

I Need A Girl Like Kelianne

Playing Dirty in Alaska Samanthe Beck 2022-01-17 Bush pilot Bridget Shanahan runs from responsibility like a child runs from a dentist appointment, but when her brother leaves the family's airfield in her hands, she knows it's time to step up and behave like a Responsible Adult™. So of course that's when Archer Ellison III blows into her tiny town of Captivity, Alaska, every inch the hot-as-hell mistake that most definitely belongs in her past. Been there, done that, and didn't even get to keep the commemorative sweatshirt. Archer has only ever had two goals. Now that he's built his own empire outside his father's company, he can move on to goal #2—winning back the one who got away by whatever means necessary. He knows it won't be easy. Bridget Shanahan is older, wiser, more self-assured, and jaw-droppingly stunning...and doing everything she can to pretend the scorching chemistry between them doesn't exist. But fate is on his side. After an impulsive bet that would have sent Archer packing goes awry, Bridget is officially stuck with him. Which is really inconvenient, since falling for Archer again is the least responsible thing she could do.

What Women Really Want Kellyanne Conway 2005-10-12 An invigorating and inspiring take on the new ways American women are changing and improving our culture and the way we live from Kellyanne Conway, counselor to president Donald Trump, and Celinda Lake, a leading political strategist for the Democratic party. Women are the most powerful force reshaping the future of America. There is a newly defined unified power base among women that crosses all the usual lines of division—politics, race, religion, age, and class—heralding the most significant change in American culture in the past century. Kellyanne Conway, counselor to president Donald Trump and president and CEO of The Polling Company, Inc. and Celinda Lake, a leading political strategist for the Democratic party—two of the most prominent trend-spotters and analysts in America—demonstrate how women are rejecting outdated traditions in order to get what they want and need. They are breaking the old rules about when and whether to marry and have children, living fully and equally as singles, and creating flexible, inclusive workplaces that don't sacrifice family or sanity. They are controlling \$5 trillion annually as the primary purchasers of homes, cars, appliances, and electronics. They are making their mark at ages twenty, forty, sixty, and beyond, drawing strength, inspiration, and intellectual stimulation from other women. Using the eye-opening results of interviews, focus groups, and polls (three of which were created especially for this book), Conway and Lake—who often fall on opposite sides of the country's most polarizing debates—come together to seek out what women buy, what they believe, how they work, how they live, what they care about, what they fear, and what they really want. By delving beneath the hot-button issues, Lake and Conway discovered common causes with which women are inventing a new age of opportunity—doing it their way and, in the process, improving life for all Americans.

Prinz David's Castle Daniel Richard Smith 2018-12-03 Germany, 1939. While Europe braces for the inevitable advancement of the Nazi war machine, Hitler turns his hate-filled agenda on his own people, specifically the portion of the German population least able to defend itself—the mentally and physically disabled. Aktion T4 is enacted to disinfect mainstream Germany of this undesirable portion of its population by creating killing centres both in Germany and the surrounding annexed countries, most notably, at Hartheim Castle in Alkoven, Austria. Here the Nazis, headed by Karl Brandt and Phillip Bouhler, perfect their art of mass murder, using fake shower rooms as gas chambers nearly two full years before they are ever used in a death camp. Felix Schmidt is a Jewish former medical doctor who was stripped of his station and rights by the Nuremberg Race Laws of 1935. Since that time, Felix and his wife, Claudia, have struggled to raise their family amid the growing popularity of Aryan supremacy, a challenge further complicated by their realization that their youngest son, David, has cerebral palsy. Now, Felix must not only deal with the brutal racism that is inflicted upon him, but he must also hide David from view, lest he be swallowed up by the

Nineteen Eighty-Four George Orwell 2021-01-09 "Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.

The Last Iteration Mel Arthur 2018-02-12 Trapped in a world that makes no sense Hanian's military career has been a farce for years. Cie may never again see the outside of a prison. Stolen away from a world cleaved by a slow-burning civil war, they find themselves turned loose in a shifting white labyrinth. Someone wants them together. Someone

wants them to struggle. And someone is watching. "There is so much about this book I love. I am a big fan of the romance aspects of this book and how different relationships develop between the characters as they find each other. I enjoyed watching the characters change as they progressed through the maze- for instance I liked seeing Rina gain confidence in herself, and Ceige falling for a man. The mythological archetypes explored were interesting and how they tied into the creation of the Maze really drew me in." - Ashley Levy

Learning Not to Drown Anna Shinoda 2019-05-07 "Anna Shinoda's deeply informed story is not to be missed." —Dr. Drew Pinsky, *Celebrity Rehab* and *Teen Mom* Family secrets cut to the bone in this mesmerizing debut novel about a teen whose drug-addicted brother is the prodigal son one time too many. There is a pecking order to every family. Seventeen-year-old Clare is the overprotected baby; Peter is the typical, rebellious middle child; and Luke is the can't-do-wrong favorite. In their eyes, they are a normal, happy family. But sometimes it's the people who are closest to us who are the hardest to see. Clare loves her older brother, Luke—it's not his fault that he's always in the wrong place at the wrong time. Life as Luke's sister hasn't been easy—their community hasn't been nearly as forgiving of his transgressions as she and her parents are—but he's done his time and is on his way home again, and she has to believe this time will be different. But when the truths behind his arrests begin to surface, everything Clare's always known is shaken to its core. Clare has to decide if sticking up for herself and her future means selfishly turning her back on family...or if it's the only way to keep herself from drowning along with them.
