Things to Love Her For: Pieces of a Private Poet Maneka Cooper 2019-11-15 *Things to Love Her For*, is a poetry book that pierces beyond the ego (mind) and physicality (body). It is written to serve as an instrument for understanding how we as humans relate to one another, as spiritual beings with souls who are impacted daily by our experiences and decisions. *Things to Love Her For*, expands on the fact that you can adorn your body however you like, it will remain only a shell. You can live life however you see fit, consequently, the quality of your soul will be impacted and your mind, you can feed it whatever you like, it's plasticity makes it ever expanding, but we should be cognizant that one's external reality is a reflection of our internal mentality. Fear, ego, and pain are all created equal. As the author, I use this book to intimately connect with you in a way that encourages you to sit with your own thoughts for self-discovery, to follow your purpose and passion and humbly accept the challenges we unknowingly pray for with tenacity, strength, and courage.

Mr. Taylor becomes Bree's dearest friend, a sympathetic ear and a shoulder to cry on, and soon their shared affection grows into something greater. But by reaching out to protect her-to mend her breaks and soothe her wounds-Axel has crossed a dangerous line, resulting in two shattered lives instead of just

one. Six years later, they will meet again: Bree, still battling the demons that continue to possess her, and Axel, reduced to taking work as a substitute teacher wherever he can find it. Once again he will feel compelled to rescue her. But this time it will be different, because now the yearnings of a loving heart won't be silenced by suspicious minds. And now there's more than one life that desperately needs saving.

Pieces of Him Alice Tribue 2016-01-14 You want the truth? The truth is there'll never be enough time in the world to figure out how to go back. I'll never come up with a way to change the outcome. The truth is I don't need to hear I have a son. I can't deny it's real because he's the living, breathing proof my life is out of control. But the truth is I love him. The truth is it's just him and me for the foreseeable future... Until I met a girl who crossed my heart and changed it all. Emelia was a bright star in my abandoned sky, and it would take a miracle to keep her there. I'll fight for miracles, though, because losing them would mean losing pieces of me.

flicks of the switch and maybe her new stepfamily will accept her. Twenty-five more flicks and maybe she won't cause any more of her loved ones to die. Fifty more and then she can finally go to sleep. Kyler Benton witnesses this pattern of lights from the safety of his tree house in the yard next door. It is only there, hidden from the unwanted stares of his peers, that Kyler can fill his notebooks with lyrics that reveal the true scars of the boy behind the oversize hoodies and caustic humor. But Kyler finds that descriptions of blond hair, sad eyes, and tapping fingers are beginning to fill the pages of his notebooks. Lennon, the lonely girl next door his father has warned him about, infiltrates his mind. Even though he has enough to deal with without Lennon's rumored tragic past in his life, Kyler can't help but want to know the truth about his new muse.

At seventeen she's already lost more than most people do in a lifetime. But she's learned how to forget. The broken glass washes away the sorrow until there is nothing but calm. You don't have to think about your father and the river. Your best friend, who is gone forever. Or your mother, who has nothing left to give you. Every new scar hardens Charlie's heart just a little more, yet it still hurts so much. It hurts enough to not care anymore, which is sometimes what has to happen before you can find your way back from the edge. A deeply moving portrait of a girl in a world that owes her nothing, and has taken so much, and the journey she undergoes to put herself back together. Kathleen Glasgow's debut is heartbreakingly real and unflinchingly honest. It's a story you won't be able to look away from. And don't miss Kathleen Glasgow's novels *You'd Be Home Now* and *How to Make Friends with the Dark*, both raw and powerful stories of life.

Twenty Pieces Lisa Weldon 2021-09-14 Lisa's world collapsed the year she turned 58. Her 25-year marriage ended; the only home her children had ever known fell into foreclosure; and her last child left the nest. Her financial lifeline, her career in advertising, had gone stagnant. From under the crushing realities a wild idea popped into her head. What if she went away for 30 days, all alone to New York City and took a crash course to learn the new digital ways of her business? After class she could sneak in a 1-mile walk, each day treating herself to a different neighborhood of Manhattan, the place she'd always dreamed of living. Using the lessons she'd learn, she could share stories and photos from her daily walks, all in hopes of reinventing herself professionally. It seemed like the perfect plan, and it was. However—the real truth she found on the streets of Manhattan never made it to her blog. Only in her personal diary did she share the rawness of what she learned about herself ... and all she needed to do to make the changes she wanted. In her memoir, *Twenty Pieces*, Lisa Weldon shares what she learned.

Room of Dementia-Broken Pieces Ewelina Labuda 2015-05-07 Since 2007, I have been working as a care assistant in a care home for people with dementia. A few years ago, my grandmother Eugenia died with this disease, but she died at home with her loving family around her in her own old bed. My project, which I call *Room of Dementia-Broken Pieces*, is about loneliness and being lost in a place without any way out and about struggling with losing the memories and knowledge that we have during our whole life. It's about anger, madness, sadness, and beautiful old people who are no longer happy through being trapped in unfamiliar place with people who are strangers to them. Even we as family and friends sometimes do not recognize them as those we have loved in the past. They are still worthy of our love and our being with them in this difficult time of losing themselves. I hope I manage to picture this through my work.

I Complete Me Sheila Ram Mohan 2017-06-17 Diamonds are forever! But can the same be said about true love? Now, don't get me wrong. I am all for true love, but I also believe that we spend a lifetime looking for and working upon relationships outside, neglecting the first valentine of our life – ourselves. *I Complete Me* is a journey, deep within yourself, to look at all the pieces that you have lost and discover some that you never even knew that you had. Read, underscore, underline and re-read. Are you ready to craft your whole new love story with yourself?

A Thousand Pieces of You Claudia Gray 2014-11-04 Cloud Atlas meets Orphan Black in this epic dimension-bending trilogy by New York Times bestselling author Claudia Gray about a girl who must chase her father's killer through multiple dimensions. Marguerite Caine's physicist parents are known for their groundbreaking achievements. Their most astonishing invention, called the Firebird, allows users to jump into multiple universes—and promises to revolutionize science forever. But then Marguerite's father is murdered, and the killer—her parent's handsome, enigmatic assistant Paul— escapes into another dimension before the law can touch him. Marguerite refuses to let the man who destroyed her family go free. So she races after Paul through different universes, always leaping into another version of herself. But she also meets alternate versions of the people she knows—including Paul, whose life entangles with hers in increasingly familiar ways. Before long she begins to question Paul's guilt—as well as her own heart. And soon she discovers the truth behind her father's death is far more sinister than she expected. *A Thousand Pieces of You* explores an amazingly intricate multi-universe where fate is unavoidable, the truth elusive, and love the greatest mystery of all.

Pieces of Me Jay McLean 2022-01-14 "I loved you then, I love you now, and I've loved you every single day in between." Jameson Taylor is a nomad. A drifter. A memory collector. Or, at least, that's what's become of her life ever since she was forced to leave pieces of her fractured heart behind. "This is the fault in our fate, our one undoing: All he's ever wanted is my happiness, even when it costs him his own." Holden Eastwood is resentful. Angry. But most of all, hurt. Torn to pieces by the girl who left him, he struggles to find forgiveness in the organ she once broke. When a tragedy forces them to face the aftermath, Jamie seeks acceptance, while Holden searches for answers. What they find, instead, are remnants of their love. Fragments of forever. And parts of a puzzle that will lead them to the truth... A truth that might shatter them to pieces.

Gabi, a Girl in Pieces Isabel Quintero 2014-09-22 Named to Kirkus Reviews Best Books of 2014 Named to School Library Journal Best Books of 2014 Gabi Hernandez chronicles her last year in high school in her diary: college applications, Cindy's pregnancy, Sebastian's coming out, the cute boys, her father's meth habit, and the food she craves. And best of all, the poetry that helps forge her identity. July 24 My mother named me Gabriella, after my grandmother who, coincidentally, didn't want to meet me when I was born because my mother was unmarried, and therefore living in sin. My mom has told me the story many, many, MANY, times of how, when she confessed to my grandmother that she was pregnant with me, her mother beat her. BEAT HER! She was twenty-five. That story is the basis of my sexual education and has reiterated why it's important to wait until you're married to give it up. So now, every time I go out with a guy, my mom says, "Ojos abiertos, piernas cerradas." Eyes open, legs closed. That's as far as the birds and the bees talk has gone. And I don't mind it. I don't necessarily agree with that whole wait until you're married crap, though. I mean, this is America and the 21st century; not Mexico one hundred years ago. But, of course, I can't tell my mom that because she will think I'm bad. Or worse: trying to be White. Isabel Quintero is an award-winning writer from the Inland Empire of Southern California. She is also the daughter of Mexican immigrants. In addition to *Gabi, A Girl in Pieces*, she has also written a chapter book series for young readers, *Ugly Cat and Pablo* (Scholastic, Inc.), a non-fiction YA graphic biography, *Photographic: The Life of Graciela Iturbide* (Getty Publications, 2018), which received the Boston Globe Horn Book Award, and most recently, a picture book, *My Papi Has a Motorcycle* (Kokila, 2019). Isabel also writes poetry and essays. Her work can be found in *The Normal School*, *Huizache*, *The Acentos Review*, *As/Us Journal*, *The James Franco Review*, and other publications.
