The Picara - Anne K. Kaler 1991

Courtesan and criminal, thief and trollop, warrior and wanderer--the picara embodies the continuing archetypal pattern of a woman's autonomy. She is the sly sharpster in Defoe's heroines such as Roxana and Moll Flanders. With an ancestress like Becky Sharp, the picara evolves into Scarlett O'Hara before finding a comfortable niche as the female hero in fantasy written by women. The Picara traces the development of this character, from an autonomous woman in a harsh patriarchal society to the female hero of the modern fantasy novel.

The Beat Book - Anne Waldman 2007-07-10

The Beat movement exploded into American culture in the early 1950s with the force of prophecy. Not just another literary school, it was an artistic and social revolution. William S. Burroughs proclaimed that the Beat writers were "real architects of change. There is no doubt that we're living in a freer America as a result of the Beat literary movement, which is an important part of the larger picture of cultural and political change in this country during the last forty years, when a four-letter word couldn't appear on the printed page and minority rights were ridiculous." Anne Waldman, a renowned poet and longtime friend of many of these writers, has gathered in this volume a range of the best and most exemplary writings of the Beat poets and novelists. Selections from the Beat classics appear, as well as more recent prose and poetry demonstrating the continued vitality of the Beat experiment. Included are short biographies of the contributors, an extensive bibliography of Beat literature, and a unique guide to "Beat places" around the world—from Kerouac's hometown of Lowell, Massachusetts, where his novel Dr. Sax takes place, to Tangier, where Burroughs wrote parts of Naked Lunch.

The Letters of Stephen Leacock - Stephen Leacock 2006

Widely recognized as Canada's finest literary humorist, Stephen Leacock was a prolific author, publishing over sixty books during his lifetime, in addition to countless articles and pamphlets. He was also a devoted correspondent, writing hundreds of letters to friends, relatives, and business associates. Illustrated with several original photographs, *The Letters of Stephen Leacock* brings together over 800 letters, most of them never before published. Together they give a vivid picture of one of the twentieth century's most distinguished men of letters, a man who was honest, compassionate, and committed to his craft. From the brief, unpolished lines he wrote as a boy to his father, to the final letters he wrote before his death, Leacock's correspondence reveals much about the man behind the humour: the devoted son, husband, and father; the distinguished McGill professor; the proud Canadian; the generous uncle; the social critic; and the private citizen consumed and deeply troubled by the two world wars. Fans of Leacock's many books of humour will find glimpses of his trademark wit in letters on subjects ranging from the Scottish penchant for whiskey to the beauty of the west. More than a humorist, Leacock was an intellectual and an educator who wrote serious works on many topics, including political economy, education, and social reform, and many of his strong views on these subjects are laid out plainly in letters to associates and friends. He was also an astute businessman, and was, as letters to numerous publishers show, a writer by profession. As Leacock himself wrote of his letters to a friend and associate, 'We wrote in the plain straightforward way only possible in such an interchange of letters, about what we thought of this new world that seemed to overwhelm us in our old age.' These are the letters of a gentleman, written with charm, grace, and humour, occasionally blunt and assertive in dealings with publishers, but - in keeping with his humour - never mean-spirited or designed to injure. Together, they represent a fascinating collection that will captivate anyone who enjoys Canadian fiction or history. David Staines has spent 15 years bringing together Leacock's letters, many of them from private collections in Britain, the United States, and Canada. His ten chapter introductions place these carefully selected and annotated letters in the context of Leacock's life and work.

The Collected Letters of Robinson Jeffers, with Selected Letters of Una Jeffers - James Karman 2015-07-15

This volume of correspondence, the last in a three-volume edition, spans a pivotal moment in American history: the mid-twentieth century, from the beginning of World War II, through the years of rebuilding and uneasy peace that followed, to the election of President John F. Kennedy. Robinson Jeffers published four important books during this period—*Be Angry at the Sun* (1941), *Medea* (1946), *The Double Axe* (1948), and *Hungerfield* (1954). He also faced changes to his hometown village of Carmel, experienced the rewards of being a successful dramatist in the United States and abroad, and endured the loss of his wife Una. Jeffers' letters, and those of Una written in the decade prior to her death, offer a vivid chronicle of the life and times of a singular and visionary poet.
