## **Of Saints and Shadows** - Christopher Golden 2010-07-15

A secret sect of the Catholic Church, armed with an ancient book of the undead called The Gospel of Shadows, has been slowly destroying vampires for centuries. Now the book has been stolen, and the sect races to retrieve it before their purpose is discovered: a final purge of all vampires. As the line between saints and shadows grows ominously faint, private eye Peter Octavian is drawn into the search. And he'll do anything to find the book ... for Peter Octavian is also a vampire.

Ostracized by his kindred for refusing to take part in the 'blood song', he cannot stand by and watch while they are destroyed. In a deadly game with a driven, sadistic assassin, the trail leads to Venice at the time of carnival, where the Defiant Ones, as the vampires are known, are engaged in a savage battle for their lives. Filled with plot twists, mystery, sex and violent death, Of Saints and Shadows is a spine-tingling thriller which opens the door to the world of The Shadow Saga.

**Hiroshima** - John Hersey 2019-06-05

Pulitzer Prize-winning journalist and bestselling author John Hersey's seminal work of narrative nonfiction which has defined the way we think about nuclear warfare. "One of the great classics of the war" (The New Republic) that tells what happened in Hiroshima during World War II through the memories of the survivors of the first atomic bomb ever dropped on a city. "The perspective [Hiroshima] offers from the bomb's actual victims is the mandatory counterpart to any Oppenheimer

viewing." —GQ Magazine "Nothing can be said about this book that can equal what the book has to say. It speaks for itself, and in an unforgettable way, for humanity." —The New York Times Hiroshima is the story of six human beings who lived through the greatest single manmade disaster in history. John Hersey tells what these six -- a clerk, a widowed seamstress, a physician, a Methodist minister, a young surgeon, and a German Catholic priest -- were doing at 8:15 a.m. on August 6, 1945, when Hiroshima was destroyed by the first atomic bomb ever dropped on a city. Then he follows the course of their lives hour by hour, day by day. The New Yorker of August 31, 1946, devoted all its space to this story. The immediate repercussions were vast: newspapers here and abroad reprinted it; during evening half-hours it was read over the network of the American Broadcasting Company; leading editorials were devoted to it in uncounted newspapers. Almost four decades after the original publication of this celebrated book John Hersey went back to Hiroshima in search of the people whose stories he had told. His account of what he discovered about them -- the variety of ways in which they responded to the past and went on with their lives -- is now the eloquent and moving final chapter of Hiroshima.
