefully or threaten the outbreak of a second Korean War. The men and women of Second Division know this, and they have seventy-two hours to ensure peace.
