The Aquariums of Pyongyang - Kang Chol-Hwan
2012-12-01

'I beseech you to read this account' - Christopher Hitchens A magnificent, harrowing testimony to the voiceless victims of North Korea. Kang Chol-Hwan is the first survivor of a North Korean concentration camp to escape the 'hermit kingdom' and tell his story to the world. This memoir reveals the human suffering in his camp, with its forced labour, frequent public executions and near-starvation rations. Kang eventually escaped to South Korea via China to give testimony to the hardships and atrocities that constitute the lives of the thousands of

people still detained in the gulags today. Part horror story, part historical document, part memoir, part political tract, this story of one young man's personal suffering finally gives eye-witness proof to this neglected chapter of modern history.

The Orphan Master's Son - Adam Johnson
2012

The son of an influential father who runs an orphan work camp, Pak Jun Do rises to prominence using instinctive talents and eventually becomes a professional kidnapper and romantic rival to Kim Jong Il. Citizens of our beloved Democratic Republic of North Korea!

In Order To Live A North Korean Girls Journey To Freedom

Imagine the life of an orphan boy plucked from nowhere to be trained as a tunnel assassin, a kidnapper, a spy. He has no father but the State, no sweetheart but Sun Moon, the greatest opera star who ever lived, whose face is tattooed on his chest. Imagine he lives in our very own country, a model of exemplary Communism. A nation that is the envy of the world, especially the Americans. Where the only stories people need to hear are those blasting out of loudspeakers to the glory of our dear Leader, Kim Jong il. Citizens! Who is this individual? What is his story? Pak Jun Do is his name: wrestler of sharks, envoy to Texan barbecues, imposter extraordinaire, whose tale has only come to light through the talents and stamina of our most patriotic interrogators.

The Great Leader and the Fighter Pilot - Blaine Harden 2016-04-07

A non-fiction thriller by international bestselling author Blaine Harden (Escape from Camp 14) that explores the worlds most repressive state through the intertwined lives of two North

Koreans, one infamous, one obscure: Kim Il Sung, the former North Korean leader and No Kum Sok, once the state's youngest jet fighter pilot. Shortly before the Korean War ended, No Kum Sok met Kim Il Sung, who congratulated him for his flying skill and his courage. A few months later, No Kum Sok stole a Soviet-made MiG-15 and flew it to a US airfield in South Korea. Beginning with the arbitrary division of Korea in 1945 and ending two months after the shaky armistice that halted combat in the Korean War, *The Great Leader & the Fighter Pilot* is an ambitious and gripping book which digs deeply into the character of the Kim family dictatorship. At once an irresistible adventure story and an authoritative guide to the notorious state, it explains why North Korea remains so isolated, why it created and maintains a vast gulag of concentration camps, and why it is still so angry at the western world.

born in North Korea, and that I escaped from North Korea.' Yeonmi Park was not dreaming of freedom when she escaped from North Korea. She didn't even know what it meant to be free. All she knew was that she was running for her life, that if she and her family stayed behind they would die - from starvation, or disease, or even execution. This book is the story of Park's struggle to survive in the darkest, most repressive country on earth; her harrowing escape through China's underworld of smugglers and human traffickers; and then her escape from China across the Gobi desert to Mongolia, with only the stars to guide her way, and from there to South Korea and at last to freedom; and finally her emergence as a leading human rights activist - all before her 21st birthday. Dear Leader - Jang Jin-Sung 2015-02-02
SUNDAY TIMES TOP 10 BESTSELLER *Dear Leader* contains astonishing new insights about North Korea which could only be revealed by someone working high up in the regime. It is also the gripping story of how a member of the inner circle of this enigmatic country became its most courageous, outspoken critic. Jang Jin-sung held one of the most senior ranks in North Korea's propaganda machine, helping tighten the regime's grip over its people. Among his tasks were developing the founding myth of North Korea, posing undercover as a South Korean intellectual and writing epic poems in support of the dictator, Kim Jong-il. Young and ambitious, his patriotic work secured him a bizarre audience with Kim Jong-il himself, thus granting him special status as one of the 'Admitted'. This meant special food provisions, a travel pass and immunity from prosecution and harm. He was privy to state secrets, including

military and diplomatic policies, how the devastating 'Scrutiny' was effected, and the real position of one of the country's most powerful, elusive men, Im Tong-ok. Because he was praised by the Dear Leader himself, he had every reason to feel satisfied with his lot and safe. Yet he could not ignore his conscience, or the disparity between his life and that of those he saw starving on the street. After breaking security rules, Jang Jin-sung, together with a close friend, was forced to flee for his life: away from lies and deceit, towards truth and freedom.

A work of fiction that takes inspiration from the life of Kalki, the idea of Kaliyug and other Mahabharata and Ramayan references.

Dear Leader - Jang Jin-sung 2015-01-27

"In this rare insider's view into contemporary North Korea, a high-ranking counterintelligence agent describes his life as a former poet laureate to Kim Jong-il and his breathtaking escape to freedom. "The General will now enter the room."

Everyone turns to stone. Not moving my head, I direct my eyes to a point halfway up the archway where Kim Jong-il's face will soon appear... As North Korea's State Poet Laureate, Jang Jin-sung led a charmed life. With food provisions (even as the country suffered through its great famine), a travel pass, access to strictly censored information, and audiences with Kim Jong-il himself, his life in Pyongyang seemed safe and secure. But this privileged existence was about to be shattered. When a strictly forbidden magazine he lent to a friend goes missing, Jang Jin-sung must flee for his life. Never before has a member of the elite described the inner workings of this totalitarian state and its propaganda machine. An astonishing expose; told through the heart-stopping story of Jang Jin-sung's escape to South Korea, Dear Leader is a rare and unprecedented insight into the world's most secretive and repressive regime"--

North Korea Confidential - Daniel Tudor

2015-04-14

Named one of the best books of 2015 by The Economist Private Markets, Fashion Trends, Prison Camps, Dissenters and Defectors. North Korea is one of the most troubled societies on earth. The country's 24 million people live under a violent dictatorship led by a single family, which relentlessly pursues the development of nuclear arms, which periodically incites risky military clashes with the larger, richer, liberal South, and which forces each and every person to play a role in the "theater state" even as it pays little more than lip service to the wellbeing of the overwhelming majority. With this deeply anachronistic system eventually failed in the

1990s, it triggered a famine that decimated the countryside and obliterated the lives of many hundreds of thousands of people. However, it also changed life forever for those who survived. A lawless form of marketization came to replace the iron rice bowl of work in state companies, and the Orwellian mind control of the Korean Workers' Party was replaced for many by dreams of trade and profit. A new North Korea Society was born from the horrors of the era--one that is more susceptible to outside information than ever before with the advent of k-pop and video-carrying USB sticks. This is the North Korean society that is described in this book. In seven fascinating chapters, the authors explore what life is actually like in modern North Korea today for the ordinary "man and woman on the street." They interview experts and tap a broad variety of sources to bring a startling new insider's view of North Korean society--from members of Pyongyang's ruling families to defectors from different periods and regions, to

A Thousand Miles to Freedom - Eunsun Kim
2015-07-21

Eunsun Kim was born in North Korea, one of the most secretive and oppressive countries in the modern world. As a child Eunsun loved her country...despite her school field trips to public executions, daily self-criticism sessions, and the increasing gnaw of hunger as the country-wide famine escalated. By the time she was eleven years old, Eunsun's father and grandparents had died of starvation, and Eunsun was in danger of the same. Finally, her mother decided to escape North Korea with Eunsun and her sister, not knowing that they were embarking on a journey

that would take them nine long years to complete. Before finally reaching South Korea and freedom, Eunsun and her family would live homeless, fall into the hands of Chinese human traffickers, survive a North Korean labor camp, and cross the deserts of Mongolia on foot. Now, Eunsun is sharing her remarkable story to give voice to the tens of millions of North Koreans still suffering in silence. Told with grace and courage, her memoir is a riveting exposé of North Korea's totalitarian regime and, ultimately, a testament to the strength and resilience of the human spirit.

stumbled over dead bodies in the street and ate tree bark to survive. Nothing to Envy weaves together the stories of adversity and resilience of six residents of Chongin, North Korea's third largest city. From extensive interviews and with tenacious investigative work, Barbara Demick has recreated the concerns, culture and lifestyles of North Korean citizens in a gripping narrative, and vividly reconstructed the inner workings of this extraordinary and secretive country.

Speechless - Michael Knowles 2021-06-22

""Political correctness' has taken politeness and turned it into a weapon of censorship and intimidation. In the workplace, on social media, and even at the dinner table, Americans are confronted daily with a laundry list of words they're 'not allowed' to say--and that list is updated constantly and without warning. How did so absurd a concept become so dangerous--and come to dominate our public discourse over the last quarter-century? [This book]...traces the

history and effects of political correctness from the early twentieth century to the present, revealing its insidious roots, exposing the power-hungry language architects behind its ever-growing control, and examining what this concerted manipulation of speech means for the future of American culture, politics, and minds"--Publisher.

Escape from Camp 14 - Blaine Harden

'This is a story unlike any other' - Barbara Demick, author of *Nothing to Envy: Ordinary Lives in North Korea*. Now a major documentary film. Twenty-seven years ago, Shin Dong-hyuk was born inside Camp 14, one of five sprawling political prisons in the mountains of North Korea. Located about fifty-five miles north of Pyongyang, the labor camp is a 'complete control district,' a no-exit prison where the only sentence is life. No one born in Camp 14 or in any North Korean political prison camp has escaped. No one except Shin. This is his story. A

While Time Remains - Yeonmi Park 2023-02-14
NATIONAL BESTSELLER The North Korean defector, human rights advocate, and bestselling author of *In Order to Live* sounds the alarm on the culture wars, identity politics, and authoritarian tendencies tearing America apart. After defecting from North Korea, Yeonmi Park found liberty and freedom in America. But she also found a chilling crackdown on self-expression and thought that reminded her of the brutal regime she risked her life to escape. When she spoke out about the mass political indoctrination she saw around her in the United States, Park faced censorship and even death threats. In *While Time Remains*, Park highlights the dangerous hypocrisies, mob tactics, and

authoritarian tendencies that speak in the name of wokeness and social justice. No one is spared in her eye-opening account, including the elites who claim to care for the poor and working classes but turn their backs on anyone who dares to think independently. Park arrived in America eight years ago with no preconceptions, no political aims, and no partisan agenda. With urgency and unique insight, the bestselling author and human rights activist reminds us of the fragility of freedom, and what we must do to preserve it.

years. What happens when you travel to a place where even basic truths are ambiguous? Where sometimes you can't trust your own eyes or feelings? Where the divide between real and imagined is never clear? For two years, Lindsey Miller lived in North Korea, long regarded as one of the most closed societies on earth. As one of Pyongyang's small community of resident foreigners, Lindsey was granted remarkable freedoms to experience the country without government minders. She had a front row seat as North Korea shot into the headlines during an unprecedented period of military tension with the US and the subsequent historic Singapore Summit. However, it was the connection with individuals and their families, and the day-to-day reality of control and repression, that delivered the real revelations of North Korean life, and which left Lindsey utterly changed from the woman who had nervously disembarked from her plane onto an empty runway just two years before. This is her extraordinary photographic

account, a testament to the hidden humanity of North Korea. 'There was much of the North Koreans and their way of life that I liked and admired, and Lindsey Miller's book brought back those positive feelings. And if we don't acknowledge those we will never begin to understand the country.' Michael Palin Please note this is a fixed-format ebook with colour images and may not be well-suited for older e-readers.

In Order To Live A North Korean Girls Journey To Freedom

—Publishers Weekly In *In Order to Live*, Yeonmi Park shines a light not just into the darkest corners of life in North Korea, describing the deprivation and deception she endured and which millions of North Korean people continue to endure to this day, but also onto her own most painful and difficult memories. She tells with bravery and dignity for the first time the story of how she and her mother were betrayed and sold into sexual slavery in China and forced to suffer terrible psychological and physical hardship

before they finally made their way to Seoul, South Korea—and to freedom. Park confronts her past with a startling resilience. In spite of everything, she has never stopped being proud of where she is from, and never stopped striving for a better life. Indeed, today she is a human rights activist working determinedly to bring attention to the oppression taking place in her home country. Park’s testimony is heartbreaking and unimaginable, but never without hope. This is the human spirit at its most indomitable.
